Any Book by Mail, 22c Extra for Postage

UNLESS REVOLT IS CHECKED UNITED STATES WILL INTERVENE

Cuban Government Must Make Prompt Restoration of Order If American Sailors and Marines Are to Stay Off the Island Republic.

Washington, D. C., May 27. — Only prompt restoration of order by the Cuban Government can now keep United States marines out of the territory of that republic. Communications exchanged between President Taft and President Gomez in the last twenty-four hours have demonstrated the one fact that the United States is firmly determined to afford all protection necessary to the American interests in Cuba and American citizens in that island. Either Gomez must check the negro revolt or the United States will protect its own. Col. Karmany now has authority to send his marines beyond the Guantanamo reserve if he deems it necessary after arrival there.

COUNCIL OF WOMEN DISCUSS CONSERVATION OF HEALTH

Clean Milk, Better Registration Laws for Nurses, Public Abattoirs, Etc., Advocated by the Speakers at Last Night's Session in the Normal School.

Clean milk, better registration laws for nurses, the responsibility of the state toward its infant children, and the need of public abattoirs, were among the subjects discussed by the National Council of Women last night in the course of a symposium on "The Conservation of Health." Miss Mackenzie, who spoke on "What the Conservation of a Nation's Health Means," laid stress on the importance of healthy parentage. "Only the physically fit should be allowed to become the parents of the nation's children," she declared. She expressed the hope that in time through the advance of intelligent methods of treatment disease would be entirely eliminated.

Impure Milk. Mrs. Short delivered an interesting address on the subject of tuberculosis. "Why is it that knowing an impure milk supply to be one of the chief sources of infection by this dread disease, we do not insist upon the application of the tuberculin test on our dairy cows. Simply because of the prestige of commercial interests. 'Oh,' they say, 'if we do this we will bother the farmer, so that he will not keep milk at all, the business of dairying will become unprofitable, and we shall have a milk famine to contend with.'"

"Now, in the six cities of Canada which make use of the tuberculin test, this has not proven true. Moreover, if it is an injustice to allow the farmer to suffer the loss of a few cows whose milk is a menace to the public health, how about the fruit farmer, who must suffer the loss of his peach orchard because it has become diseased? Just as the fruit farmer benefits in the long run from the destruction of the infected trees, so will not only the ordinary man, but also the whole community be benefited by the slaughter of tubercular cattle."

The Meat Supply. "Then there is our meat supply, another source of infection. In Germany, where all the cattle are killed at public abattoirs, the meat is carefully examined for tuberculosis. If entirely free from the disease it is

Trying Time on the Kidneys

No wonder there is so much backache in the spring, so much fatigue and lassitude from poison-laden systems. The accumulated winter poisons must be swept from the body. The kidneys make every effort to purify the blood, but the changing temperature of spring plays havoc with them. Congestion follows, the kidneys fall in their work and there are backache, headache, tired feelings and too often serious developments. You can help the kidneys wonderfully by using Dr. Chase's Kidney-Liver Pills. In a few hours the backache will disappear, and a little patient treatment will restore the activity of kidneys, liver and bowels and thoroughly purify the blood. No medicine is so satisfactory as a means of removing the cause of chronic and acute indigestion, constipation and kidney and liver derangements.

APRON CAUGHT FIRE BURNS PROVE FATAL

Toronto Lady Fatally Injured While Lighting a Gas Stove.

Toronto, May 28. — A distressing accident happened at the home of T. H. Lee, 41 Roxboro east, Rosedale, yesterday, when his daughter, Miss Florence C. Lee, received burns which within a short time caused her death. The accident happened at a o'clock in the morning, when Miss Lee was lighting a gas heater. As he touched the match to the burner the flames spread out unexpectedly by heavy pressure, and her apron caught fire. With a cry of alarm to the other members of the family she ran into the dining-room. This only served to make the flames spread more and more to her other garments and before help reached her she had been terribly burned.

