

Rose Comb Rhode Island Reds—Are in every way the same as their Single Comb cousins, except comb. Their combs are low down and frost proof. Rhode Island Reds are pushing to the front as a popular variety and they deserve it, as few other breeds equal them as a general purpose fowl. The color of plumage is a dark red, tails and wings edged with black. They are good egg producers of large brown eggs. They are very hardy, bear confinement well, but make good foragers if allowed to roam, and for a market fowl they are unsurpassed. They make good setters and careful mothers, very seldom breaking an egg.

Barred Plymouth Rocks—For a general purpose fowl are far in the lead. Their plumage is a beautiful blue barred. They have good size, bright yellow legs; are accustomed to any locality, whether the climate be hot or cold; are the best layers and are hardy and vigorous. The hens make good mothers, and the chicks grow and fatten quickly for market.

World's Best

That is a title which can justly be applied to the

Famous Prize Winning Poultry

which The Guide is distributing free, and transportation charges prepaid, among Guide readers.

This Poultry is being offered in the four most popular breeds, namely:—**Barred Plymouth Rocks, White Wyandottes, Buff Orpingtons and Rose Comb Rhode Island Reds.** The eggs which produced our **Famous Prize Winning Poultry** were secured from poultry men who have carried off prizes at the world's big poultry shows. These eggs cost The Guide \$65.00 per hundred. They were hatched under The Guide's supervision and the result is that we are offering our readers the very best poultry stock that can be secured anywhere. There is no doubt that the progeny of this stock will bring fancy prices. These prizes are offered to any Guide reader who will assist us by collecting only a few new or renewal yearly subscriptions to The Guide.

PROMPT ACTION NECESSARY

The Guide has only a limited number of these birds and there is certain to be a very large demand for them, as it would be impossible to secure birds of the same class without going to one of the big dealers and paying a very high price. Those who answer this advertisement first will have this **Famous Prize Winning Poultry** put within their reach for only a few hours' work, but it will be necessary for them to act now. Write your name and address plainly on the coupon below, mail to The Guide office, and we will send you our poultry folder which illustrates and describes fully this **Famous Prize Winning Poultry**. The folder also gives particulars of some other splendid poultry prizes and contains full information as to how you may secure them. Mail your coupon—**TODAY.**

COUPON

The Grain Growers' Guide,
Winnipeg.

Feb. 14, 1917

Gentlemen:—Please send me your illustrated poultry folder as I would like to earn some of your famous prize winning or pure bred poultry.

Name

P. O. Prov.

The **White Wyandottes** are large size, strong birds, bear confinement well, mature early, are easily raised and, in short, they are one of the best all-purpose fowls raised. Their strong points being that they possess as fine plumage as has been produced in any buff variety, are the largest of any clean-legged birds, and hold the highest egg-laying records of any breed, as proven by tests.

White Wyandottes—Are pure snow-white in color. They are very easy to breed true in color, as there are very seldom any culs when hatched from eggs produced by first class mating. As egg producers they are surety & success. The **White Wyandottes** mature very quickly and their full bodied, group bodies and yellow skin and legs make them a valuable table fowl.

SAVES ONE BUSHEL IN FIVE

John T. Andrews, a farmer living near Brechin, Ont., writes that he keeps his horses healthy, strong, sleek and fat on less feed by using

Pratt's ANIMAL REGULATOR

He works them every day and yet he saves one bushel in every five. "Pratt's" sharpens the appetite, enabling the horse to get more good out of less feed. Keeps the blood good, bowels regular, and tones up the system. Booklet FREE.
