Men for the Woods

A large number of men are going into the woods almost every day now for one lumber company or another, although men are much more scarce than in past years. During the week three crews numbering in all over one hundred men came through from points about Tracadie for the Miramichi Lumber Company. All the other companies operating on the Miramichi are sending men into the lumber woods as quickly as they can be gathered up. Wages this year run from \$30 to \$35 per month.

Recruiting Committee Meet

The West Northumberland Recruiting Committee met Friday night, Mr. W. A. Park in the chair. There were eight present. Ways and means of assisting the Kilties, and of filling up the 132nd and the 12th Battery Artillery Dratt, were discussed. John T. Davidson, who so efficiently secured the names of all men in North Esk parish eligible for military service, was commissioned to perform a similar work in the parish of Blackville, which used to supply so many men to the 12th Battery. The committee will meet again on next Friday. It was decided to find speakers to help the Kilties campaign in Redbank next Tuesday night.

Good Road Work

Mr. W. A. Allain who is supervisor of roads in the parish of Alnwick has had some exceptionally good work done on the roads in his district this season. The new section of road between Bartibogue and Tabouret is one of the best pieces of highway in the county. In addition to this Mr. Allain supervised the construction of three bridges. One of these is on the north side of the Tabouret, another is at Portage River and the third is at James Robinson's. These are all excellent jobs and are receiving the commendation of all travellers who have business in this parish, as well as the residents who are loud in their praise of Mr. Allain and his crew of workmen.

WIFE TOO ILL TO WORK

IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana. — "My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy." — Mrs. W. M. GREEN, 332 S. Addison Street, Indianapolis, Indiana.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy. If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Moved from Doaktown

Mr. James Holmes, the well-known lumberman of Doaktown, has gone to Fort Francis, Ont., where he will probably reside in future. Mr. Holmes has two sons located at that place. Many friends throughout Northumberland County will regret the departure of Mr. Holmes, who took a prominent part in business affairs. It is only recently that his fine mill was wiped out by fire. The loss was \$490 and there was no insurance. Mr. Holmes believes that the fire, which was the second one he had, was of incendiary origin.

Hurt in Mill Yard

While working in Ritchie's mill yard on Saturday morning, John Copp had a very narrow escape from instant death. He was driving a horse, with a load of wood, past the fire-house, when the horse stopped and while going to investigate the trouble, the horse, which had suddenly taken ill, collapsed, and pinned Mr. Copp against the fire-house. He was badly bruised about the legs and feet, but escaped death by about two inches, as the shaft of the cart passed that close to his body.

FREE BEAUTIFUL "CHEVROLET" TOURING CAR

This Splendid Motor Car will be Awarded as First Prize in The Advocate's Second Big Voting Campaign which is just beginning

The "Chevrolet" (pronounced "Shevro'ay") motor car has been aptly called the "wonder car." It deserves such a designation. The price of the car delivered at Newcastle, by The Lounsbury Co., Ltd., the New Brunswick distributors, is \$710. Never before has such a complete car been made to sell at such a price.

The "Chevrolet" (pronounced "Shevro'ay") motor car which will be awarded as first prize in The Advocate Voting Campaign, is known as model "Four-Ninety"—a five passenger touring car carrying full automobile equipment. It has a mohair tailored top; envelope for the top and side curtains; electric horn, electric vision ventilating wind shield; speedometer; electrical starting and lighting system; ammeter and license brackets.

The "Chevrolet" is a Complete Car

The "Chevrolet," as the above description shows, possesses many features found only in high priced cars.

The "Chevrolet" has the following exclusive features and differs in many respects from all other automobiles, irrespective of price.

The "Chevrolet" has shock absorbing, duplex front springs and is the easiest riding car for its size in the world.

The "Chevrolet" has a self-lubricating clutch collar, eliminating clutch collar troubles, such as friction, heating and wear.

The "Chevrolet" has the rear wheel bearing carried on the wheel hub, just the reverse of the ordinary construction, the bearing being three times the size used in ordinary axles. This extra large bearing carried in the axle housing takes the load—the axle shaft carries no load.

The "Chevrolet" has a compound steering gear, composed of spur gears and sector, attached to body, simplest and safest ever invented. It is adjustable for wear.

The "Chevrolet" has a unit power plant carrying transmission on open brackets which gives accessibility to clutch and allows removal of transmission, if necessary, in twenty minutes.

The "Chevrolet" has a special brake arrangement, which insures powerful, quick acting and smooth brakes. Emergency brake internal contracting.

The "Chevrolet" does not have a single hinge joint to squeak or a spring shackle to rattle and only six grease cups will be found on the entire car.

The "Chevrolet" is powerful and high running. The "Chevrolet" is made in graceful lines and is a beautiful motor car.

The "Chevrolet" is a Magnificent Prize

TOTAL OF \$1360 WORTH OF PRIZES WILL BE AWARDED.

SECOND PRIZE: \$400 Cabinet Grand "Lonsdale" piano, manufactured and guaranteed by Lonsdale Piano Co., Toronto.

THIRD PRIZE: \$150 cabinet of highest grade silver-plated tableware, manufactured and guaranteed by Canadian Wm. A. Rogers Limited, Toronto.

FOURTH PRIZE: \$100 six-piece silver-plated tea service, manufactured and guaranteed by Canadian Wm. A. Rogers Limited, Toronto.

These prizes will be awarded in the order of standing to the contestants securing the highest number of votes during the campaign.

The campaign is open to ladies only, but anyone may assist a contestant. Any man may, therefore work for the "Chevrolet" or any of the other prizes by having any lady, with whom he can make suitable arrangements, enter the campaign as a contestant.

It costs nothing to enter the campaign. All receipt books and other supplies needed are provided contestants free of charge.

Votes are obtained by securing subscription to The Union Advocate, MacLean's Magazine, Farmer's Magazine, or all three. See vote schedule published elsewhere.
