### That Resignation.

Yesterday we published copy of the formal letter of resignation, of Mr. R. C. Morgan, as General Manager of the Reid Nfld. Co. There is nothing in the document itself calling for special comment. It merely expresses the desire of Mr. Morgan to tender his resignation for obvious reasons, the chief of which is that he does not feel justified in giving up his prospects with the Canadian Pacific Railway. There is no reason to doubt the accuracy of this, neither can there be any question of Mr. Morgan's bona fides. Whatever relations existed between him and the Company during his brief tenure of office, are best known to the parties concerned. One thing may be noted that Mr. Morgan could not be compelled to remain, if he did not desire to do so. Mr. Morgan either was or was not General Manager of the Railway. The sentence of resignation in his letter implies that he was not altogether clear of the C.P.R. at the time it was written, for this sentence says: "I therefore beg to tender my resignation, and should wish, if convenient to you, to be able to return to Winnipeg at once, before my leave expires." This, coupled with the declaration that he did not feel justified in giving up his prospects with the C.P.R. cannot but be interpreted as meaning that Mr. Morgan was merely down here on leave of absence from the C.P.R. and was in effect an employee of that corporation while acting as real or nominal General Manager of the Reid Company. What else can be deduced from both statements. If then he was an official of the C.P.R. on leave of absence, how could he at the same time be General Manager of the Newfoundland Railway, and how could he tender his resignation, of a position which apparently he had not accepted? Where is the nigger?

Discussing the matter of this most peculiar resignation, our evening contemporary, the Advocate, says it is indeed a matter of the first importance. We thoroughly agree. And it is so important that something more definite should be known about the consequences or causes of whatever brought it about. It was on a proposition of the Government that the appointment of a General Manager for the Railway was considered and accepted by the Company. Consequently, Mr. Morgan came, looked over the ground and quit. Why? Some more potent reasons than those urged in his letter must have influenced such a swift decision. We again agree with the Advocate that this is not a private affair. It is a highly important, public matter, and has now become national. The country is involved to the extent of one and a half million dollars guarantee against losses up to that amount incurred through the operation of the Railway for the year ending June 30, 1922. Therefore the taxpayers are vitally concerned.

They have to find the money, if the amount named goes into loss. All the advice, all the experience of railway men outside Newfoundland should be acquired and sought in order that an economical operation of the Railway, consistent with requirements and conditions, should be obtained. It makes the people furious to think of how many managerial birds of passage may flit across the railway horizon of Newfoundland, within the next annual period, and the Telegram joins with the Advocate in impressing upon the Government the immediate necessity of getting the railway tangle straightened out in order that the interests of company, country and people alike may not suffer.

### "The Veteran."

The September number of the "Veteran," which will be for sale on tomorrow, is a most satisfactory one in every way, in its appearance and in its contents. Its cover is a handsomely designed one with a view of the Memorial to the Sergeant's Mess unveiled near the C. E. Cathedral on Memorial Day, and its printing is of a high order of excellence. Its literary contents are varied and attractive and a special feature of them is an article by Major A. Raley, M.C., C. de G., describing the Battle of Beaumont Hamel on July 1st, 1918, with which the names of Newfoundland, through the heroism of its soldiers, will be forever associated. This contribution to the literature of the war, in so far as it relates to Newfoundland's part in the struggle, is a valuable addition, and it is to be hoped that future issues will maintain the high standard among those on the spot, the proven of our gallant fellows in some of the other outstanding attacks in which our Regiment participated. Other contributions include an article by Corporal Vaters, descriptive of conditions in Germany, where he was a prisoner of war for 18 months; a short story by Mr. A. G. M. King, also of the Regiment; a reprint of the poem on Newfoundland by Lieut. P. E. Goldsmith, R.N., a eulogy of a "British Eskimo," one of the men from northern Labrador, who joined up in the early days of the war, by Lacey Ames; descriptions of the ceremonies attending the unveiling of several War Memorials recently erected in the Colony, and a touching article by Dr. J. Alex. Robinson on the "Debt of Honor and Ways of Paying it in Part."

There are numerous statements of interest to the War Veterans and their friends in regard to pensions, positions, employment and the activities of the G. W. Y. A., in various directions. Virtually every page of the issue has an illustration and the whole makes up a publication of which all connected with it in any way ought to feel very proud.

### Home Reports

#### Herring Plentiful.

Herring are very plentiful at Henley Harbor and vicinity hook and line men are still getting good daily catches. The weather, however, is bad for curing the fish. There is one large vessel loading at Battle Harbor for foreign market. Herring have struck in at Henley and Pleasure Harbors in large numbers, but no one had started catching them up to the time the Home was there, being engaged at the codfishery. Large numbers of people hope to be ready to come to their homes by the next trip of the steamer.

### Police Court.

**STOLEN BAG OF PORK.**—James Aspell, a man well known to the police, was charged with the larceny of a barrel of pork. He pleaded guilty. Constable Bennett stated he saw the man walking up Water Street with a heavy sack during the early hours of the morning. He gave chase and caught the defendant, having to hand him before taking him to the station. Another bag was later discovered on Water Street. Both sacks contained several pieces of pork. Aspell said he took the pork from Shea's. He was sentenced to three months' imprisonment.

**OBSTRUCTED ROAD.**—A youth was charged with obstructing the Log Bay Road by placing a piece of timber across it. Mr. W. J. Higgins, K.C., for the accused, entered a plea of guilty and excused it on the grounds that it was merely a foolish and thoughtless trick. Dr. Mitchell stated that he was driving over the road on Sunday night in his car and discovered this stick lying across the road. His Honor did not think the act a wilful one, although that did not detract from the seriousness of the offence. He took the accused's previous good conduct into consideration and fined him \$5 or 10 days.

