Mr. Jules Gobeil,
Baie Ste. Paul,
Charlevoix Co., P. Q.

Dear Mr. Gobeil:

I have your letter and am personally getting in touch with several people with the idea of meeting your wishes regarding your son. I do not think anything better can be done for this country than just what you are trying to do. Your son will find there is nothing in the world in the way of a hostile or ungenerous attitude to French-Canadians in the City of Toronto. There is, indeed, quite the contrary. At the same time, he cannot be treated better than young English-Canadians are treated who go for similar purposes to the Province of Quebec.

Yours very truly,

AM/E.
