

THE "NORTHEY" PORTABLE Gasoline Threshing Engine

This arrangement makes the neatest, strongest, most effective and economical THRESHING ENGINE yet placed before the farming community. The truck is strongly built, of the highest class materials—will stand any amount of strain on rough roads, and always being ready on waiting around to get start and manage it—neer, fire, boiler, dirt, etc.—and its action is run for hours at a time after. Absolutely safe and expenses very exact proportion to

What Mr. Robt. Darling, Stuartburn, Man., writes us: "I have thoroughly tested the PORTABLE GASOLINE ENGINE No. 379 which I purchased from you some time ago. Have run a 23-inch circular saw, and it has given good satisfaction and runs splendidly. I cannot say too much about the 'LITTLE GIANT,' as I call it: it seems so neat and so strong. Many come to see it start, and every one has praised it and thinks it cannot be beaten. The engine runs my thresher to perfection—lots of power and regular speed, so necessary for a thresher. Yours truly, ROBT. DARLING."

SEND FOR ILLUSTRATED BOOKLET, WITH TESTIMONIALS—FREE. THE NORTHEY CO., LTD., 963 KING ST. SUBWAY, TORONTO, CAN.
