DR. HUGO'S HEALTH TABLETS FOR Women

Make Healthy Women.

Upon being taken into the stomach, the various ingredients are absorbed by the blood, and then find their way to every organ and tissue.

Some reach the uterine system. These allay inflammation, stop all drains on the system and make women regular.

Some strengthen the stomach. They help digestion and increase the appetite.

Others act on the bowels. They cure constipation.

Other ingredients stimulate the liver and kidneys in carrying off impurities from the system.

Others reach the nerves. These tone up the nervous system and supply vital energy, thereby curing the nervousness, irritability, and melancholy, to which so many women are subject.

The full effect of all the ingredients in the tablets is to arouse the entire female system to renewed life and vigor.

Improvement is noticed the first week.
