LOCAL AND OTHER MATTERS.

We commence our new story, "The Wrong Man," by the Hon. Mrs. Montgomery, in the next issue of the HERALD.

The Catholic Literary Union meets on Friday, 2nd Nov., at 8 p.m., in St. Patrick's Hall. A full attendance of its members is requested.

Passengers on the Rocky Point ferry boat saw a seal disporting itself on the river between that place and Charlottetown on Monday. Sure foreman of a storm.

The Superintendence of the Hospital thankfully acknowledges the gift from Mr. James W. Mulhally, of the valuable marble clock which was won by him at the drawing in connection with the Hospital Bazaar.

Mr. PATRICK DUFFY, of Lot 48, has gone to Newfoundland in a vessel chartered by him, and a few friends, and laden with the produce of their own farms. They will there find a good market and prices.

We have now among our exchanges about the brightest and best-written weekly paper in the United States in the shape of *The Republic*, published at Boston, Mass. It is a credit to respectable and enterprising journalism.

We gather from our exchanges that the business of the Enterprise Mill and Building Company, of San Francisco, California, is growing rapidly under the Presidency of Mr. P. A. McDonald, an Islander. May his shadow never be less.

It is understood the Steam Navigation Company will take their steamers off the route between Charlottetown and Pictou and Summerside and Shediac tomorrow, but they will be replaced by others. An officer from Ottawa will then inspect the relieved vessels.

Mr. PATRICK CURRAN, a well-to-do farmer of Fort Augustus, went to bed seemingly in good health on Friday night, but died in his bed on Saturday morning in attempting to rise, it is supposed of heart disease. He was sixty-two years old, and was highly esteemed in his locality. He leaves a large family to mourn his loss.

So fierce a gale blew over the river yesterday evening that the Northport ferry boat was compelled to cease running for a time, and the consequence was a long line of farmers' wagons was to be seen extending away back as far almost as the market place, the owners shivering and waiting with what patience they might until the boat came.

We have received a communication from Mr. J. Scott Hutton, warning the public against impostors who visit the Island collecting money for the deaf and dumb institution at Halifax, of which that gentleman is Principal, and requesting that no encouragement may be given the impostors. "This practice," says Mr. Scott, "growing up of late years, has become a serious evil."

A CARPENTER of the name of John L. Macdonald, recently from the States, committed suicide at East Point last week. He had been in a melancholy mood for some time, but on the day he committed the rash act, seemed to be in high spirits. He went, a line round the top of one of the rafters in the barn, fixed a noose on it, adjusted it round his neck, jumped off, and was dead in a minute.

This wedding bells were rung on Tuesday for Mr. Thomas Campbell, the general proprietor of the Railway House in this city, and Miss Mary Grace Mullins, daughter of Captain M. L. Mullins, of Antigonish, N.S. The marriage ceremony was solemnized by the Rev. Father Corbett, at St. Dunstan's cathedral, after which the happy couple went to Summerside. We wish them long life, happiness and prosperity.

TWO WARRANTS have been issued by Mr. Hayden for the arrest of John McInnis, of Northport. McInnis stabbed one Nicholas Murphy nine times in the abdomen last week, and made so light of it that he did not even keep out of the way. Murphy's life is in danger. Since then McInnis has been man named Duncan McGregor with a boat hook, inflicting an ugly wound. The police are now looking after him and wishing they may find him; it is doubtful if they will, as McInnis has had lots of time to escape.

Two men from the M. Ship *Griffin*, at first arrested as deserters, are, it seems, not deserters after all. They were left behind during the misapprehension on their part that the *Griffin* would not sail until Saturday evening. One of them is an able seaman, William Mackell, who has over 2500 coming to him, and the other, John Heywood, marine, whose term of service will expire on the 6th November next. When arrested near Pownal, Lot 49, by Marshal Flynn and officers Cameron and Steele, they were simply enjoying themselves in their full uniform, and expressed surprise when told their vessel had sailed. They are now in jail here awaiting orders from Halifax, for which port the *Griffin* sailed.

THE BOSTON COMEDY COMPANY is now on a visit to the Island, and the Maritime Provinces generally, and judging from the audiences it is attracting, even at this rather inclement season, it is heartily welcome, as are indeed all dramatic companies which possess histrionic talent. Speaking in all candor and fairness, it is doubtful if Charlottetown has ever before been so delighted with any dramatic troupe. "Not Guilty" was put on the boards on Tuesday night, before a very large and select audience, and was throughout its performance applauded to the echo. Miss Edwina Gray and Mr. H. Price Webber took the leading parts of Jane Lennox and Lawyer Montgomery, respectively. It was evident from the start that Miss Gray is an actress of no ordinary power. Her acting was natural, simple and affecting, and that we imagine is about the greatest praise any actor or actress can receive. Her elocution, too, is perfect. She has a clear flexible voice, and uses it to great advantage in a difficult task, when the non-theatrical, non-acoustical construction of our town hall is considered. Mr. Webber is a born actor, possessing a readiness and another wit all his own. His rendering of the crusty, cranky, but benevolent old lawyer Montgomery, is really artistic. The character of Tom Sharkey, the Engineer, by Mr. H. A. Macdonald, was very fair, as was that of Johnny Kelly, the Irish Sailor, by Mr. Percy W. Marsh. Noah Lennox, the leader of the strike, taken by Mr. Farish, was also well done and applauded, and in fact the whole Company moved on the boards without strain or hitch. The Company will play "East Lynne" to-night, and the famous Irish drama of "Kathleen Macvarnaught" tomorrow night.

GAS-HEATING STOVES.

THESE STOVES can be seen in operation every evening at Mr. G. H. Hazard's bookstore, South side Queen Street, where orders for stoves can be left, and where an illustrated catalogue can be obtained containing every information. The cost of these stoves ranges from \$4.00 upwards. The cost of gas varies from less than one cent per hour upwards, according to the size of the stove and heat required. The great advantage of these stoves is that they will heat any room, nursery or sick room in a few minutes after lighting the gas, the consumption of which can be instantly stopped by turning off the tap, thus preventing any waste of fuel, either before or after the necessary heat is required. No coal to be taken up stairs. No ashes to be brought down. No dust, dirt, or smoke. These stoves are of a most important kind of sickness. At a cost of about one-half to three-fourths of a cent per hour, they will heat the room, and the gas will be shut off at a moment's notice. The gas will be shut off at a moment's notice. The gas will be shut off at a moment's notice.
