Says Thaw Reasons Well

The witness said he saw nothing irrational in this line of reasoning. He said that the last time he examined Thaw was on June 12. At that time he asked Thaw what the greatest mistake he had made in his life was, the witness said, and Thaw answered:

"The killing of Stanford White. But the factor over which it occurred had passed away from me, therefore 1 consider it of no importance."

Busse, were similar to those of the former senators, each testifying that he had known Mr. Darrow for twenty years or more.

Former Mayor Hempstead Washburne paid a high fribute to the defendant. "As a lawyer and citizen," he said, "his reputation was of the highest possible character. He has a clean and high reputation as any man in Chicago, and his word was better than some people's bond. His reputation in the water about fif
in the witness said he saw nothing irrational in this line of reasoning. He said known Mr. Darrow for twenty years or more.

Former Mayor Hempstead Washburne paid a high fribute to the defendant. "As a lawyer and citizen," he set possible character. He has a clean and high reputation as any man in Chicago, and his word was better than some people's bond. His reputation now is as good as it ever was."

"I had been in the water about fif-

passed away from me, therefore 1 consider it of no importance."

Dr. Carlos F. MacDonald, who was the last witness for the state, said that, in his opinion, Thaw was "born a potential paranoiac and has never arrived at a normal mental stage."

Under cross examination by Shearn he admitted that he had received about in Thaw's two trials.

Darrow's reputation of James Hamilton Lewis was the last one read today. He told of the offices he had held and those to which he had aspired. The election of Edward F. Dunne to the mayoralty of Chicago in 1905 he aspired the floating deck of the arsenal, and so felt more than ordinarily secure. But looking around I saw an enormous tentacle was "good—high class."

Depositions of many other prominent "I had been in the water about fifteen minutes." he told a correspondent, "when I felt a strange movement in my neighborhood, I was at a depth of 33 feet, directly under the floating deck of the arsenal, and so felt more than ordinarily secure. But looking around I saw an enormous tentacle was was wrapped about my legs and a second was twined around my waist.

Depositions of many other prominent "I gave myself up for lost. The Chicago jurists and lawyers will be dagger I usually carry when working when finally chosen will not lack digin dangerous water I had not thought
