DIED IN MARKHAM

R. A. Harrington received a telegram this morning stating that his mother, Mrs. J. D. Harrington, of Markham, Ont., died this morning. Mrs. Harrington was 83 years of age and has always enjoyed good health until a few weeks ago. Her husband died two years ago, and since that time she has not been very well. She leaves a family of five sons and one daughter, all of whom are grown up. Mr. Harrington will leave tomorrow for Markham.

RESULT OF A COLD

The death of Gilbert St. Pierre, of concession 5, Dover, took place yesterday after a lingering illness. Deceased was in the prime of life, being only 22 years and two months old. He was very popular among his young friends and his death is a sore affliction to many. Some time ago he contracted a cold which afterwards developed into tuberculosis. The funeral will take place tomorrow morning at 9:30 o'clock from his late residence, thence to Pain Court church. Interment will be made in the cemetery at Pain Court.

OFFENSIVE ODOR

At the corner of Park and Queen streets there is a tremendous leakage of gas. At times the gas comes out in such quantities that passers-by are almost overcome or exasperated. This morning someone threw a light match on the ground, and immediately a blaze was the result. The blaze was over a foot high and extended a distance of two rods along the ground. It continued to burn, ruining the boulevard, until Mr. Cucksey, at the side of whose residence the leakage is, succeeded in putting it. This should be attended to at once, as when ignited it ruins the grass, and when not ignited the odor is very offensive to the people living in the neighborhood.

15 Gale Riding Cultivators 15 At \$30 Each for Cash

TO CONTRACTORS

Sealed separate or bulk tenders will be received at the office of the undersigned architects on or before noon, the 6th day of July, 1907, for the several works required for the erection of a new front and stairway in the Grand Central Hotel, city. Tenders to be addressed to Joseph Carron, Esq.
Plans, specifications, etc., can be seen at our office.

Architects.

MENACE TO PAVEMENTS

Traction engines, which are being run every now and then through the city, are doing damage to the pavements, which merits some immediate attention from the civic powers that be.

Recently, one of these heavy engines passed down King St. West, over the bitulithic pavement which a short time ago was completed on that thoroughfare. The marks left by the heavy cleats on the driving wheels are still noticeable in the pavement, and it is quite evident that this nuisance, if allowed to be continued, is going to do the bitulithic coating great injury in time. If it is absolutely necessary for the owners of these machines to operate them over the paved streets, they should be made to remove the cleats, or furnish some protection for the pavements which our citizens have to foot up the price for.

TEN BOMBS EXPLODED

Tiflis, Transcaucasia, Russia, June 27.—Ten bombs were thrown yesterday in the Erivan Square, in the centre of the town, which was thronged with people.

The missiles exploded with terrible force.

Many persons were killed or injured, and windows and doors were shattered over a large area.

The police are preventing all approach to the scene of the outrage.

During the excitement a wagon containing \$125,000, escorted by Cossacks was robbed of all its contents. This was apparently the motive for the outrage.

Tried to Steal Explosives.

St. Petersburg, June 27.—An attempt was made Tuesday night by terrorists to force an entrance into the magazine of the proving grounds, near St. Petersburg, containing a large amount of explosives. A sentry was fired at and wounded by the men engaged in the attempt, but the shots caused a patrol to hurry to the spot and the terrorists fled.

Struck a Mine.

St. Petersburg, June 27.—During the manoeuvres yesterday the torpedo boat Ubedimilny struck a mine, which exploded. The damage done was slight, owing to the deterioration of the mine.

MUCH MONEY FOR ROADS.

Taking the expenditure on roads in Wellesley Township for ten years makes appalling figures. The cash expenditure for the ten years ending with 1905 amounts to no less than \$40,851, according to the official figures. The statute labor during that time was 63,170 days; if computed at 75 cents per day it would give \$47,378, or a total sum of \$88,229, which Wellesley Township has put on its roads between Jan. 1, 1896, and Jan. 1, 1906. This immense sum would pay for making every inch of roads in the township on the permanent plan. — Wellesley Maple Leaf.

NOTICE TO CONTRACTORS

Sealed bulk and separate tenders will be received by the undersigned up till six p. m. Saturday, July 6, 1907, for all trades to erect a three storey concrete block, cement, stone and frame hotel building of forty rooms at the Lighthouse, River Thames, for J. B. Marchand, Esq., Tilbury. Plans, specifications, etc., can be seen at the offices of the architect. The lowest or any tender not necessarily accepted, and no tender will be considered after date of closing.
