DAY'S DESPATCHES

KILLED IN A DUEL.

London, Feb. 8.—It is reported here from Paris that Prince Galatin was recently wounded in a pistol duel with his brother-in-law, Count Tachernsdorff, at Basle. The Cologne correspondent of the Mail reports that the body of Prince Galatin has passed through Cologne on the way to St. Petersburg. The correspondent says that this is the first intimation that the Prince had been killed.

EXTENSIVE FORGERIES.

David City, Neb., Feb. 7.—Forged paper, sold by the defunct Platte Valley Bank, of Bellwood, has already reached an aggregate of \$150,000, and it may largely exceed this. Customers of Cashier Amos Gould from Laporte, and Michigan City, Ind., are here, and claim that in every instance the notes and mortgages held by them are forgeries. Real estate mortgages have been forged, including the certificate of filing and recording, giving book and page, while this week several chattel mortgages have been received by banks and attorneys here for collections that are also forgeries. Gould, it is charged, kept a private bank, where he had a record of all forged notes, the amount of each, and the date of maturing, and when one of these notes matured, he would replace it with another forged note and pay the holder the interest. Gould, it is alleged, claims that if it had not been for the blowing up of the bank safe a short time ago, in which his private book was destroyed, he would not have been detected, and he still would be running the bank. The cashier and his brother are still in jail. The day of their arraignment has not been set.

MALT BREAKFAST FOOD

The Best Breakfast Food Produced in the World.

Food preparations purporting to be health foods have come before the public for recognition, and after a brief existence, they have been consigned to the realm of oblivion and forgetfulness. Such will be the fate of all food products that come to us without genuine merit.

Malt Breakfast Food came before a critical public with many claims of a high order. It was thoroughly tested and tried by our wealthiest people as well as by those in humbler circumstances, who desired something more nutritious and more easily digested than oatmeal, wheat granules, crack-wheat or hominy. The tens of thousands who closely investigated the virtues of Malt Breakfast Food have not been disappointed. They found in it a concentrated nourishment that foods lacked. It proved more palatable, more satisfying, more appetizing and more energizing than other foods. Old and young, delighted with its many good qualities, say: Malt Breakfast Food is the best in the world. All Grocers.

SAMPSON ON RETIRED LIST.

Washington, February 7.—Secretary Long to-day issued the following order regarding the retirement of Rear Admiral Sampson:

Sir,—In notifying you of your retirement, the department recognizes your services and deeply sympathizing with you in your impaired health, quotes with pleasure the following letter of the late President McKinley:

Executive Mansion, Washington, March 13, 1899.

My Dear Sir,—I am in receipt of your very considerate letter of the 9th instant, in which you express a desire that, without reference to your own interests, the other naval officers who rendered such conspicuous service in the naval campaign in the West Indies may have the advancement which you recommended for them, and in which you ask nothing for yourself. I highly commend this disinterested action on your part. Let me assure you that I have the highest appreciation of your service as commander-in-chief of the Atlantic naval forces during the Spanish war, in blockading Cuba, co-operating with the army, directing the movements of the great number of vessels under your orders and, last, after the most effective preparation, consummating, with the gallant officers and men under your command, the destruction of the Spanish fleet.

It was in recognition of your services and of your great skill, that I recommended you to the senate for the advancement which you had earned.

Very truly yours,

(Signed) WILLIAM MCKINLEY.

The worries of a weak and sick mother are only begun with the birth of her child. By day her work is constantly interrupted and at night her rest is broken by the wailing of the peevish, puny infant. Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It lightens all the burdens of maternity, giving to mothers strength and vigor, which they impart to their children. In over three years of practice, Dr. Pierce and his associate staff of nearly a score of physicians have treated more than half a million suffering women. Sick women are invited to send for a copy of Dr. Pierce's charge. All correspondence is strictly private. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Facts, Not Words

Dictate Where You Should Buy

Is there really any need to say where the best values are found? Wait a moment; let us think. What firm was brought up in the business—and knows it "from A to Z"? Thornton & Douglas. What firm makes every stitch of clothing it sells? (with the exception of boys' clothing, sizes ten years and under?) Thornton & Douglas. What firm works with a free hand, has all the advantages of a maker, wholesaler and retailer? Thornton & Douglas. What firm stands behind every garment till it wears as it should? Thornton & Douglas.

Sales—the woods are full of them. But the counterfeits have not caught the power behind the real—nor the quality behind the price. Do you wonder why we sell more clothing than any store in this town? There is no mystery about it. Knowing what men want, having it and selling it for less money. We carry no goods over from season to season, and are forced to sell. All men's, youth's and boys' overcoats are reduced to about the price of the cloth. Do not fail to attend this great sale.

N. Y. C. CO. CENSURED.

Albany, N. Y., Feb. 8.—The state railroad commission, in a report handed down regarding the recent disaster in the Park avenue tunnel, New York city, censures the New York Central Railroad Company, declaring it grossly negligent in placing an engineer in charge of a train, who had not had experience in handling a train during "rush hours."

PRES. PARDONED HIM.

New York, February 7.—G. Arthur Hill, the Washington clerk pardoned by President Roosevelt from a Washington prison, on the plea that he was dying from consumption, and afterwards brought to this city, charged with petty larceny, was to-day sentenced to six months in the penitentiary by Judge Foster in general sessions.

MELCHERS RED CROSS CANADIAN GIN CONTAINS MEDICINAL PROPERTIES ESPECIALLY BENEFICIAL TO WOMEN.

Women are often in need of a stimulant, but a stimulant that will not irritate the digestive organs. Gin is renowned all over the world as being a liquor containing beneficial properties especially adapted to their sex.

But to be really of any medicinal use, Gin must be thoroughly matured, and of an absolute purity; two qualities very seldom found with Gin. That is why doctors recommending the use of Gin will specify in preference to all others the Melchers Red Cross Canadian Gin, because it is the only Gin having its age and quality guaranteed on every bottle by an official Government stamp.

The "Red Cross" brand is without exception the purest, oldest and most agreeable gin distilled. It is soft and mellow to the taste and soothing to the stomach.

NORTH GREY CONSERVATIVES.

Meaford, Ont., Feb. 7.—The annual meeting of the Meaford and St. Vincent Liberal-Conservative Association was held here to-day. In spite of the fact that the roads are blocked as a result of the recent storms, there was a good attendance. The following officers were elected—President, C. R. Sing; Vice-presidents, G. B. Carman, G. A. Brown; Treasurer, A. C. Todd; Secretary, C. T. Sutherland. After the election of officers, G. M. Boyd, ex-M. P. P., North Grey, discussed the present political situation. A motion endorsing the action of the Opposition in the House and expressing confidence in the leader was passed. A vote of thanks was tendered to Mr. Boyd, and a resolution passed thanking him for his services in the House and pledging him the support of the association in the coming campaign.