Doctors were called in and a careful watch was kept over the unfortunate lady, but her injuries were so serious that she died in a short while. Miss Lee was the third daughter of Mr. T. H. Lee, the well-known wholesale jeweler of Wellington street. She was a sister of Mr. Thomas R. Lee, of 71 Lowther avenue, Mrs. W. K. George and Mrs. Jacques. The funeral will be private.

ALMOST A TRAGEDY AT ROYAL PARTY

Runaway Horses Endangered Lives of Several Guests at "Benvenuto."

Toronto, May 28. — The garden party given by the Duke of Connaught on the final day of his visit to Toronto at Benvenuto yesterday was marked by an accident that would have terminated fatally but for the heroism of one of his royal highness' officers and a policeman.

When the guests were arriving in their carriages, a team of horses, at the top of Avenue road hill, became frightened and madly dashed down on the visitors. At the entrance to Benvenuto the horses suddenly swerved and throwing the two women occupants and the coachman to the ground, struck a passing street car. The impact threw the vehicle against a private carriage from which a lady guest was alighting.

Both carriages were smashed, and the lady and coachman carried in the wreckage. The two runaway horses dashed among the numerous carriages near by, but an officer of the royal household and a policeman plucked the reins of the animals and stopped them. The officer was slightly cut about the hands before the horse he held was subdued. The two ladies and the driver of the street car were uninjured. The officials declined to give their names.

The accident created great excitement among the waiting guests. The garden party was the largest attended event of the party's stay in the city, over 1,500 people being present.

ALBERTA BY-ELECTIONS

Reorganization of Cabinet Causes Voting in Five Ridings

Edmonton, May 27. — By-elections took place in five constituencies today as a result of the reorganization of the Liberal Provincial Cabinet. The complete returns will be very late, owing to the wide extent of the constituencies.

At midnight the following had been received: Edmonton—Twenty-six polls out of sixty-two give Hon. C. W. Cross, attorney-general, 400 majority. His total majority will likely be over 1,000. His opponents are A. M. Ewing, Conservative, and James R. Knight, Socialist.

Sturgeon—Nine polls give Hon. J. R. Boyle, minister of education, 152 majority. A. Williamson Taylor is the Conservative candidate.

Calgary—Twelve polls give Hon. Malcolm, provincial treasurer, thirty-one majority over Dr. McMillan, Conservative. Contest very close.

Marston—Wolf, Liberal, probably defeated by John Parrish, Conservative.

Sedgwick — Hon. Charles Stewart, Liberal, minister of municipalities (a new portfolio), probably elected over J. E. Clarke, Conservative, by a large majority.

Doctors Condemn Oily Liniments

Public Are Warned Against Strong-Smelling, Oily Liniments Containing Harmful Acids and Ammonia.

Many people have clung to the old-fashioned idea that a thick, greasy liniment is the best kind. Doctors say not—and they know. Recently a number of these white, oily liniments were analyzed, and they were found to contain an enormous high percentage of harmful acids, and such irritating chemicals as ammonia, etc. For the moment they may cause a warm sensation when first applied, but their continued use never cures rheumatism, and only deteriorates the skin, sets up inflammation, and causes endless trouble.

When a doctor warns you to quit using a white, oily liniment—do so. He knows that a thick liniment can't penetrate, can't sink through the pores and reach the seat of the pain.

DICTIONARY OFFER BEST EVER MADE

The instant popularity into which the remarkable Webster's New Illustrated Dictionary sprang when The London Advertiser offered it to the public at such astonishing figures has steadily increased. A large number have already been disposed of at The London Advertiser Office. As expected, the single No. 1, the limp leather bound edition, is the most popular. Every one should be willing to take the trouble of clipping six coupons from The London Advertiser for the purpose of obtaining so fine, so comprehensive, so up-to-date a volume of information as this one is.

It may fairly be called an encyclopedia in small form. But though its form is small, its range of subjects is vast. For it is printed on the finest Bible paper, and with its flexible leather binding it becomes the most compact compendium on the market today.

Everybody is talking about the dictionary. Not only in The London Advertiser Office, but on the streets, in the cars, you hear people discussing the little volume, which, as if by magic, has gathered into handy form all important information of an era.

