

Was all Crippled With Rheumatism

Could Scarcely Walk, But the Pains and Aches Have Entirely Disappeared, Thanks to

DR. CHASE'S KIDNEY-LIVER PILLS.

The kidneys, after all, are responsible for rheumatism as well as most of the other pains and aches of the body, and lasting cure can only be obtained when the kidneys are set right.

Dr. Chase's Kidney-Liver Pills are the most popular and successful kidney medicine of the day, because they act promptly, and are of lasting benefit.

Mr. Charles Merrish, Dorchester Station, Middlesex County, Ont., writes: "I desire to acknowledge to you the benefit I have received from Dr. Chase's Kidney-Liver Pills. For about twelve months I could hardly walk, on account of being so crippled up with kidney derangement and rheumatism.

"I had tried many medicines without benefit, and hearing of many being cured by using Dr. Chase's Kidney-Liver Pills, I made up my mind to give them a trial. After having taken six boxes of this medicine in succession, I can truly say that I am in better health to-day than I have been for twenty years. The rheumatism pains have entirely disappeared, and I am well and hearty. As I am nearly seventy years of age, I consider my cure remarkable, and give all credit to Dr. Chase's Kidney-Liver Pills."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c. a box, at all dealers, or Edmanson, Bates & Co., Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous recipe-book author, are on every box.

TRADE NOTES.

The Royal Commission on Horse-breeding in Great Britain has suggested that no prizes should be given to any horse unless the exhibitor was able to produce a certificate that the sire had been found to be sound by a competent veterinary surgeon. [A progressive move of this sort could afford to be introduced by our provincial departments of agriculture refusing permission to other than sound, pure-bred, registered stallions, the right to travel the country for hire.—Ed.]

The Scottish Farmer, of recent date, under heading, "Cattle for Northwest Territories" (1), makes mention of ten Shorthorns and four Aberdeen-Angus cattle being shipped from Glasgow for John Graham, of Carberry, Man. Included in the bunch is a yearling bull, by Lord Roseberry's Villager, and a roan grandson of Cornelius. The shipment also includes three Yorkshires from Dalmeny, as well as two collie pups.

The Ayrshire herd belonging to the estate of the late Mr. W. W. Ogilvie, under the able management of Mr. Robt. Hunter, at the Rapids Farm, at Lachine Rapids, Que., quite convenient to the city of Montreal, is looking exceedingly well this spring, having come through the severe winter in excellent form. The herd, numbering at present 85 head, is headed by three superior imported bulls, viz.: Douglassdale, bred by Mr. McKinley, of Hillhouse, Lanarkshire, Scotland, well known as a championship winner at leading shows in Scotland and America, including the Pan-American, and is the sire of many noted winners. Although now in his seventh year, he is still hale and hearty, with every appearance of several years of usefulness in the herd; Black Prince of Whitehill, bred by Mr. Robt. Woodburn, of Ayrshire, Scotland, has now to his credit the sweepstakes at both Toronto and Ottawa in 1903, and we expect he will be heard from again this year along the same line. Royal Warrant, rising two years, the junior stock bull, was bred by Robt. Montgomery, of Lessnessock, Scotland, and if the record of his sire and dam count for anything—and judging from the appearance of this chap, we think it certainly does—it is expected that he will give a good account of himself, and his appearance also warrants the expectation. His sire was Rare Style, and his dam Lilly of the Vale of Lessnessock, both champion winners in Scotland in their day. With three such bulls, as above mentioned, and such a strong string of females as Mr. Ogilvie has in stock, we would be surprised if the offspring was anything but first-class. The cows here are large, roomy, heavy-bodied, with well-developed udders and large teats, combining fashionable show-yard conformation, and milk and butter production to a very large degree. This firm has not made a specialty of testing, any further than by discarding anything that does not come up to a high standard. Mayflower, an imported cow, has given her owner 75 lbs. of 4.8 per cent. milk in a day, under normal conditions, and she is a very persistent milker, having milked three years without going dry. Several of the old show-yard winners that are past that stage are doing excellent service in producing young stock of a high order. Mr. Hunter, the manager, reports trade good, considering the blocked condition of the railroads, etc., and he attributes their success in the matter of sales largely to their advertisement in the "Farmer's Advocate."

CAUSTIC BALSAM GIVES WONDERFUL RESULTS.

Berlin, Ont., March 22nd, 1904. The Lawrence Williams Co., Cleveland, Ohio:

Dear Sirs: I have been using several bottles of Gambault's Caustic Balsam, and found wonderful results. I have been getting it from an agent in Florida, but now I have moved to Berlin, which makes it rather inconvenient.

Kindly send me full information in regard to agency, as nearly all who care to use it would want a bottle of it.

Yours truly,
M. S. STROME.
