"DONE TO DEATH."

Toronto, July 15.—(Special)—This afterdler, now under sentence for fraud at Philadelphia, was rewarded. In the cellar of a vacant House in St. Vincent street the detective found the two dead bodies of the Pietzel children who, the detective asserts, were done to death by Holmes or through his instrumentality in order to secure the insurance money. Mr. Neudell, a clerk in the education department, to-day recognized a photograph of Holmes as the man who rented the cottage. He only had it for a few days, but long enough to kill and bury the children. The little girls were stark naked and were buried without coffin of any kind. The house was searched and the cellar last of all. Here the place was dug up, and presently the bare shoulder and arm of a little body were discovered. Then the whole body came into view, and under it another one was found. No traces of wounds were found and it is thought he a great attraction. The little girls was held last evening. The collecting and other committees gave good reports, and matters are shaping splendidly. The entries are expected to be all in by Monday evening.
