AN ENGLISH COLONY ON LONG ISLAND.

New York, May 28.-Negotiations have been carried on between several wealthy Englishmen and Long Island real estate men for some time with a view to forming an English coloi. on Great by Long Island, similar to the seeby settlement in Tennessee. Joseph C. Willis, of London, and Enderby Dunsford, of Torquay, Devonshire, are said to be the prime movers in the scheme. They have recently closed a contract Charles F. Smith, of St. James, for the purchase of 1,000 acres of land on Long Island for \$75,000, securing the property in the interest of about 50 wealthy young Englishmen, who intend forming a colony at this place for the purpose of carrying on scientific farming. The colony will be run on a syndicate plan as far as the earnings The settlement will are concerned. only be open to bachelors at present. Mr. Smith, who sold the property, said he understood that twelve to fifteen farmers will stay at the colony throughout the year, but the majority the colony of the young men interested will stay in America only for a few months each

Rides From Tops of Buildings and Col lides With Street Cars.

Charles G. Grant, the champion trick bicycle rider of the world, gave an exhibition of his riding on Dundas street, in front of Reid's hardware, on Saturday night, and attracted several thousand people. The crowd became so great that the police had to stop the exhibition, as traffic was completely blocked. Grant then proceeded to the Market Square and performed numerous tricks. He jumped over boxes, boys and chairs, and did many other difficult feats. He also rode up on the fender of several moving street cars, and did the balance act. This cars, and did the balance act. SONS OF ENGLAND

Attend Divine Service at the Wortley Road Baptist Church-Eloquent Sermon by the Pastor.

The rain that had fallen for some hours before the hour set for march interfered materially with the success of the Sons of England church parade yesterday afternoon. So muddy had physicians, and though they are slow to the roads become that the idea of marching to the Wortley Road Baptist Church, in South London, where the Dr. Chase's Ointment as the most sucservice was to be held, was abandoned, and, without a band, some represent-atives of the order and of St. George's Society, to the number of 100, walked on the sidewalks to the church. The pastor, Rev. W. M. Walker, preached from a text chosen from the first verse of the first chapter of Hebrews. He besought them as members of a great brotherhood, to consider Jesus, and to ponder upon the great blessings that might be derived from membership in that greater body, the brotherhood of the sons of God. In considering Jesus, who was greater than the temple or the priesthood, the greatest of all sacrifices, the true High Priest of God, they would find that in him there was beauty and help and strength for each. While they, as Sons of England, might well be proud of their hearing of Dr. Chase's Ointment I name, there was a greater name, that of the sons of God, and one brotherhood was greater, the brotherhod of Jesus. This implied a common fatherhood, and when men got away from God they got away from one another. It was the conception of the divine fatherhood of man that was drawing men together today. Christ was the ideal brother, and in considering him they should consider his love and kindness and selfsacrifice.

In a reference to the Order of the Sons of England, he spoke of their patriotism, and laid stress upon the fact that great blessings involved great responsibilities. It was his belief that one of the great reasons why power was being taken away from the republies in South Africa was because they did not recognize their great responsibilities, and instead of raising the heathen all about them, they crushed them

ITCHING PILES.

A Middlesex Farmer Who for About Five Years-Cured by Dr. Chase's Ointment.

It is doubtful if there ever was a remedy that was indorsed by such an overwhelming mass of evidences as is Dr. Chase's Ointment. The remarkable soothing, healing qualities of Dr. Chase's Ointment are a mystery to recognize merit in any discovery they join heartily with people of other callings in indorsing and recommending cessful treatment ever devised for piles and itching skin diseases.

The following letter from a pro-minent farmer of Middlesex county is a sample of thousands of such letters on file in these offices. It goes to prove the claim that Dr. Chase's Ointment is an absolute cure for piles, and this claim is made because in the past 30 years Dr. Chase's Ointment has never been known to fail to cure

Mr. F. G. Harding, retired farmer, living at Nilestown, Middlesex county, Ont., writes as follows: "I have been troubled with bleeding and itching piles for four or five years, and suffered intense agony at times, I had tried almost everything, but could get nothing that would give relief. On procured a box, and it only required part of it to cure me. I am recommending it to all afflicted as I was.' Dr. Chase's Ointment is sold by all dealers in every part of this continent, and is recognized as the one positive cure for piles and itching skin diseases. 60 cents a box.
