**Board of Trade Fishery Reports**

Aug. 19.—From W. White (English Hr. to Spaniard's Cove).—The catch is 12,390 qts with 90 for last week. About 50 dories and skiffs are fishing. A few boats on the west end of this section have done remarkably well, having secured from two to three qts daily with hook and line. Many of the fishermen, however, are "making" or shipping their early catch, and not giving much attention to actual fishing. Prospects are very good and there is plenty of squid for bait.

Aug. 19.—From R. Brown (Upper Amherst Cove to Cape L'Argent).—There is a good sign of fish on the outer grounds, but nothing on the inside. There is squid enough for bait, but it is not plentiful lately. The catch to date is 13,800 qts. with 1500 for last week. Stormy weather is hindering operations, but 300 dories and skiffs are fishing. One schooner has arrived from the Groats Islands with 150 qts.

Aug. 19th.—From S. E. Cha.'e (South Head of Briggs to Bay Roberts Point).—Both cod and bait are very scarce at present, and prospects are poor. Forty punts are fishing and the catch is 2,760 qts with 10 for last week.

Aug. 19th.—From M. White (Aquaforte to Caplin Bay).—Prospects were very good for hook and lines this week, but on the whole are rather poor. Squid is not very plentiful, though there was enough for the week's fishing. Six whale boats and 81 dories and skiffs are fishing.

The use of Carbonvoid means Bright Spark Plugs, Clean Cylinders, no Carbon, less trouble, no NEW CABLE SHIP ARRIVES.

The S.S. Lord Kelvin reached port yesterday morning from Halifax after visiting North Sydney and St. Pierre. She is the A. A. Telegraph Company's new cable boat, having been built by Swan, Hunter, Wigham and Richardson. She is 2,841 tons gross, 1,200 net, and is in command of Capt. De Cartaret, who formerly commanded the S.S. Minie. President Carleton and other directors came on her to visit the company's offices at Bay Roberts and Heart's Content.

**OUR THEATRES**

**THE NICKEL.**  
Immense audiences attended the performances at the Nickel theatre yesterday afternoon and last evening, and were delighted with the performances. The pictures were charming and afforded the greatest satisfaction to all. This evening the programme will be repeated. To-morrow there is a wonderful holiday entertainment with one of the cleverest shows ever given in this city.

**THE CRESCENT.**  
The great four-reel masterpiece "The Hungarian Nabob" is being repeated at the Crescent Picture Palace to-day. This great Biograph release is one of the best, if not the best, four reelers produced this season. Charles H. Matles, Louise Vale and Franklin Ritchie are the principals supported, with an all star cast. "Freddy's Last Bean" is a rich Vitagraph comedy with William Dangan. The musical programme by Professor McCarthy is in keeping with these great pictures. On Wednesday a fine variety programme, including a three-reel feature of the underworld "The Drag Net."

To-morrow's Baseball: A.M. B.L.S.-Cubs. P.M. Wanderers-Lions. Admission, 5 cents.

WILL COST \$63,000.

The visit of the S.S. Athos, which struck the rocks near Cape Pine some three weeks ago, will mean the expenditure of about \$60,000 in the city. The work of handling her cargo, docking, repairs, and supplies while in port will cover this amount, at a conservative estimate, the greater part of which will be spent in labor.

Kalomite Laundry Marvel—the clothes washing wonder of the century. Try it. Ask your grocer for it and save labor. G. W. GUSHUE, 216 LeMarchant Road. —aug21,tf

**To-morrow's Baseball**

The opening games of the second and final round of the Baseball League's schedule will be played to-morrow. The competing teams in the morning will be the B.L.S. and Cubs and an exciting contest is assured. In the afternoon the Wanderers and Red Lions will clash. The following will probably be the line-ups:—

**Naval Reservist Hurley Drowned**

The following communication was received yesterday from Chief Gunner Davenport of H. M. S. Briton:— "I regret to inform you that an Admiralty telegram has been received reporting the death from drowning of Thomas Hurley, Seaman, Newfoundland R.N.R. No further particulars have yet been received. Hurley joined the Reserve on 14th October, 1914, and took passage to England in S.S. Franconia on 5th November, 1914. "The deceased reservist was a son of Mr. Joseph Hurley, of Gander Bay, Notre Dame Bay. We extend our sincere sympathy to the relatives.

**THE TOBACCO ADVANCE**

Some few evenings ago we noted the raise in tobacco and cigarettes. Our reference made it appear that all cigarettes were advanced 25 cents per thousand. This we find is an error. The increase effects only imported brands and not those of local manufacture. All brands of tobacco have increased in cost 2 cents per lb.

**LOCAL ITEMS**

A special celebration of Communion was attended by the C. of E. volunteers at St. Thomas's yesterday morning. The Rev. Dr. Jones officiated. The ladies were under command of Lieut. Snow.

Carbonvoid saves 25% your fuel cost.

The position of the S.S. Matatia was much the same up to yesterday. Her cargo is being discharged with much dispatch and there will likely be an attempt to again pull her off the latter part of the week.

Carbonvoid gives increased mileage and more power.

