

"I feel much stronger and better in every way."

This is what a man in Ladysmith, B. C.,

March 10th, 1905.
Dear Sir,—It is with pleasure that I now write a few lines to let you know how well I think of your Belt. It is all that anyone could desire. I have given it a fair trial. I have followed your directions closely, and I feel much stronger and better in every way. I am telling all my friends of the good that I have received from its use.
Yours truly,
CHAS. B. ROBELECO, Ladysmith, B.C.

DR. MACDONALD:

To prove that I will cure you, I let you wear this marvellous Belt for 30 days. This means that in many cases you will be cured before you pay me a cent. It shows that I am in earnest when I say I can cure you.

DR. J. Q. MACDONALD, 8 Bleury Street, MONTREAL, QUE.

who was suffering from one of those so-called incurable diseases—diseases that are incurable by drugs and the old methods—writes to us. He obtained one of Dr. Macdonald's Electric Belts, and is now almost as well as ever he was. Why don't you follow his example? Write now, stating your case. If you are suffering from Rheumatism, Bladder Trouble, Epilepsy, Nervous Debility, Constipation, Indigestion, Lamé Back, Impotence, etc., do not hesitate any longer. Do not take any more useless drugs. Remember, I guarantee to cure you. I have never yet failed with any case that I have taken up. My Belt contains a certain specific quality of Electricity, which is more beneficial to your system than any other. By means of the belt this is poured into the system, and disease and weakness cannot resist its overwhelming healing force. It will cure you permanently. It will give you back your native vigor of body and mind—it will replenish your stock of health and strength.

I have a book giving valuable information about disease and weakness. It should be in the hands of everyone. It is free. Write for it now.

DORSET HORN SHEEP and SCOTCH SHORTHORNS

The latter representing the Nonpareil, Miss Ramsden, Missie and Gloster families exclusively, and the former comprising more Royal winners and more St. Louis prizewinners than any other flock in the world. Stock for sale always on hand.

JOHN A. MCGILLIVRAY, North Toronto, Ontario.

LEICESTERS

We have for sale some good Leicesters. 1 two-shear ram, shearing and some good ram lambs, two-shear ewes, shearing and ewe lambs, all bred from imp. stock.

DUNNETT BROS., Clanbrassill, Ont.

Gossip.

Katherine—I wonder who wrote the poem, "Down in a Coal Mine"? Madeline—One of the minor poets, I suppose.

While in the vicinity of Midland, Ont., a few days ago, we called on the Georgian Bay Engineering Works Co., manufacturers of gas and gasoline engines, and were informed by the manager that the demand for their engines for farm-power purposes was greater than their present facilities were capable of filling. They were, therefore, making extensive improvements, which, when completed, will enable them to fill all orders on the shortest possible notice. The engines built by this firm are giving universal satisfaction, being very strongly and compactly built, and, withal, very simple in construction. They take up very little room; run at the lowest possible cost, and require practically no looking after, which makes them an ideal power for the general farmer, or for light manufacturing purposes. They also informed us that the "Farmer's Advocate," as an advertising medium for their purposes, had no competitor. For full information about their engines address Georgian Bay Engineering Works, Midland, Ont.

Among the enterprising young stockmen and farmers of Kent Co., Ont., is Walter Bennett, of Chatham, who has on hand at present a herd of 25 head of registered Hereford cattle. The foundation of the herd was laid by purchase of some of the best from the leading herds in Canada, viz., O'Neill's, Hunter's and H. D. Smith's, of Compton, Que., the present stock bull being Ingleside Duke 2nd from the Quebec herd, who is the sire of a couple of choice bull calves that will soon be ready for service. They are naturally thick-fleshed, and give every appearance of developing into good ones. The heifers are also a very creditable lot, straight and smooth without undue fleshiness. Mr. Bennett does not believe in pampering his stock, and as he has not yet launched into the show business, he has not found it necessary to keep his stuff heavily loaded, as is necessary with show stock. The breeding of his herd compares favorably with the best in the land. Mr. Bennett invites all intending purchasers to give him a call, and be convinced that he is offering choice goods worth the money. See his advertisement in this issue of the "Farmer's Advocate."

The St. Lambert Jersey herd, owned by Mr. Thompson Porter, of Carleton Place, near Toronto Junction, number about 65 head, mostly registered, and of the St. Lambert strain, and are in prime condition to perform the work expected of them, viz., to produce cream in paying quantities. One of the lot Mr. Porter pointed out to the writer, saying she would give a gallon of 25% cream in one day; also that ten of the cows, several of which are heifers, will average 40 lbs. of milk per day. Daisy of St. Lambert has, it is said, given 40 lbs. a day at 2 years old. This is a strong dairy heifer, that would show well if she came in at the right time, which she unfortunately does not. Rieter's Patti, the first-prize calf of last year, has gone along splendidly, and should give a good account of herself again. Edna of St. Lambert has a heifer calf that will also stand some beating. She is almost perfect in dairy conformation. The young stock is mostly by Rieter's Pogis, and are a strong-constituted lot, well developed along dairy lines. The young bull, St. Lambert's Joe, now heads the herd. He is a half-brother to Rieter's Patti, the first-prize heifer above referred to, and is quite the equal of her, being well proportioned, deep ribbed, and long in the quarters. The cows in this herd are larger than average Jerseys, which in itself is commendable. There are three young bulls nearly ready for service from heavy-milking dams, that Mr. Porter wishes to dispose of. See the exhibit from this herd at Toronto Exhibition, in their ordinary everyday garb.

CURES

Dysentery, Diarrhoea, Cramps, Colic, Pains in the Stomach, Cholera, Cholera Morbus, Cholera Infantum, Sea Sickness, Summer Complaint, and all Fluxes of the Bowels.

Has been in use for nearly 60 years and has never failed to give relief.

FAIRVIEW, SHROPSHIRE

Have retired from showing at fall fairs. 2 years and over show ewes, ONLY now offered. For 22 years won more firsts than all competitors. At St. Louis won more than any three flocks. At last International won 9 of 14 firsts offered. Including champion ram and reserve to same. All making the greatest winnings on record. Have now the best breeding stock ever offered. Who want good ones to strengthen their flocks?
