

## CONSUMERS OF GAS UNLIKELY TO SHARE FUND

Calder's Audit Said To Justify Producers in Higher Charge.

**REPORT KEPT SECRET**  
Company Officials Intimate That Slight Refund May Be Recommended.

The report of Alex. G. Calder on his audit of the books of the City Gas Company is in the hands of City Clerk Baker. It was sent to the city hall Tuesday morning.

Considerable secrecy is being maintained as to the findings of Mr. Calder. City Clerk Baker has not read the report. Mayor Wilson has not even seen it. Officials of the City Gas Company declare it is not their place to make the contents public and Mr. Calder is out of the city.

However, it is learned from one source that on the basis of the present audit, there will be not much of the ten-cent fund, which has been set aside by the company, to go back to the people. It will be after May 3, when the audit will be completed, that the real facts will be known. Officials of the Gas Company would not say they were entirely pleased with the audit and would not say that there was nothing to go back out of the ten-cent fund.

When the legislature granted the Gas Company a rate of \$12.50 per 1,000 feet of gas sold, 10 cent should be set aside. At the end of the period an audit would be made and if it was found that the costs of producing gas were so low as to give the company an undue profit at \$12.50, the monies contained in the 10-cent fund would be refunded to the people.

The report of Mr. Calder will, however, be useful when the legislature is considering the application of the Gas Company for the retention of the present charge of \$12.50. The city proposes to fight the application and the audit, made by Mr. Calder on the order of the Ontario Railway Board, will likely be the guiding force for the private bills committee of the legislature.

The real disposition of the large fund piled up during the year will not be made until after Mr. Calder will complete the audit after May 3.

## \$8,000 OFFICIAL STILL CUTS HAIR

Hamilton, Feb. 14.—Although H. J. Halford is in receipt of a salary of \$8,000 a year as chairman of the Workmen's Compensation Board, that does not prevent him from following his old trade of barbering on occasions. He rented his shop to his son, and when his son's shaved at night the father, in spite of his \$8,000 salary and the weighty matters of the compensation board, did not too proud to help his boy with a razor and scissors.

Mr. Halford has found that he has not time to continue as vice-president of the Dominion Trade Union Congress, and has resigned that position.

## PRESCRIBES CANDY FOR FLU PATIENTS

London, England, Feb. 14.—Sugar candy is being used with successful results as a remedy for muscular weakness of the heart after influenza.

"I was sent for on Sunday to see an old woman of over 80, with a pulse of 10 beats to the minute," said Dr. Thompson of Sunbury-on-Thames. "I gave her sugar candy at once, and next morning her pulse was down to 88."

Dr. Thompson is now prescribing sugar candy for many influenza patients that the local chemist cannot get enough.

## CANADA GAZETTE ENDS YEAR WITH BIG PROFIT

Ottawa, Feb. 14.—(Canadian Press).—The publication of the Canada Gazette resulted in a gain in revenue during the last financial year of \$17,960.51. In this period, paper for the publication cost \$11,716.63, printing and distributing \$28,895.91, and translating and editing \$2,688.62. On the revenue side, subscriptions brought in \$5,251.00 and advertising \$55,230.57. Of the circulation, 1,259 copies were distributed gratis and 1,221 copies to subscribers.

## GOVERNMENT SPENDS \$183,657 ADVERTISING

Ottawa, Feb. 14.—(Canadian Press).—During the last fiscal year government advertising in newspapers cost \$183,657.65, as compared with \$255,682.30 for the fiscal year 1919-1920, and \$222,197.21 in 1918-1919, according to the report of the department of public printing and stationery for the year ending March 31, 1921. The high figure for the year 1918-1919 is accounted for in part by the fact that it included the advertising for the Victory Loan in 1918, which amounted to \$184,044.59. Ontario tops the list in amount expended last year, the total reaching \$73,115.81.

## FIRE DESTROYS OTTAWA WHOLESALE GROCERY

Ottawa, Feb. 14.—The wholesale grocery warehouse owned and occupied by John Dover & Sons at 21-23 York street was practically destroyed by fire which broke out about 2 o'clock this morning, and the contents were probably a complete loss. The building, which was purchased by Dover & Sons some ten years ago, was valued at about \$25,000, while the stock it held was valued at \$60,000.