In it are included charts of the most useful statistics, hundreds of pictures, many of them in costly color-plate form—pictures that combine information with beauty.

There are also the special departments known to the big dictionaries. The book is thoroughly up-to-date, containing all the words that have come into the language with the progress of modern invention, education, scientific discovery, and so forth.

When you know that you can get this valuable book for six consecutive coupons, clipped from The London Advertiser and a small expense bonus, you surely should not miss the opportunity.

RISKED HIS LIFE TO SAVE THREE-YEAR-OLD

Samuel Walton Proved Himself a Hero in Bad Fire at Courtwright.

[Special to The Advertiser.] Courtwright, May 27.—At about 4:30 p.m. on Monday, the fine home of Mr. William Stratton, south of the town, on the river front, was burned to the ground. Most of the family were at afternoon church service. Mr. Stratton himself was back at his home, and Miss Ethel was alone in the house with the little three-year-old son of her sister, Mrs. James Smith. The child was asleep in an upstairs bedroom, and was forgotten in the confusion. Passing by in the house, while the place was in flames the villagers managed to get the piano and some rugs and furniture out.

Only then, after the fire had gained great headway, was the sleeping child thought of. Mr. Sam Walton placed a ladder and made his way up to a front window, smashed it in and groped his way around in the blinding smoke. He could hear a faint cry, but could not find the door leading to the room in which the child lay. Four times he was compelled to go back for air, but with renewed energy he forced his way back once more, and, locating the door, got into the bedroom. The room was black with smoke, and, following the cry of the child, Mr. Walton groped his way to the bed and got the little lad. A cheer went up when man and child appeared at the window, and willing arms received them. Mr. Walton's lungs were filled with the smoke, and his face and arms badly scorched with the heat.

When it was found the house was beyond saving, the men turned their efforts to saving the new salt block, which is under construction in the next field to Mr. Stratton's house. Manager Norwood Leach and former proprietors, having retired, were working at the pump, and spraying water from the river and wetting the roof of the block. Many a Sunday suit was spoiled, as all, young and old, worked to check the flames.

Many Londoners are familiar with this home, as it has been a very popular boarding-place for them in the summer for a number of years. Great sympathy is felt by all for Mr. Stratton in the loss of his home. Financially he was well insured.

The Bedford House changed hands on May 24, when Mr. Cameron, of Strathroy, became the new proprietor. A Bedford & Sons' former proprietor, having retired to private life, and are living in Miss Stewart's house at the north end of the town.

FRIENDLY CAT CAUSED SERIOUS ACCIDENT

Jumped on Horse's Back and Woman and Children Were Hurlled Out.

[Special to The Advertiser.] London, May 27. — As Wm. Longman was untying his horse which was tied at his father's gate, in the village, a cat leaped onto the horse's back and frightened the animal. In making a quick turn it threw Mrs. Longman and the three children from the rig. All escaped injury except Mrs. Longman, whose limb was fractured in two places at the ankle. Mrs. Longman was carried to the home of C. H. Manning, where the fracture was set by Dr. Allison.

Rev. H. and Mrs. Mackenzie, of Cleveland, Ohio, spent a few days with the latter's mother, Mrs. G. Johnston, also at the home of Mr. F. Johnston, brother of Mrs. Mackenzie.

Jno. Brunson spent the holiday with his grandson, Arthur, at London, and Bert at Port Colborne.

Mr. and Mrs. W. L. Merritt, of

LOST VITALITY Caused by Kidney, Stomach and Bowel Disorders

St. John, N. B., Sept. 18, 1911.—My brother was a great sufferer from kidney, stomach and bowel troubles and was given up by two doctors. He was advised to try my Filig Pills, which he did, and after taking five boxes was completely restored to health and is better today than he has been for years. You can't recommend Filig Pills too highly. F. W. MANVERS.

At all dealers, 25 and 50 cents, or the Filig Pill Company, St. Thomas, Ont. Sold in London by Taylor Drug Company, 239 Talbot street.

