

RULE FOR FRETTERS.

A little girl had been visiting me who was a fretter. She fretted when it rained and fretted when it shone. She fretted when little girls came to see her, and she fretted when they did not. It is dreadful to be a fretter. A fretter is troublesome to herself and troublesome to her friends. We, to be sure, have our trials; but fretting does not help us to bear or get rid of them.

I have lately come across a short rule for fretters which they shall have. Here it is: "Never fret about what you can't help, because it won't do you any good. Never fret about what you can help, because if you can help it do so." Say this when you get up in the morning, say it at noon, say it at night; and not only say, but do; and that will be, do not fret at all—a fine doing.

The only right way of getting along is not to wish ourselves somebody else, and fret ourselves because we are not, but contentedly bear our lot, and be satisfied with what God has given us.

V. Edmanson, of Bradford, writes:—Burdock Blood Bitters is an excellent preparation, gives entire satisfaction, and sales increasing every day, it sells now on its merits. Burdock Blood Bitters cures Scrofula, Liver Complaint, Dyspepsia, and Kidney Complaints, in their worst form.

FREEHOLD INSTITUTE is one of the most thorough schools in the country. The present Principal has been in charge 14 years, and knows how to educate boys for college or for business. Many Colleges admit his graduates without examination. Among its numerous prominent patrons we find Stanley Matthews, Judge of the Supreme Court; Murat Halstead, editor of Cincinnati Commercial; E. A. Ferguson, president Cincinnati Southern R. R.; D. T. Campbell, New Orleans.

HONORED AND BLEST.—When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were skeptical; but proof of its merits by actual trial has dispelled all doubt, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.—Democrat.

NEW INVENTION.—On the sixth of March last I obtained a patent in Canada, for changing common windows to Bay Windows. The invention is also patented in the United States, and is having a large sale in every State. I have sold twenty-two counties in Canada, and offer the remainder for sale, or will take a partner; the right man with \$200 capital can secure the management and an interest in the business. Canadian references given.—Address, W. S. Garrison Cedar Falls, Iowa, U. S. A.

ROWDYISM in public pleasure-grounds in the vicinity of the city, will receive a very wholesome check through the action taken by the management of the Victoria Park and Steamer, who have had their employees sworn in as special constables. This assures quiet enjoyment to visitors; other public places should follow this excellent example, and the vagabond element would disappear. The favourite steamer "Queen Victoria" has received a thorough overhaul, and we wish her and the spirited managers of the Park every success in their endeavor to win public patronage.

NEW INVENTION. GARRISON'S

ARTISTIC BAY WINDOW

Or Common Windows Changed to Bay Windows. New in Theory, New in Principle, New in Application. The Latest Architectural Idea. Universally Endorsed. Exceedingly Popular, and Selling Rapidly.

THIS great building improvement is becoming very popular wherever introduced. It adds greatly to the comfort and appearance of new buildings and makes old buildings have the appearance of modern ones. It is very ornamental. Makes rooms cooler in summer and warmer in winter. Creates a circulation of the air and keeps the heat of the sun from the room. The old blinds are used as part of the improvement. No change made in the glass or sash. Carpenters and Builders that want to make from \$20 to \$200 per day instead of the regular wages, will find it just the thing. Parties with Means looking for a business that pays largely can purchase 10 to 20 counties and sell out by counties to carpenters and builders or realize a steady income from royalty. I employ no Agents but sell territory in quantities at low prices, so that the profits are very large, in some cases exceeding \$500 per month. I furnish models and drawings to purchasers and give full instructions. It is not necessary to be a carpenter to sell territory. Send stamp for circulars, engravings and terms. I make easy terms with carpenters on first county to introduce it. No postals answered. Canada for sale (patented March 6, 1882). I refer to the proprietor of this paper and to the leading merchants of Cedar Falls, Iowa. Address with stamp.
