

THE WATER BY-LAW

One meeting contemporary, who does not pay his taxes and ought to be dismissed, is the only prominent one who has been named by the by-law that it is intended to give Victoria better health and greater security and comfort by increasing the supply of water.

THE WATERWORKS BY-LAW

The verdict given yesterday by the property owners of the city is unmistakable. The majority and a working majority that have shown a decided tendency to support the by-law, is the result of the fact that the by-law is a measure for the benefit of the city, and the city is a body that is entitled to the benefit of the by-law.

AGRICULTURE

Young, ducks and chickens. Put chloride of lime in their holes. If this cannot be done the rat must be caught. It is a very simple matter to do so.

PLANTING

Planting potatoes, etc. with the soil. It is a very simple matter to do so. The soil should be well prepared and the potatoes should be planted in rows.