\$7 Off List Prices for Ladies' Tailoring for a Limited Number of Orders

Sufficient only to keep our staff and machines running during the month of June, after which this workroom will be closed for the holiday season (about four weeks). This is an extraordinary opportunity, and means that you practically get the material for your suit for nothing by ordering now, as five yards is the average suit length for the present styles, and the advance styles for fall show very little change excepting a few inches in the length of the coats.

If you want a suit for going away on your vacation, and many wait until then in order to have their suit fresh and new, and order a suit which may be worn through the fall season. To get such a reduction on suit-making is very unusual at this season of the year, and many June brides will also appreciate the opportunity, but we will have to confine the number of orders to a limited number, as we must close down by July 1st in order to give our staff their annual holidays, and would remind you that you must act quickly, as one day may bring more orders than can be turned out in that time. When we have taken sufficient work special prices will be discontinued without notice, and this will be the only mention that will be made of same in the papers, as one day following such notice in past seasons has brought more orders than we are in a position to handle this season. Goods must be selected when order is given in order that we may get work started at once. Here are a few of the prices, from the lowest to the highest, which vary according to the length of coat and quality of lining used:

Ladies' Tailored Suit, making and trimming \$26.50, now **\$19.50**
Ladies' Tailored Suit, making and trimming \$29.00, now **\$22.00**
Ladies' Tailored Suit, making and trimming \$31.00, now **\$24.00**

These prices cover all the popular length coats with the different grades of coat lining, mercerized Italian and imported satin, including Skinner's at \$1.25 yard. Inquire at Dress Goods Counter.

Linens of Quality, Greatly Reduced Prices AN OPPORTUNITY FOR JUNE BRIDES IF YOURS IS THE LUCKY INITIAL.

In going through our special order department we find we have a number of Initials Sets which were ordered at different times, and for unknown or unforeseen reasons have not been taken, and have not been offered in regular stock, as first we must get the customer with the initial, otherwise these are of little interest, but at the prices we now quote for these high-grade goods, many may take the trouble of picking out the needlework and initialing in your own letter or monogram.

INITIAL "E"—One cloth, 2x3½ yards, and one dozen 27-inch napkins to match, double damask, hemmed, laundered and finished ready for use. Initial "E" beautifully worked on cloth and napkins. A bargain for the E's. Regular \$15.00 set, sale price **\$10.00**

SMALLMAN & INGRAM LIMITED

Thermo Bottles, Pint Size, Special, \$1.00.

BEEF AT RECORD PRICE

Sells Wholesale in New York at Highest Figure Since 1882.

New York, May 28. — The highest highest price since 1882 was reached by beef in the wholesale market here yesterday, when it sold at 13½¢ a pound in bulk. It is said to mean from 15¢ to 20¢ a pound increase for prime meats at the retail butcher shops. The primary cause of the high price, the wholesale men say, is the continued scarcity of cattle. Small retail dealers continue to talk of ruination of their business, because consumers are greatly curtailing meat purchases.

REV. DR. MAHONEY HONORED.

Hamilton, May 27.—At the conclusion of pontifical mass in St. Mary's Cathedral yesterday, Bishop Dowling announced that Pope Pius X. had bestowed the honor of the purple on Rev. Dr. Mahoney, vicar-general of the diocese, and had made him a domestic prelate.

QUEBEC BANKER DEAD.

Montreal, May 27. — The death took place here this morning of Mr. J. A. Prendergast, general manager of the Bank of Hochelaga for the past 25 years. The deceased was born in Quebec City in 1844. He was a vice-president of the Canadian Bankers' Association for many years. He read a paper on Canadian banking methods before the New York State Bankers' Association in 1904.

LIFE-SAVER DROWNED.

New York, May 27.—Carl Jessel, a young life-saver with a record of saving more than twenty lives during his two years' service, was himself drowned last yesterday in the Hudson. He had gone out in a canoe to protect boating parties. His craft upset and he apparently received a blow on the head that made him unconscious. He went down immediately.

Jessel's most notable rescue feat was the saving on a single occasion of ten sailors of the battleship New Hampshire, when their boat upset at One Hundred and Fifty-eighth street, at the time of the visit of the big fleet.

For soreness of the muscles whether induced by violent exercise or injury, Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by all dealers.