Two policemen turned in the alarm. The origin is a complete mystery. The adjacent premises at 7 York street, occupied by Joseph Grant, wholesale grocer, were protected by a fire wall, but soon filled with smoke and much of the stock was damaged.

Mr. Grant had a stock of \$100,000. To the east the premises of T. H. Blackburn & Co., wholesale fruit, and the families of Andre Gauthier and Joseph Lalonde, suffered heavy loss by water.

## MCLARY'S SOCIETY ELECT OFFICERS

Fortieth Annual Meeting of Benefit Organization Is Held.

The fortieth annual general meeting of the McClary Manufacturing Company's Employees' Benefit Society was held Saturday. The officers elected for the current year were: President, C. W. M. Gartshore; vice-president, F. J. Delaney; 1st vice-president, J. M. Pirie; 2nd vice-president, George Moll; 3rd vice-president, J. W. D. Wyse, secretary-treasurer; James S. Lindsay, assistant secretary-treasurer; and F. J. Delaney and R. E. Pearce, auditors.

A ballot for medical officer to attend the members of both plants was taken, the retiring doctor, Dr. Cameron Wilson, being re-elected. A notice of motion, re payment of sick benefits to be withheld from members in receipt of the workmen's compensation allowance, was lost, as also was a motion to increase the sick benefits from \$3 to \$3.50 per week.

A motion to levy 10 cents per member upon the death of a member in lieu of the \$50 now being paid upon the death of member, was carried; also a motion that a levy of 5 cents per member be made upon the death of a member's wife. Motion was carried.

The report and balance sheets presented for the year ending 31st January, 1921, were adopted.

The total receipts for the year ending 31st January, 1921, were \$5,916.18. Sick claims \$3,236.00. Death claims (six members and twelve members' wives) 600.00. Medical attendance and secretary's salaries and expenses 1,691.18. Balance in bank 389.00. W. M. Gartshore was in the chair.

## SENDS STAMATIS TO JAIL FOR WEEK

Magistrate Orders Man Be Examined As To Sanity.

"What am I here for this time?" demanded Constantine Stamatis, when he appeared before Deputy Police Magistrate P. H. Bartlett in police court Tuesday morning.

"Because you are dangerous to be at large," said Mr. Bartlett. "I saw some of the letters that you wrote to Mrs. Martin."

"I'm just practicing English," stated the prisoner.

"He put that letter on my door, and lots of others," declared Mrs. Martin. "I've seen the letters and no one in his right mind would have written them," stated Mr. Bartlett. "I'm going to send you to jail for a week in order that you may be examined by the jail physician."

Stamatis, who owns the house the Martins reside in on Elizabeth street, was previously haled to court for having smashed the windows of his own house and for cutting off the plumbing. He was bound over to keep the peace by Mr. Bartlett, before Christmas.

## HOBOS SEEKING BED EXCITES SUSPICION

Farmers Near City Turn Out With Guns and Pitchforks.

That district known as "The Gore," east and south of the city limits, could well be termed an armed camp late Monday night. Farmers were on the job with shotguns, rifles, pitchforks and revolvers when the news was passed around that a man had been rounded up in the barn of Thomas Beattie.

Provincial Constable Palmer was summoned from his cosy cot at 1 o'clock Tuesday morning, and with George Tustin proceeded to the scene of action. On the way, however, they met a band of farmers hustling a man along the road, who gave him names as Alexander McIntosh and his place of residence, Hamilton.

The constables took him in charge and McIntosh appeared before Squire Chittick, Tuesday morning, on a charge of vagrancy. He was remanded to jail.

The farmers living east of the city have been losing chickens at an alarming rate and are more than anxious to discover the culprit or culprits. It was thought that the lonely hobo seeking a night's snooze in the hay might have been implicated in the thieving, but this is not the view held by the police at the present time.

## REFORMS IN PRINTING BRANCH COST \$162,475

Ottawa, Feb. 14.—(Canadian Press).—Reorganization of the department of public printing and stationery during the financial year ending March 31, 1921, cost \$162,475.26, according to the departmental report. The parliamentary appropriation for this purpose was \$167,000.

The investigation of the royal commission of inquiry with regard to the material and equipment purchased and sold cost \$1,425.30.

