The customs department has issued regulations in respect of goods imported and entered in transit and shipped by water from one port to another port in the Dominion. The design of the regulations is to enable ports where such goods are entered and whence they are shipped to be advised that they have been duly received and delivered into the custody of the customs at the port to which they are to be conveyed by water. It appears to be the intention of the militia department to rigidly insist upon officers of the force qualifying in equita-tion before they can secure promotion.
