Bradstreet's Weekly Report.

NEW YORK, Dec. 29—Special despatches to Bradstreet's characterize general trade as dull. This is largely due to the fact that merchants and others are engaged in taking account of stock which is in turn responsible for the withdrawal of many traveling salesmen from the road. Estimates from various trade centres indicate that the year's business in general has been good. The weather in the south has favered the gathering of cotton. A better feeling is reported in the iron trade at various points, although no improvement is noted except in the case of one contract for 30,000 tons of steel rails at something above \$40. There were 242 failures in the United States reported to Bradstreet during the past week, six more than in last week and eighty-one more than in the corresponding week last year. Canada had seventeen, a decrease of nine. Bradstreet's Weekly Report.

One of the most important functions of the animal economy is the depurtive action of the Kidneys, if they are obstructed in their work great suffering and dangerous disease ensues, such as Dropsy, Diabetes, Bright's Disease and many other painful affections. Do not suffer from lame back and inactive Kidneys, when Burdock Blood Bitters act so promptly upon the Kidneys, Liver, Bowels and all the secretions, and speedily restores health to the afflicted.

Before finishing one bottle he was astonished at the result, and declares he never felt better in his life, and "I could name," says he, "half a dozen others who have derived great benefit from the medicine."

*Lydia E Pinkham's Vegetable Compound is a positive cure for all those weaknesses so common to our best female population.

There have been many precautions against fire published, but let a person become accidentally burned or scalded, and few people know what to do in absence of a doctor. That "tocsin of the soul, the dinner bell," as Byron calls it, suggests no pleasing reflections to the dyspeptic, bilious sufferer. He partakes, of course, but the subsequent torment is egregiously out of proportion to the quantity of food he eats, which lies undigested, a weight like lead in his unhappy stomach. There is a remedy, however, and its name is Northrop & Lyman's Vegetable Discovery and Dyspep. Lyman's Vegetable Discovery and Dyspep-tic Cure. No case is entirely hopeless.
