ALBANY, March 3 .- It is published her ALBANY, March 3.—It is published here this morning that the body of Mrs. Druse has been secretly removed from the vault at Herkimer and brought here for scientific purposes. It is alleged that some days ago a well-known Albany doctor made overtures for the purchase of the body. That he was successful the following circumstances indicate: The night following the execution, it is said, the body was removed from the vault where it lay awaiting burial and conveyed to a neighboring town. It was then placed neighboring town. It was then placed in a rough box and Tuesday it was s neighboring town. It was then placed in a rough box and Tuesday it was shipped to this city on the train on the Central road, arriving here at 3.50 p.m. Shortly afterward the box was removed from the depot and placed in a convenient building until dark. At 6 o'clock the corpse was removed from the box, placed on a stretcher, and thus conveyed in a closed sleigh to its destination, arriving at 6.30 o'clock, and attracting no attention. The fact that the body was shipped from another town than the one where the execution occurred, that it was put on an express train that did not stop at Herkimer'and the great precautions surrounding the reception of it in this city all tended to throw off suspicion. It is thought an autopsy would settle many vexed questions in medical jurisprudence. Experts pronounced Mrs. Druse sane, but many of the public persisted in thinking otherwise. A confirmation of the expert testimony would be most desirable, as proving the wisdom of the law of capital punishment and the justice of its infliction in the present instance. In connection with the above it will be remembered that Peter Louis Otto, who was hung in Buffalo, was pronounced sane by experts before his execution, but after death a New York expert stated that after an autopsy of the remains he found Otto had been insane for a long time prior to his execution.

Where the Snow Lies Deep. WINONA, Minn., March 3.—The Superin-endent of the Winona and St. Peter Railroad states that between Mankato and Tracy the states that between Mankato and Tracy the snow drifts are in many cases six feet above the telegraph poles, and that the linemen have had to splice scantling to the tops of the poles to get the wires up where they could be used. Many of the drifts are twenty-five feet deep and packed so hard that the company dares not attempt to send a plough through them. One thousand men are now at work shoveling anow between Mankato and Tracy.

What a truly beautiful world we live in!
Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them free from disease as when born. Dyspepsia and liver complaint are the direct causes of seventy-five percent. of such maladies as billiousness, indigestion, sick headache, costiveness, nervous prostration, dizziness of the head, palpitation of the heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10 cents. Try it.
