Here is my heart !- surely the gift, tho' My God will not despise; Vainly and long I sought to make it pure To meet thy searching eyes; Corrupted first in Adam's fall, The stains of sin pollute it all-My guilty heart !

Here is my heart !- my heart so hard before, Now by thy grace made meet; Yet bruised and wearied, it can only pour Its anguish at thy feet It groans beneath the weight of sin It sighs salvation's joy to win-My mourning heart

Here is my heart !- in Christ its longings end, Near to his Cross it draws : It says, "Thou art my portion, O, my Friend Thy blood my ransom was." And in the Saviour it has found What blessedness and peace abound-My trusting heart!

Here is my heart !- ah! Holy Spirit, come. Its nature to renew, And consecrate it wholly as thy home. A temple fair and true. Teach it to love and serve Thee more, To fear Thee, trust Thee, and adore-

My cleansed heart!

My waiting heart!

Here is my heart !-- it trembles to draw near The glory of Thy throne: Give it the shining robe Thy servants wear, Of righteousness thine own: Its pride and folly chase away. And all its vanity, I pray-

My humbled heart. In gladness unto Thee: And in the day of sorrow still to sing "Welcome my Lord's decree," Believing, all its journey through, That Thou art wise, and just and true-

Here is my heart !- O Friend of friends, be near, To make each tempter fly. And when my latest foe I wait with fear, Give me the victory! Gladly on thy love reposing, Let me say, when life is closing-Here is my heart

Kate and the Goat.

Little Kate had many friends, and was generally good-natured child; but she had a great fault, which sometimes got her into trouble: she was very stubborn. One day she had to cross a stream of water, on a plank which served as a foot-bridge; but just as as foot-bridge; but just as as got on end, a goat stepped on the other. Now, Kate resolved that she would not give up to a goat; so they met on the middle of the plank, and stood still for a few minutes, looking at all stood still for a few minutes, looking at all stood still for a few minutes, looking at all stood still for a few minutes, looking at all stood still for a few minutes, looking at all stood still for a few minutes, looking at all stood still for a few minutes, looking at all stood still for a few minutes, looking at all stood still for a few minutes, looking at all stood still for a few minutes, looking at all stood still for a few minutes, looking at all stood still for a few minutes, looking at all stood still for a few minutes, looking at all stood still for a few minutes, looking at a feet of the stood of the stood of the stood and on turn back: so, and the most constituted and the stood at the politics of the stood of t each other. Stock Pays all the Time.

"The heading of this article," says the Valley Farmer, "was the remark of an old farmer the other day while deploring the failure of his wheat crop. One year the wheat fails, another 200 doz. Pickles, Sauces, Jams and Jellies, Fluor, Meal, Rice and Barley, Baking Powder, Soda, year the corn; but, says he, "Stock pays all the Lemon and Citron, 100 tins English Fancy Biscuits, time." He moreover remarked, that the farmers who early give their attention to stock raising had gone right along without setbacks, and had outstripped the grain-growers.

There is, no doubt, much truth in the man's remark. Stock is the surest and most remunerative; but in thickly settled regions it is better and safer to divide the interest between Nov. the two. The two assist each other and improve the farm. Waste straw and offal of the grain Here is my heart !--teach it, O Lord, to cling crop, will go far to feed the stock, while the waste and offal of the stock will go far in fertilizing the soil and improving its capacity for productiveness. The strength of the soil is a greater desideratum with the farmer. The soil is his mine of wealth, his treasury, his bank of deposit. He must keep it good, or his paper is protested; his reputation as a farmer is honored.

It is well to keep a variety of stock, as as to raise a variety of grain crops. JUDSON'S Mountain Herb Pills.

ABOVE, we present you with a perfect likeness of Tennoo, a chief of a tribe of the strange Artee Nation, that once ruled Mexico. You will find a full account of him and his people in our Pamphlets and Almanacs—to be had gratis, from the Agents for these Fills. The javentor and manufacturer of "Judeoo's Mountain Herb Fills," has spent the greater part of his life in traveling, having visited nearly every country in the world. He spent over six years among the Indians of the Rocky Mountains and of Mexico, and it was thus that the "MOGATAIN HERD FILLS," were discovered. A very interesting account of his adventures there, you will find it our Almanac and Pamphlet.

It is an established fact, that all diseases arise from

IMPURE BLOOD: The blood is the life I and when any foreign or unhoaltly matter gets mixed with it, it is at once distributed to every organ of the body. Every merre feels the poison, and all the vital organs quickly complain. The stomach will not digest the food perfectly. The liver ceases to secrete a sufficiency of bile. The action of the heart is weakened, and so the circulation is feeble. The lungs become clogged with the poisonous matter; hence, a cough—and all from a slight impurity at the fountainhead of life—the Blood I As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet, in a few minutes the whole course of the stream becomes disturbed and discolored. As quickly does impure blood fly to every part, and leave its sting behind. AYER'S CATHARTIC PILLS. Are you sick, feeble, and

Are you sick, needed, and complaining? Are you out of order, with your system de-ranged, and your feelings un-comfortable? These symp-toms are often the prelude to serious illness. Some fit of serious libess. Some it of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous ac-

the obstructions which make disease. A cold settles somewhere in the body, and ob-structs its natural functions. These, if not relieved, eact upon themselves and the surrounding organs, prostructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the broyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect spels them. Caused by similar obstructions and derangements of the natural functions of the

Dr. Aver. Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and her heir. After our child was cured, she also tried your Pills, and they have cured her.

Dear Bro. Aver.: I cannot answer you what complaints have cured with your Pills better than to say all that we I have cured with your Pills better than to say-oil that we ear treat with a purpative medicine. I place great depen-dence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly. Not only are your Pills admirably adapted to their purpose as an aportent, but I find their beneficial effects upon the Liter very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than sky one remody I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Siz: I have used your Fills in my general and hospital practice ever since you made them, and cannot hesilate to say they are the best cathertic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of this organ. Indeed, I have seldom found a case of billous disease so obstitute that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

Physician of the Marine Hospital.

Dysentery, Diarrhaa, Relaz, Worms. Your Pills have had a long trial in my practice, and I hold them in eateem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for billions dysenfers and distance. Their sugar-conting makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood. Prota Rev. J. V Himes, Pusior of Advent Church, Boston.

Da. ATER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the bood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Too much cannot be said of your Pills for the cure of conticeness. If others of our fraternish have found them as efficacions as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe confirmates to originate in the liver, but your Pills affect that organ and cure the disease. From Mrs. E. Stuart, Physician and Midwife, Boston.

HONORED Sin: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excretaing nearestype pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

In the use of them, I am now entirely west.