We understand that Mr. I. Gibbs, cabman, will ask the S. P. A. to inquire into the matter of the treatment which was given his horse while in the care of the impounder. Mr. Gibbs let the horse loose to graze on Friday night and it must have strayed into the hands of the impounder. When the owner found the horse at the impounder's quarters he says it showed signs of being neglected and not fed while at the stables.

The use of Carbonvoid means more power, less fuel, perfect ignition, easier starting and uniform combustion. IT PAYS.

**Naval Reservists on Furlough**

By yesterday express another lot of our Naval Reservists returned home on furlough. They are W. Patey, French Shore; H. Williams, Shearstown, B. B.; M. Stares, Brooklyn, B.B.; T. Dutot, St. George's; Chesley Knight, C. Squires, Glovertown, B.B.; G. Hutchings, Bell Island; R. Rowe, Carbonear; N. Snow, Hr. Grace; G. Brignell, Fogo; H. Mercer, Bay Roberts; M. Silvergall, M. J. Abbott, St. John's.

The train arrived at 1 o'clock and the men of the trawler, sub. cruiser, destroyer and battleship were met by thousands of people. The acting premier, Hon. J. R. Bennett; Commander MacDermott, officers of H.M.S. Briton, and the reception committee of the Ladies' Patriotic Association were on the platform to welcome the returning heroes home. On leaving the train the men were loudly cheered, and then escorted to the front of the railway station where Hon. Mr. Bennett addressed them, thanking them for their service to the Empire, and in the meantime referred to the great battle of Jutland, where Britain again proved herself mistress of the seas. After the address automobiles were placed at the disposal of the bluejackets who were driven to Government House, where Sir Joseph Outerbridge welcomed them on behalf of His Excellency the Governor, who is now absent from the city. The returned Reservists reported aboard the H. M. S. Briton to-day and then take furlough to visit their relatives and friends in the city and outports.

It is proved that Carbonvoid absolutely eliminates Carbon from Cylinders, Cylinder Walls and Piston Heads.

**ROSSLEY'S THEATRE OPENING A GREAT SUCCESS.**

The British Hall was packed last night to see and hear Rossley's Lilliputian Musical Comedy Co. The performance was most up-to-date and reflects credit on Mrs. Rossley and her talented company. The Mascot, Miss Kathleen, was charming in her part, and also little Miss Florence Baird, in her talking sketch with song and dance, with Miss Clara Squibb. With Jack, Marie and Bonnie Rossley the show was one of the best ever seen in the city.

**Private Jensen Does Good Work**

Private Phil Jensen's work of lecturing on behalf of the Red Cross Society, as well as stimulating recruiting, have been productive of much good results. The sum of \$57.45 has recently been collected by Rev. G. Maidment, of Rocky Hr., as a result of the Rev. Gentleman's account of Jensen's lectures.

Last week a lecture given by the same speaker at Fogo, brought in the sum of \$48, which he donated to the Red Cross Society of Fogo.

Private Jensen also lectured at Change Islands, where the sum of \$50 was realized for the Red Cross Fund. The amount of \$30, results of another lecture which he gave last week at Joe Batt's Arm, was passed to the Cot Fund.

Certainly this young soldier, still weakened by his wounds, is continuing to do his bit to help our great Empire. Not only are the hearts of the people opening to his appeal, but the young manhood of Nfld. is also answering to his call.

**OUR VOLUNTEERS**

The volunteers spent yesterday at squad and section drill. The following names bringing the number up to 3,973, were added to the roll: Hy. Foote, Carbonear, Chas. Ouellette, Quebec, Rd. Hipditch, Hr. Buefftt, Alex. Gilbert, Come-by-Chance, Jos. A. Ryan, Placentia, Robt. Moore, St. John's.

**REV. DR. POWELL VISITS HIS NATIVE HOME**

The Rev. Dr. G. L. Powell, who has recently arrived in the city, will leave by this afternoon's express for his home town, Bonavista. His present visit is due to the illness of his father, Mr. Thomas Powell of Bonavista, who was stricken with paralysis some ten weeks ago. Dr. Powell has done successful pastoral and pulp work in Canada and the United States, where he has held prominent charges and has won high honours from church and state. At present he is editor of the Northern Christian Guardian, the official organ of the Methodist Episcopal church for the state of New York. He is accompanied by his son John, a very smart boy of six years.

Mr. Fisherman, to save nintenths of your Engine trouble, use CARBONVOID.

**LADIES' PATRIOTIC ASSOCIATION ENTERTAIN RETURNED SOLDIERS**

The ladies of the Patriotic Association took out the returned veterans in automobiles to Powers' Pond on Saturday evening and a very enjoyable evening was spent by the ladies who greatly appreciated the thought and kindness of the ladies.

**Fishermen! Read This**

One of the largest transfers of valuable timber lands, embracing an area of two hundred miles, to take place in recent years, in Newfoundland, has been put through by Sydney people, an English syndicate being the purchasers. Though the amount actually paid for the areas is not definitely known, it is understood the figures will reach well up to the six figures.—Halifax Herald.

**S.S. HARMONY ARRIVES IN PORT**

The S.S. Harmony came into port yesterday. She is from the Moravian Mission Stations, on the Labrador Coast. She reports last winter as a very successful one for the natives in their trapping occupation. Fish was also very plentiful on that part of the coast, the fishing coming to land quite early. The ship will sail again for those settlements after discharging her cargo and loading supplies.
