(Model 81)

## Electrically Started and Lighted

**T**HIS is the first car of its size, capacity, power and electrical equipment to sell below \$1,385.

Though the price is lower than ever, the quality is maintained throughout. All materials, metals and workmanship are of the very best.

This newest Overland has the genuine fashionable stream-line body design.

The body color is Brewster green—always so rich and attractive. It is neatly trimmed with fine hair-line striping of ivory white.

The electric starting and electric lighting equipment is one of the most reliable and best established on the market.

There is also a high tension magneto which is independent of the starting and lighting system, and requires no dry cells.

This car rides just like it looks—beautifully. The new, long, improved underslung rear springs give maximum riding comfort under all conditions.

Tires are 33" x 4" all around. Never before has a car at this price come equipped with such large tires.

It seats five adults comfortably, without crowding. It is a big, spacious five-passenger touring car.

It has the famous Overland 30 h.-p. motor of remarkable strength, speed, durability and economy, developing more power than you will ever require.

This car at this price is destined to be known as the greatest motor car achievement of the season.

Orders are now being taken for immediate delivery.

Following are a few of the many high-grade features:

- 30 h.-p. motor
- Stream-line body
- Ample room for 5 passengers
