YORKSHIRE

CATTLE FEEDER

For Fattening and Bringing into Condition Horses, Cows, Calves, Sheep and Pigs.

It is highly recommended by the Professors of the Veterinary Colleges of Great Britain. It is possessed of purely vegetable extracts in a condensed form. It regulates and keeps the stomach in a healthy condition. It is held in high reputation by first-class breeders of Europe and Canada. Stock fed with the **Yorkshire Cattle Feeder** have in every instance wherever exhibited, taken the first prizes. It has been awarded congratulatory recommendations from agricultural societies for the great benefit they have derived from its use in the raising of stock. It fattens in one-fourth the usual time. Price 25 cents and \$1.00 per box. A dollar box contains two hundred feeds. Sold everywhere and by all Druggists.

Hugh Miller & Co., Proprietors.

An indulgent Kansas parent sold his cooking stove for eleven dollars, in order to take his thirteen children to a circus. He says a circus only comes two or three times a year, and, besides, he never had much to cook on the stove, anyhow.

There is small chance now for the ultimate freedom of the Chinese coolies in Cuba. These poor creatures have been compelled by official decrees and regulations to work for a beggarly fixed pittance—just sufficient to maintain an existence. Now, by a new decree, they are told that, unless they leave the island forthwith, they must make new contracts which shall run not less than six years. This is fine irony; the coolies have been kept from earning money enough to pay their passage from Cuba; now they are remanded to bondage if they stay.

It took a train of twenty-two cars to carry the first instalment of the French war indemnity to Berlin, with two locomotives, and, of course, a large number of legal tenders.
