KING TO SEE CANADA.

Orders Special Series of Moving Pictures of Typical Scenes.

Montreal, Sept. 19.—If the King cannot come to Canada, he would like Canada to go to him.

In confirmation of the truth of this statement, the King has requested Lea Lefebvre, a noted Parisian moving-picture man, to secure him a series of moving pictures of Canada, which are to be presented at Buckingham Palace just before Christmas.

Lefebvre leaves by the Imperial Limited to-day for the west to carry out his intentions.

Blames Wabash Employes.

St. Thomas, Sept. 19.—The coroner's jury enquiring into the causes leading to the death of John McKay, C. P. R. engineer, killed in a collision with a Wabash train, find that the Wabash employes did not observe the rules of the company in not bringing their train to a stop at the distant semaphore, and that the Wabash Railway officials have been neglecting to enforce the said rules at the diamond crossing.

You'll soon acknowledge that Polson's Nerviline beats them all. Sold everywhere in large 25c. bottles.

Mackenzie King, Deputy Minister of Labor, who goes to the old country to make endeavor in the interests of Canadian labor to get legislation introduced in the British Parliament, enabling penalties to be inflicted on emigration agents who induce mechanics and others to come to Canada by false represenations, sails on Friday by the Empress of Britain.

CHARRED BONES IN RUINS.

Remains of Miss Loveday and Miss O'Neill Discovered—Fourth Gilmour Fire Victim Dies.

Ottawa, Sept. 19.—One more name has been added to the death roll of the Gilmour Hotel fire, Harry T. Walker of Mallakahill, N.J., died at 10 o'clock last night as the result of his injuries. Mr. Walker was asleep in bed when the fire broke out and had to jump from the fourth storey to the one storey roof of a building attached to the hotel. He had both legs broken, was burned severely about the arms and injured internally.

This brings the list of known fatalities up to four.

All day the work of searching for the remains of the victims has proceeded, but up till late last night only two had been discovered. It is practically impossible to identify the few charred bones the searchers discovered, but they are believed to be those of Miss Loveday of the Barnardo Home, Peterboro, and Miss O'Neill, the head waitress.

Mrs. Pentecost is still in a very low condition. At the hospital she is reported as having "passed a good day."

A letter of enquiry from A. E. Maynard of Galt, concerning Miss Alice King an English girl, gave rise to a rumor last night that she had perished in the flames, but on enquiry it was said that Miss King, who had been employed at the Gilmour as a waitress, was now at the new Russell, Yonge street, Toronto.

It is reported that Mr. Irwin of Winchester is missing. No news of him has been heard since the fire. It is said also that a new bell boy and a new waitress, whose names are unknown, are missing.

KILLED AS SHE SLEPT.

Lightning Strikes Mrs. McEwan of Canton While In Bed.

Brockville, Sept. 19.—Mrs. Wm. McEwan, who lived with her husband on a farm a short distance from Canton, was killed by a bolt of lightning as she slept.

A loud crash attracted the attention of Dana Tracey, a nearby neighbor, who investigated and found Mrs. McEwen dead. Her husband, who slept beside her, was hurled out on the floor and was unconscious three-quarters of an hour.

The house was badly shattered, but did not take fire.

Mrs. McEwen was only 30 years of age. Two young children who occupied another room, were uninjured.

Little Boy Burned.

Quebec, Sept. 19.—While playing with matches the seven-year-old son of Mr. Dery, foreman at the Ritchie boot and shoe factory, set his clothes on fire and died from burns.

Falls to His Death.

Detroit, Sept. 19.—Wheelman Harry Smith, aged 24 years, of Sombra, Ont., son of Banker Smith of that place, was killed at Escanba, Mich., on Sunday, by falling through a hatch into the hold of the steamer Mitchell.

IN CHRISTIAN UNITY.

Principal Scrimger Voices Presbyterian Ideal at Methodist Conference.

Montreal, Sept. 19.—The reception of the fraternal delegate from the M. E. Church of the United States to the general Methodist conference drew a fair audience last evening. Dr. Kelley gave an outline of the work of the M.E. Church.

Principal Scrimger, Dr. Robt. Campbell, Dr. Scott and Justice Archibald presented the greetings of the Presbyterian Church to the conference. The principal in a very eloquent passage referred to the negotiations in progress for union.

"Whatever the issue of the negotiations ultimately," he said, "I believe all the branches of the evangelical church, and I trust, all churches, will eventually be evangelical, will be united at last in some kind of Christian unity.

"The waters that flowed around the Island of Montreal were much broken and divided, but uniting in one stream to reach the ocean, they symbolized the destined unity of Christianity."

Justice Archibald also spoke.

Resolution of thanks were carried to both deputations.

The business done in committee and in conference yesterday possessed no very stirring interest.

STIFFENED STRANGELY.

Banker Killed by Unknown Quality While Under X-Ray.

Philadelphia, Sept. 19.—While undergoing an X-ray examination at the Polyclinic Hospital yesterday, Martin F. Murphy, a Renova, Pa., banker, one of the richest men in the state, died as though stricken by lightning. Mr. Murphy passed a rigid physical examination before going into the chair and his heart action was pronounced perfect. Surgeons believed some unknown quality entered the ray and killed.

The course of the ray was directly through the heart.

As it flashed upon Murphy he stiffened strangely. The ray was turned off and it was found that he was stone dead.

Cheating the Mint.