**A COMFORTABLE CAMP.**—Two youths were sentenced to three months' imprisonment for the larceny of a tent, a pair of hip rubbers and a troutling rod. They were arrested last night by Head Constable Byrne in a camp which they had made for themselves on the new water line. With their stolen goods they had made themselves comfortable until disturbed by the police. Both boys had served terms before.

### To-Morrow's Cricket.

The Fieldians and Shamrocks will be the contesting teams in to-morrow's cricket match. The Shamrock line-up will be practically the same as that of their previous game, but there will be several changes in the Fieldian team, which will probably be as follows: M. G. Winter, Jr., R. H. Tait, A. Martin, H. C. Hayward, G. Hunt, N. Hunt, W. J. Clouston, F. Bennett, C. E. A. Jeffery, W. A. Reid, H. A. Winter. The match will be played on St. George's Field.

### Mr. Shano's Telegram.

The following telegram was received from Mr. A. W. Shano, Newfoundland Postmaster at North Sydney, in reply to a message from President Ayre of the A. A. A., informing him that our athletes were leaving by Thursday's express:

"Will be delighted to meet the boys. Have reserved for them seats in the parlor car going out Saturday morning. I hope to see them carry back all the honours. Regards. SHANO."

### A Lengthy Remand.

Mr. G. W. B. Ayre asked in court this morning what had become of three men whom he had been engaged to defend on a charge of forgery. It was now over 30 days since these men had been placed on remand and he had heard nothing about the case since. In reply to Mr. Ayre, Inspector General Hutchings said that these men had been further remanded and that the preliminary enquiry would be held during the coming week. As the charge was forgery, under the Summary Jurisdiction Act the defendants had to go for trial before the Supreme Court.

### Caught Redhanded.

**POLICE ARREST PORK THIEF.** Early this morning two constables of the night watch arrested James Aspell on Water Street East, on a charge of having stolen goods in his possession. With Aspell, who is well known in police circles, 150 lbs. of choicest ham butt pork were seized. Another man who was with him, escaped. Aspell and his companion were seen by the police, staggering under the weight of two large sacks. Aspell was arrested before he could attempt to get away but his companion dropped his sack and bolted.

### Fish and Oil Market.

There appears to be very little demand for codfish oil, though a superior parcel is said to have been sold at 80 cents per gallon. The prevailing price earlier in the season was 40 cents per gallon. Common Cod Oil is selling at \$2.50 per ton. But in round lots it is possible to get \$2.50 advance on this price. No. 1 Shore fish, of which very little is coming in, is being bought at \$6.00 per cwt. Five-fifty is being paid for tallow with West India thrown out. The price of good Shore fish is likely to be maintained and very probably advance, much depending on exchange. Regarding Labrador fish there has been a good demand the past few days, and \$5.00 per cwt. is being paid. It is not unlikely that this price will decline as owing to troubles in Greece the money market is unstable. The present demand is on account of shippers wishing to get to market by the Digby, sailing on Tuesday.

### C. L. B. C. Parade.

Last night's parade of the C.L.B.C. was very largely attended. The following officers were present: Lt. Col. R. F. Goodridge, Major Williams, Capt. Henry and Outerbridge, and Lieut. P. B. Rendell, Reid, Mott and Perlin. Lieut. Colonel Goodridge took the whole parade in physical drill, the flag being taken from the Hand which was present under Capt. Morris. Some marching was also done under the Company commanders. A Swimming Club is now being started and on one day a week, the pool at the Seamen's Institute will be reserved for the club. Entries are now being received for the Ping Pong championship of the Officers' Mess which was won last year by Major Raley.

### Proposed Reduction.

The engineers of the Reid Nfld. Co., at the meeting held yesterday, were unwilling to accept the proposed wage reduction of 1 1/2 per cent. No definite action in this respect has been taken by the Company, who still have the matter under consideration. A further conference will probably be held later.

### Kyle's Passengers.

The following passengers landed at Port aux Basques from S. S. Kyle at 7 a.m. to-day and are now on the incoming express due here to-morrow: Rev. M. Fenwick, P. G. McGovern, W. C. Madgett, J. D. Wright, Mrs. Mercer, Mrs. McGrath, Mrs. Kent, Mrs. O'Brien, Rev. Kerwin, H. P. Proctor, Miss Kent, Miss Carroll, Rev. Blount, Mrs. McAvoy, E. St. Clair, H. F. Faris, T. H. Rogerson, Mrs. Rutin, Rev. Fr. Cacciola.

### The Terra Nova Yell.

The new Terra Nova yell which has been adopted by the A.A.A. and which it is hoped will, as it should, meet with the support of local sports "fans" is as follows:

"Rah! Rah! Rah! Yahl! Yahl! Terra Nova Rah! Rah! Rah!"

### Shipping Notes.

### In for Shelter.

S. S. Toray, 12 days out from Emden and bound to New York, where she will load grain, put into port this morning for shelter. The captain was advised by wireless last night that a storm would likely be in his vicinity to-day. Being light in ballast, he thought it advisable to put in here out of danger. While in port the ship, which is on time charter, will have some necessary cargo fittings installed. The Toray is a new vessel, built in 1920 at Dumbarton. She is fitted as a fuel oil burner, is 4,311 tons gross and 2,889 nett, with a length of 400 ft., breadth 52 ft., and depth 25 ft.
