## INDICTMENTS IN DYNAMITE CASE

### GRAND JURY RETURNS TRUE BILL IN LOS ANGELES TIMES' EXPLOSION

Los Angeles, Jan. 8.—The grand jury in the Los Angeles "Times" explosion case today returned 23 indictments but it is not known how many persons were named. Wholesale murder by means of dynamite is understood to be the charge set forth in all the indictments, but it is believed that not more than three or four men are mentioned in the true bills.

The return of indictments today followed the disaster that excluded the people of Los Angeles to a degree that for a few days bordered almost upon panic and resulted in the offering of rewards aggregating almost \$100,000.

Two conflicting theories. Union labor, which the Times and its proprietors have opposed, was brought into the situation and when the grand jury was empaneled on October 17, it was confronted with two conflicting theories. One of these, supported by the findings of an investigating committee appointed by Mayor Alexander, was that the Times plant had been blown up by dynamite conspirators. The other, presented by a committee named by the State Building Trades convention, then in session, was that gas was responsible. More than forty witnesses, the majority of them identified with the labor movement, were summoned from San Francisco and other cities. In addition, labor union officials were summoned from San Francisco and other cities. In addition, labor union officials were summoned from San Francisco and other cities.

**EARL GREY MAY NOT GO DOWN MACKENZIE**  
Duke of Connaught's Coming to Canada Next Autumn May Prevent Earl Grey's Visit—In Addition, Coast Has Never Been Chartered for Deep Draught Vessels

Ottawa, Jan. 8.—According to information received tonight it is by no means certain that Earl Grey will make the journey to the mouth of the Mackenzie river and back to Vancouver by way of Behring Straits. News of the intended trip came from a source which Earl Grey was in that city, and was given in such positive terms that no doubts were expressed.

There are several matters to be considered, some of which may prevent his expedition making the journey. One of these is that a Canadian vessel would meet the Governor-General at the mouth of the Mackenzie, but there is the ever-present danger in these latitudes that may delay her return.

The more important consideration, however, is the fact that these coasts have never been properly charted and accordingly the danger to a vessel drawing so much water as the Rainbow would be very great. Earl Grey will go to the Coronation of King George and will return in June, and it is possible that if the Governor-General is then bent upon the trip he may be accommodated on a Hudson Bay steamer, which goes to the outlet of the Mackenzie river every year, and he might return by the same vessel.

While the story of the trip would not sound so romantic as if Earl Grey went by canoe and returned by warship, the same object will be accomplished and he would be certain of getting back on schedule time.

### BANKER LODGED IN TOMBS

Joe. G. Robin Charged With Stealing \$80,000  
New York, Jan. 4.—Joe. G. Robin, banker, was lodged in the Tombs today on an indictment charging him with stealing \$80,000 from the Washington Savings Bank, of which he was president. Bail was fixed at \$40,000. Robin's counsel, L. Jerome, told the court that his client was without a dollar in the world. The hearing on the petition of Robin's sister to have him declared insane is set for tomorrow. The banker was examined today by alienists. Friends of Robin offered bonds for his release but the district attorney announced that he would take the full forty-eight hours allowed to examine the security offered.

### WATCH REVOLUTIONISTS

Puerto Cortes, Jan. 5.—The Honduras revolutionary expedition, headed by General Bona, today arrived at Bay Island and established a base of operations on Italian Island, one of a group lying 166 miles from this port and 49 miles from Lacedba. The next move of the revolutionists is being anxiously awaited by the Davis government. The tactics of the expedition is keeping every one puzzled.

## BORDEN ADDRESSES THE CANADIAN CLUB

### In Toronto—Says If Politics Are Dirty People Are Responsible—Declares Future of Liberal Party Depends on Reciprocity Negotiations

Toronto, Jan. 8.—Speaking before the Canadian Club today, Mr. R. L. Borden, leader of the Conservative party, said:

"How can Democratic institutions be permanent if the foundations are unstable? How can the foundations be stable of the people and especially the children are not instructed in the duties of citizenship? The party system is undoubtedly attended by many evils and anomalies. Work in it until a better way is devised. Let no man consider himself too open and superior to be concerned in political activities. If politics are dirty, you are responsible and it is your duty to cleanse them."

To an interviewer, Mr. Borden made this statement: "The future of the Liberal party in Canada depends to a great extent if not completely, upon the success or failure of the reciprocity negotiations at Washington."

### NOT EFFECTIVE IN CANADA

#### Canadian Steamship Companies Not Affected by U.S. Actions

Montreal, Jan. 8.—That the Sherman anti-trust law cannot be effective in Canada or as regards Canadian companies is the opinion of Montreal steamship officials interested in the announcement from New York that the companies competing the Atlantic conference are made defendants in a suit brought by the United States government.

An official of the Allan Line, one of the companies named, said: "In my opinion this is merely a friendly suit brought in equity by the government to test its jurisdiction. It has none so far as we are concerned."

### COSTLY PRINTERS ERROR!
