

EDUCATIONAL NOTES.

CANADIAN.

A new public school is to be erected at London, Ont., at a cost of \$8,500.

An effort is being made to complete the raising of \$33,000 for Acadia College, Nova Scotia.

A class in telegraphy will be formed during the coming session at the Kingston Collegiate Institute. A very good idea.

Prof. Bannister, of Albert College, Belleville, has resigned his position there, and gone to Brockville to establish a commercial college there.

Mr. D. E. Smith, of Dundas, Ont., has been appointed Modern Language teacher in the Collegiate Institute at Kingston at a salary of \$600.

Mr. D. Hossack, B.A., a graduate of Victoria College, has been placed in charge of the Preparatory Department at the Cobourg Collegiate Institute.

The Council of Public Instruction for Nova Scotia and the Halifax Board of Education have jointly decided to purchase the Richardson's "Temperance Lesson Book."

Mr. Geo. M. Swartz, writing master of the Belleville Public Schools, has been engaged to teach the art of calligraphy at Acadia (N.S.) College to McMaster Hall in this city, Belleville.

Rev. W. N. Crooks, D.D., has been appointed Professor of New Testament Interpretation and Homiletics in the Toronto Public College. It has recently been decided to remove Dr. Theobald Mathew, R. H. Stain, and the Quebec Provincial Teachers' Association, which meets in October in Montreal. He will apply to the School Board for permission to do so.

The Hope chemistry prize (\$800) has recently been awarded by the examiners of the University of Toronto to Miss M. J. Stain, B.A., of Dalhousie College. This prize is the highest honour which the university offers in the department of chemistry. Score another for Canada.

Among the students who passed the recent matriculation examination of Victoria College, Cobourg, was a young Cretan, Ioan, Stannour, son of Mr. H. Stain, of White Lake, N.W.T. He has been studying at the Collegiate Institute there, and is said to be of more than average ability.

Says the *Presbyterian Witness*: "We learn with pleasure that the law school (of Dalhousie College, N.S.) is prospering, and that it is to be a very creditable success from the start. Mr. Bulmer's energetic canvass on behalf of the law library is meeting with marked success. Indeed, we are surprised to find that the law library of Dalhousie College does not, by and by, excel any of the kind in Canada."

Through the agency of the Canadian Education Society, Mr. Geo. Mauro, the New York publisher, Dalhousie College promises to be one of the province's most successful and most widely endowed of our educational institutions.

The subscription for the Ryerson Monument Fund is not coming in as well as could be wished. Of the total amount required has been subscribed. Dr. Hodgins, who has just returned from England, intends to have a meeting of the committee in order to make arrangements for a renewed appeal to the teachers, school boards, and people throughout the province. While grants from boards and trustees will at any time be acceptable, the committee are very desirous that every individual pupil and teacher in the province should contribute. Even one cent will be gladly received as the subscription of a pupil. It may be said that the fund which has been raised is small. But the endowment of a chair in Victoria University is now almost complete.

The following statistics regarding the recent departmental examinations may not be uninteresting. Nearly 4,400 candidates presented themselves for examination in the province of Ontario. Of these, 2,200 were in the non-professional examination for first class, 2,200 for second class, and 2,200 for third class. In the non-professional examination, 91 succeeded in getting grade A, and 108 in grade B. In the second class non-professional, 1,107 were successful, and 1,818 passed the intermediate examination.

Mr. J. H. Smith, Public School Inspector for Westworth, has issued the following circular to the trustees and teachers of the Public Schools under his jurisdiction, regarding the whole matter in a nutshell:—"The selection of a series of new School Readers will have to be made shortly, since those at present in use will come to be authorized about August, 1898. As the Readers are the most important text books used in our Public Schools, it is very important that the public, viz., (1) The Board of Education, (2) The Board of Education, and (3) The Board of Education, should be consulted in the selection of the new Readers. The selection of the new Readers will be made by the Board of Education, and the selection of the new Readers will be made by the Board of Education."

UNITED METHODISM.

Election of Superintendents and Officers.
(Continued from Third Page.)

SIXTH DAY.
The sixth day of the session of the United Methodist Conference commenced this morning at nine o'clock, Rev. Dr. Williams in the chair.

The report of the Committee on Missions was presented, being a statement of the present condition, financial and moral, of the missionary societies connected with the Methodist churches entering into union.

THE SCENT OF THE BUZZARD

The Diary of a Clerk in 1735.

"January 1, 1735, we were informed, a Monday; it began fair, wind north-west, continued to blow, with sun, and light rain."

He had a couple of fowls for dinner, because it was New Year's Day. From this and other passages we observe that our friend carried a good deal of stock, but his office early; that he was a married man, and, inferentially, in the period called middle life. At night I went to the Great Bible, and there, to see Sally Tickling, who is this day six years old. I gave her a shilling, whence he, my happy birthday, thanked me. I pray God to grant us a happy year."

It would appear that Sally was the landlord of the tavern mentioned, and that the Montague dealt with him for his bottled beer. Sometimes we get an insight into household expenses, which is even more instructive than amusing. The price of the New Year's fowls is not stated, but we find elsewhere three fowls costing 4s.
