At an audience yesterday the empress

dowager thanked Yuan Shi Kai for his successful efforts in obtaining good treatment for the Imperial family from

the republicans. The publication of the edicts has giv-

en profound relief to everyone in Peking, both foreigners and Chinese. The

arrangement is considered a compromise and it is believed that the terms will

satisfy the republicans. The first edict

Provincial Game Laws—It is under-stood that no changes will this year be made in the provincial game laws, which on the whole are found to be Working very satisfactorily. During the ensuing year special steps will be taken to duvestigate the merits of various suggest-ed legislative remedies for the large total of hunting season accidents, and it is possible that legislation in this connection may be brought forward at another session. As to the requests which have been received for alterations in the open seasons, these may all be conveniently dealt with by the Lieutenent-Governor-in-Council.

Oak Bay Council-The Oak Bay Council last night decided that their per-mission must be first sought before any lopping or other injury de done to trees by employees of the telephone company. Nor are wire supports to be attached to trees even when wood is inverted batween tree and wire as experience has proved that the constriction sooner or later results in Killing the wood. The amended draft of the sewer agreement with the city of Victoria was read and approved and a bylaw will be at once drafted for submission to the ratepayers towards defraying the cost. The ers towards defraying the cost. The alterations refer to the construction by Oak Bay of 3000 feet of sewer easterly from the western boundary by September 1st this year, and the completion of the whole by November 30th, with a saving clause in the event of strikes, or other causes of delay beyond the municipality's control. The ownership of the sewer is to be vested in the city and municipality in the complex city in the ship of the sewer is to be vested in the city and municipality jointly and each is to contribute to its upkeep in the same proportion as allotted in the construction. Several applications for local improvements were referred to the officials for reporting on and the council in reply to a letter asking for a subscription to a deg show stated that they felt unable to accede to such request. The reeve appointed Councillors Noble and Smart as the lighting committee, added Mr. Pemberton's name to mittee, added Mr. Pemberton's name to that on road repair, and Councillors Noble and Lott as a sub-committee on health. of this province.

The enrolment during the year in McGill University College of British Columbia, one branch of which is in Vancouver and the other in this city, was
180. Of this number, 115 students were
boys and 65 girls. The high schools' enrelment for the year was 1/888-940 layer ement for the year was 1/988-940 boys and 1,048 girls. The total curofment in sraded city schools was 24,678, and the actual daily attendance 18,717—12,734 boys being enrolled and 11,039 girls. In the rural municipality. the rural municipality schools the on-rolment for the year was 9,372, made up of 4,879 boys and 4,493 girls. The total enrolment in rural, and assisted schools for the year was 8,312-4,609 boys and

The total number of teachers employ ed was 1,179, an increase of 142. Of this number sixteen were employed in the colleges, 71 in the High schools, 499 in the city graded schools 263 in the rural municipality schools, and 330 in the rural and assisted schools.

4.303 girls.

The cost to the province of education proper was \$715,734, and of new scho ctc. \$286,074, or a total of \$1,001,309.

The cost contributed by the people in incorporated municipalities and school districts was \$1,639,714, making a grand total cost of education for the province, under all heads, of \$2,641,522, an excess of \$724,886 over the previous year.

The cost of each pupil or enrolment, to the government, was \$15.86 for the year, as against \$15.20 in 1902-3. This cost is slightly higher than in the just precedent year, but the rapid increase in the school population is keeping down the average notwithstanding the large appropriations for new and additional services.

OTTAWA, Feb. 12.—Hon. Col. Hughes has worked out many of the details for this summer's cadet camp training. The lads are to be given six days in camp under conditions carefully designed to safeguard their physical good and moral

The basis of the organization will be that school lads from a group of schools in a township or town will be formed into a company, and the companies will be combined as county regiments. The campa will be trained in their own counties will be trained in their own counties in carefully returned. boys will be trained in their own coun-ties in carefully selected sites. An ex-ample of the progress made is furnish-ed by Petrofia, which has offered two escellent camps areas, the matter of drinking water being especially guarded. Winnipeg has offered a site, though the natter of water supply has not yet been arranged.

The militia department is inviting help in managing the camps from male teachers, school inspectors, clergymen and militia officers. School inspectors and teachers will be asked to furnish names of suitable persons for instruct-cres. Cadete and instructors, clergymen, etc., accompanying them will be trans-ported, clethed and fed free. No pay, ported, clethed and fed free. No pay, however, will be given. No liquor or tokacco is to be allowed to be sold or used in the camps. Friends of the boys will be invited to visit them in the camps, and inspect the accommedation provided and arrangements made. If they desire to supplement the boys salions, which will be en a generous scale, with additional delicacies, no ob-

jection will be offered Entertainment in the form of band music, etc., will be provided. A feature of the training will be rifle practice with militia rifles.

100 mm 1 - 100

No permit for the factory which Dr. Stanler proposes to erect for the Hallward Furniture company on Lot 1, Block 5, Garbally road, property which he purchased last November, will be granted by the city council, despite the fact that the last council issued a permit for a factory to Mr. Vernon King, from whom Jan. Stanler purchased The council last night decided that in view of the fact that the district is a residential one and the building inspector is of opinion that neighboring properties would deteriorate in value, no permission should be granted to Dr. Stanter

Stanier.

Dr. Stanier had a lengthy communication before the council setting forth the reasons why the factory should be erected and employment given to a considerable number of hands besides bringing business to the city.

Last year a permit was issued to Mr. Vernon King for the erection of a factory. Later, when Dr. Stanler pur-chased the lot work on the erection of a larger plant was commenced. In the meantime a protest from two adjacent owners was made to the council urging that the erection of the building should not be permitted, they claiming that the district is a residential one. When the building inspector inspected the site he noticed the new structure the site he noticed the new structure in course of efection and as the plans of the new structure were wholly different from those submitted when the council last year granted the permit, he ordered the work to stop. Hence Dr. Stanier's application to the council. In his communication Dr. Stanier says he saw Alderman Humber about says he saw Alderman Humber about