Philadelphia, Sept. 19.—Charged with falsifying the scales used in weighing gold, Thomas W. Hurff, for twelve years assistant weigher and representative of the coiner at the United States mint in this city, and a respected citizen of Woodbury, N. J., is under arrest. A copper planchette, or unstamped penny, was either fastened on the bottom or laid in the pan of the scale of which the gold is weighed. At each weighing the Government lost $3 in gold.

Apple Evaporator Burned.

Watford, Sept. 19—The apple evaporator building owned by R. J. Graham of Brockville was burned yesterday. The fire caught from the dry kiln. Over 25 hands are thrown out of employment.

Liberals at Aylmer.

Aylmer, Sept. 19.—The Liberal meeting last night was largely attended. The Reform candidate, W. F. Hepburn, Hon. C. S. Hyman and Hon. A. B. Aylesworth spoke.

Base Slander.

"Your husband," said Mrs. Highmus graciously, "is decidedly interesting and original, even if he does sometimes blow his own horn a little too"—

"It isn't so!" indignantly exclaimed Mrs. Gaswell. "My husband always uses his handkerchief!"

Nature "makes all things beautiful in their time." Every one of life's seasons, when live moves on Nature's lines, has its own charm and beauty. Many women dread that period when they must experience a change of life. They fear that face and form may suffer by the change, and that they may fail to please those whom they love. The value of Doctor Pierce's Favorite Prescription in this crisis of woman's life lies in the fact that it assists Nature. Its use preserves the balance and buoyancy of the mind and sustains the physical powers. Many women have expressed their gratitude for the help and comfort given by "Favorite Prescription" in this trying period. Its benefits are not passing but permanent and conduce to mental happiness as well as physical strength.

The good that is in others is deserving a just measure of recognition.

PROVERBIAL WISDOM.

Of course
One swallow
Does not make a summer;
Neither,
If anybody should ask you,
Does one summer
Make a swallow.
Doesn't this canned wisdom
Of the ancients
That comes
Wrapped in small packages
Give you a pain?
As a matter of fact,
One swallow
Never tried
To make a summer
Or even
A week of spring.
The swallow
Is too busy
Getting a living
To be boosting itself
As the sole proprietor
Of a summer factory
When it isn't.
It knows that the government
Pays experts
Large sums of money
To do nothing
But make weather,
So why
Should it bother?
Isn't it a strained
And unreasonable idea
Anyway,
When you come to think of it,
That any one
Should ever
Have held the notion
That one swallow,
Unaided by a steam heating plant,
Could have made a summer?
A whole flock of them
Working for six weeks
Couldn't, unaided,
Make even a pleasant day.

Asking Papa.

"Want to see me, young man?"

"Yes. I called to inquire if you have any special objections to becoming my father-in-law."

"Well, of all the nerve"—

"Because if you have, perhaps you'd better remove them, as you are slated to serve in that capacity. Good morning."

He Didn't Do It.

We are pleased to note that the court martial has pronounced Rojestvensky, the Russian fleet admiral, not guilty, deciding that it wasn't his fault that Togo won the battle in the sea of Japan.

While it is admitted that Rojestvensky was among those present on that large occasion, yet all eyewitnesses, whether they were on the ground or just qualified by looking at magazine pictures, agree that he was about as much responsible for what happened as the president of the United States is for a cyclone or a runaway horse.

He didn't ask Togo to be present on that joyous occasion and to bring his folks; hardly. In fact, he wasn't fixed to receive company. It was clearly a case of butt in on the part of the Japanese admiral, and the court martial did well and wisely in listing the Russian commander with the innocent bystanders.

TRAIN THROUGH A BRIDGE.

Eight Dead, Twenty Injured and as Many More Are Missing.

Guthrie, Okla., Sept. 19.—Eight persons are dead, twenty more or less injured and as many more missing, as the result of the wrecking of a Rock Island passenger train three miles from Dover, Okla., at 8.30 o'clock yesterday morning.

The engine, tender, baggage and mail cars, smoking car and day coach of passenger train No. 12, northbound, left the high bridge that spans the Cimarron River and plunged into the stream, which is flanked by treacherous quicksands. The locomotive disappeared almost immediately. They mail and baggage clerks escaped from their cars and swam to the shore.

The accident was due to driftwood, which piled against the bridge and swerved it one of it.

The train was an hour late, and was running at high speed

Better Than Spanking

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 4, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

THE INSURANCE INQUIRY.

Dr. Oronhyatekha Throws Further Light On Fraternal Insurance.

Toronto, Sept. 19.—The examination of Dr. Oronhyatekha, the chief of the Independent Order of Foresters, was resumed yesterday before the insurance commission.

Mr. Shepley, Dominion examiner, led the witness through the various acts of incorporation and the establishment of the order in foreign countries. The powers of the witness and the patriotism of the membership, as described, were features of the examination.

He submitted comparative statements showing cost of business done by four "giant" insurance companies in the United States and the I.O.F. and also a comparison between a leading insurance company in Canada and the I.O.F. on the same basis.

In reply to a question as to the probable effect upon the membership should the order be compelled to make extra assessments because of the disappearing surplus, Dr. Oronhyatekha replied that such an event was so improbable that it was useless contemplating it.

Mr. Shepley asked if disaster were to come in the form of the order being declared illegal and it had to be dissolved, what would be the condition? Would the I.O.F. be able to re-insure in a solvent company with the funds on hand?

"I fancy not," was the answer.

The examination will be resumed at 10 o'clock yesterday.
