THE DAILY SUN 

— AND —
 **THE WEEKLY SUN.**

Published by THE SUN PRINTING COMPANY, Ltd., are the two leading papers in New Brunswick.

The Sun, having more paid correspondents than any other Maritime Province newspaper, is in a position to give the news from all points more promptly than other papers. Also, having the only Mergenthaler Type-casting Machines east of Montreal, the Sun being printed from new type every day, has a bright and fresh appearance not seen in papers printed from common type.

 **SUBSCRIBE FOR**