The reason was a sensational advance in Liverpool and other foreign market centers while United States exchanges were closed during yesterday's holiday. May delivery, the most active trading option here, opened at \$13.7 to \$13.93 as compared with \$13.3 to \$13.3 1-8 on the close Saturday.

## COMPANY REPORT SHOWS PROGRESS

The report of the London Life Insurance Company for 1921 emphasizes still more strongly the remarkable vitality in a life insurance business properly conducted. The year 1921 has been about the first normal year since the opening of the war for the life insurance business, and the achievements of the London Life therein are exceedingly gratifying to all interested in the company.

Notable items in the report are the high class of securities held, actually reduced proportion of arrears of interest, the placing of all the company's "ordinary" business on a full 3 per cent reserve standard and the placing of the weekly premium reserves on the highest standard in use on the continent for such business. The interest rate allowed, the good increase, and the mortality rate in the "ordinary" branch was only 35.2 per cent of that expected.

## PLAN COMMISSION TO UNIFY SPENDING

Various Civic Departments Propose Joint Finance Body.

On Thursday afternoon the special committee named at the recent conference of civic department heads will meet to draft a scheme for the inauguration of a commission to handle the municipal works for a year.

A draft bylaw has been prepared and if it is adopted in anything like the form in which it has been prepared it will give the city a commission to deal with all legislative matters.

The proposal is that the commission shall be composed of one member from each body. They shall be appointed by their respective boards. Legislative matters which they launch can be rejected and sent back by any board on a two-thirds vote. It shall then be reconsidered. Matters of administration shall rest entirely with the several boards and council.

The commission will be asked to pass upon all estimates, and it is proposed that no body shall appropriate, expend or direct the expenditure of any moneys unless certified by the commission. All debt or estimates or debts will now come under this provision, however.

Each body will have to pass a by-law adopting the commission scheme and this will be authorization for the different representatives to act on the commission. To withdraw from the commission it will be necessary to give notice in writing.

The proposed measure also provides for the appointment of a finance commissioner and the proposed duties are outlined in a manner similar to the resolution passed by the chamber of commerce.

## READS PAPER ON "MUSIC OF CHOPIN"

A paper on "The Life and Music of Chopin," considered one of the most important ever heard by the "London Organists' Club," was given by W. A. Bluthner at a meeting of the club in his home on Princess avenue, Monday evening.

Mr. Bluthner detailed the political conditions during the lifetime of Chopin and pointed out the influence of each condition on his music. He brought to bear upon his music, the tragedy of Poland was shown in all the great musician's work.

The paper was most interesting from both an historical and musical point of view.

## BETHESDA HOSPITAL IN SOUND CONDITION

The books of the Bethesda Hospital, under the auspices of the Salvation Army, again show the hospital to be in a sound financial condition. In order to counteract a deficit Adjutant Martin stated that it had been necessary to ask grants from the councils of various towns and cities in this district. The army have had to cope with a \$3,000 overdraft from last year, but owing to generous response to the appeal for assistance finances at present show no deficit.

## BALFOUR PLEASED AT SUCCESS OF PARLEY

Southampton, England, Feb. 14.—Arthur J. Balfour, head of the British delegation to the Washington arms conference, and Lord Lee of Fareham, first lord of the admiralty, were officially welcomed by the mayor when they disembarked this morning from the liner Aquitania on their return from the United States.

In the course of a speech, Mr. Balfour expressed gratification at the accomplishments of the Washington conference, and said he had been greatly impressed by the incessant zeal and desire to arrive at settlements of the various problems displayed by the nations represented. He had no doubt the treaties would be ratified in this country and hoped the other countries would fall into line.

Lord Lee expressed similar sentiments and declared he believed a satisfactory way of dealing with naval problems had been reached.

## SOUTH AFRICAN MINERS FAIL TO START WORK

London, England, Feb. 14.—Reuters correspondent at Johannesburg, South Africa, cables that on Monday afternoon few engineers, upon whose aid the success of the effort to restart the mines where the strikes have been in progress for some time, returned to work, but insufficient miners had turned up to enable a resumption of operations. The managements of the mines have warned the strikers that it will be impossible to take on all the old hands.

Fifty-six men have been arrested for picketing in defiance of the prohibition against picketing. The supreme court has refused the application for the release on bail of five labor leaders who are under arrest.

