The Chatham World of Saturday says that the American sportsmen who visit our game country slaughter moose until they get what they want, that they kill one for themselves, one for their guide, and another for their servant, and that many of these so-called sportsmen are nothing but pothunters who sell their trophies for their swince and the solution was a fair and proper one.

Since Tecumseh nowever has opened this matter up, I myself would repeat the question, asked by your Bathurst correspondent. How many Pritestants held office in Gloucester when Mr. Turgeon pondent. How many Pritestants held office now? Let Tecumseh answer it if he can. Do not answer it if he can. Do not answer it by such silly nonsense as the following. In the onslaught made against Mr. Turgeon no answer is required. His fair mindedness in dealing with all classes in this county is too well known.

Well might A Liberal Elector so called, after using his intemperate language say, 'Pardon me, Mr. Elitor, for this digression', for a more shameful and barefaced attempt to raise the denon of religious prejudice, was never attempted. Yet this writer had the arrogance to sign himself 'A Liberal Elector'. It would have been more fitting for him to have subscribed himself 'A Liberal Elector'. This is simply ridiculous as we can hardly conceive of a shrewd Yankee embarking in such an uncertain enterprise, besides it is a well-known fact that every gentleman who visits our country spends from \$500 to \$700, so that even if he did take home three heads he would still be cut on his transaction.