## ENGINEER'S STAFF PROVIDES PARTY

Second of Delightful Events Held at City Hall Monday.

The members of the staff of the city engineer's department were hosts of a little informal evening at the city hall Monday night. It was the second event of the kind which has been held of late, the treasurer's staff showing the way. And both have proven deservedly popular.

In the past social events among the staff have been conspicuous by their absence, but with the ice broken it is proposed to have social evenings frequently in future. The decorations from the last event were left up, and the guests of Monday night were entertained in the auditorium and offices.

Cards and dancing were indulged in and a royal good time fell to the lot of all present, the assistants of the city engineer proving excellent hosts and hostesses.

Mr. Dawkins, of the engineer's staff, and Mrs. Pope proved to be the best card players in the evening, and went home with suitable prizes. Mrs. Turner, of the tax collector's office, was awarded the consolation prize for the lowest score of the evening.

Excellent music was supplied for dancing and the equally excellent floor in the auditorium's office was well patronized by the dancers. A dainty supper brought the evening to a close.

## TWO MORE SHOT IN IRISH RIOTS

Continued From Page One.

responsibility with Thomas Lyons, secretary of the American association for recognition of the Irish republic and the Dublin correspondents refrain from even speculating on it.

Dispatches from Belfast show that the Ulstermen are skeptical of the claims of Collins and Griffith to procure the release of the kidnapped Unionists.

They regard the Free State as in a state of anarchy and faith in any help the imperial government might give is practically non-existent.

Nevertheless the British government has promised to increase the bringing the total to fourteen, and to send more if necessary, and it is assumed that some of the forces held from embarking yesterday are destined for the north. Premier Craig, of Ulster, is said to have suggested to the British government the desirability of posting troops on the north side of the border, but this was firmly refused.

All available northern police are being moved to the frontier from the quiet areas according to the Daily Mail's Belfast correspondent and the boundary will soon be lined with ten thousand armed and disciplined men. The difficulty of disciplining the "guns going off of themselves," under these circumstances is emphasized by the correspondent, who says that at Pettigo, in County Donegal, the rival forces are separated only by the width of a street, while at Belleau and Belleau County Fermanagh, they are watching each other from the opposite ends of a bridge.

The danger is not confined to the frontier, he adds, owing to the angry antagonism of the Sinn Féiners and Orangemen in various parts of Ulster, the results of which were evidenced in the shooting and bombing in Belfast yesterday.

The British government is gravely concerned over the latest developments, and their possible effects on the House of Commons. Many Conservatives who hitherto have supported the government's Irish policy are to be losing faith. Much the same was said in London and may with prospect of the bill establishing the free state when it comes to the second reading on Thursday. Lord Carson plans to raise the subject of the Clones shooting and other matters concerning Ireland in the House of Lords today.

## BAN PICTURES OF TWO ACTRESSES

Lynn, Mass., Feb. 14.—Local motion picture theatres have discontinued showing pictures featuring Mary Miles Minter and Mabel Normand, whose names have been mentioned in connection with murder of William Desmond Taylor, motion picture actor, at Los Angeles. The action was taken at the request of the city's board of censors.

## W. TUPPER FRUSTRATES LANDS QUESTION ISSUE

Winnipeg, Feb. 14.—Attempts to get the provincial lands question brought to an issue in the legislature last night were frustrated by W. J. Tupper (Conservative), who after 10 o'clock resorted to blocking tactics, engaging in what he indicated would be an interminable speech, and eventually succeeded in getting the house to agree to adjournment of the debate.

The debate had reached an interesting stage when it was resumed. The main resolution proposed by the premier provided for foreclosure on lands purchased on a large scale if arrears of principal and interest were not paid within six months. There was an amendment by F. J. Dixon (Independent) providing for the consideration for municipalities affected.

## MONTREAL STOCKS

Montreal, Feb. 14.—The turn-over in Dominion Bridge was larger this morning than in any other individual issue on the local stock exchange, with the exception of Cement, but transactions were in large lots, so that trading was not at all general. Much the same was the case with Cement, though the number of transactions in this stock were greater. The advance chiefly to the local market was again quite dull. Prices throughout were sticky to firm. Brazilian sugar firm, trading fell a flag on the recent level.
