AMHERST WINTER FAIR

The Officers of the Maritime Poultry Association are preparing for a greatly enlarged exhibit by poultry breeders of the Maritime Provinces at the Amherst Winter Fair in December next. They met, with nearly a complete attendance, in Amherst on June 8th to devise plans whereby the exhibition can be improved in point of numbers and quality of exhibits. The prize list care of the birds and in many other ways.
The report of the prize list committee will be commended to the Amherst Board for adoption. This prize list is a great improvement over that previously used and should be satisfactory to every prospective exhibitor. The choice of judges which includes the best in the business, as well as many improvement of a general nature will likewise be recommended.
Members of Executive present consisted of: J. R. McMullen, Truro, N. S.; Pres.; A. F. Houston, and J. A. Clark, Charlottetown, Vice Pres. and Director respectively for P. E. I.; R. P. Allen, Fredericton; Vye Gibson, Moncton; and W. E. B. Tait, Dorchester, Vice Pres. and Directors for N. B.; T. C. Latham, Alma Director for N. S. and A. C. McCulloch, Fredericton, N. B., Secretary Treasurer.
Maritime poultry raisers will do well to begin now the preparation of their birds for the Winter Fair which will be one of the largest and best on record.

BRIDGETOWN'S FOX BUSINESS

A correspondent signed "Tourist" writes the Liverpool Advance as follows: "I inadvertently omitted last week noting that while in Bridgetown our visit to the Black Fox Farm there. As before the war, this business in foxes was inflated beyond ordinary conception, and the business today apparently knocked out. It will be interesting to note the revival has taken place. Mr. Karl Freeman, former Mayor of the town, is a large stock holder and gave us some points as to the management. The ranch contained one hundred and fifty mature and young all black and not a cross bred one as in many other ranches. The manager said a number of sales had been made, a pair of those little kitties that could be stowed away easily in one's overcoat pocket, commanding one thousand dollars, and a pair of mature ones from three to five thousand. We were told that last season only six ladies (and they were from the States) were made in London, costing each at many thousand dollars, that next season the price would be at least ten thousand. Mr. Freeman said the dividend this year was very satisfactory. He is one of our Milton boys, and glad to say, the leading hardware merchant in Bridgetown, and still takes great interest in the welfare of his town."

CONDUCTOR DICKIE'S BIG FISH

An enormous codfish, the largest by far that has ever been caught in this part of the province and generally believed to be the largest ever caught in Nova Scotia waters, was hooked and landed at Kingsport on Saturday afternoon by F. W. Loomer, of that place, assisted by Conductor A. W. Dickie, of Kingsport and C. W. Tupper, of Kentville. Its weight was well over one hundred pounds and its length five feet. The diameter of its mouth was eight inches and it could with ease have swallowed the ordinary cod as caught at this time of the year in the Minas Basin. The catch was made about three miles from Kingsport wharf. As cod weighing thirty or forty pounds are considered unusually large this catch of one weighing one hundred pounds has aroused a great deal of interest and many visited the wharf on Saturday where the cod was left for a time on exhibition—Kentville Chronicle.

NEW MILL AT VICTORIA BEACH

The new mill just installed by Mr. Charles Boudreau at Victoria Beach started operations last week. This is a water power mill and gets its power from the North Mountains. It is driven by a 250 horse power turbine, probably the largest in the country. The dam completed this spring is of stone and concrete, 21 feet long and 21 feet high. Should a greater head be required the dam can be raised to 30 feet. The mill when completed will be 80 feet long and 30 feet wide, and will turn out flooring, headings, lumber, laths and singles, besides hard wood manufactures of various kinds. A few more interesting citizens like Mr. Boudreau would be a great help to this whole section of this country.

Annapolis Spectator: Mrs. Ada M. Fucker arrived home Wednesday after spending the winter in Windsor. She was accompanied by her husband, Mrs. Charles L. Wood and little Helen.

Local Happenings

Bridgetown is now divided into two classes, the "fasts" and "slow". The provincial school examination will take place in Bridgetown next week.
Windsor will sustain the reputation of holding the biggest Athletic Meets of any form in the Province on July 1st, 1920.
The Masonic Grand Lodge and Grand Chapter will meet in Digby next year, opening the second Tuesday in June.
The sessions of the Western Baptist Association will be held in Bridgetown commencing to-morrow and continuing over Sunday.
The Caledonia Gold Hunter has increased its subscription rates to two dollars per year. The Digby Courier goes to \$2.00 per year after July 1st.

With the meeting of the Supreme Court and the Western Baptist Association, Bridgetown will have quite a number of visitors during the present week.
There will be a meeting (D V) of the Annapolis Co. S. S. Executive at the home of C. F. Armstrong, Netux, on Tuesday, June 22nd, 1920, at 3 o'clock p. m.

It is said that some Bridgetown merchants are opening their stores on the fast time and closing on the slow in order to get another hour's business out of the public.

The Chicago Housing Association has secured options on two extensive plots and proposes to erect 10,000 new homes, 2,000 of which are expected to be ready before the next winter.

Annapolis Spectator: Many more would have attended the Theatre last night had they known that the pictures of the fire and flood here and at Bridgetown were to be shown.

Wolville Acadian: The captured German airplane, which the government presented to Acadia University, arrived last week and is being set up in the College Museum. The machine is a German scouting plane.

The little raised deck cruiser Sea Hawk formerly owned by Mr. Ross, who sailed from Bridgetown for Boston Saturday with her new owner, Mr. Prescott Whitehead, on board, accompanied by his friend, Mr. Geo Dalplane.

People from the surrounding villages should note that the stores close in Bridgetown every Wednesday afternoon. Several of the merchants are running a notice in their regular advertisements in the MONITOR.

The Officers and members of the Bridgetown Amateur Athletic Association, who are trying to make a success of this organization, appreciate the weekly half holiday and also the early closing of the factories and stores in order to give the clerks and mill hands a chance to attend the ball games, otherwise this organization will have difficulty in keeping up its regular game receipts.

NEW D. A. R. TIMETABLE

D. A. R. trains are running on a new schedule commencing this week. The west bound express now arrives at Bridgetown at 12:19 p. m. and the east bound at 1:48 p. m. The freights, which do not carry passengers, are now running as six different trains. Two leaving Kentville, east and west at 8 a. m. two leaving Annapolis east and west at 8 a. m., one leaving Halifax and another Yarmouth, both at 8 o'clock. Commencing July 5th, there will be an extra passenger train between Annapolis and Yarmouth and the Bluebonnet express will be put on between Halifax and Yarmouth. This will give the travelling public excellent accommodation on this line the business of which has greatly increased under its popular manager, Mr. George E. Graham.

BRIDGETOWN SCHOOLS

The Bridgetown Schools which will close the last week in June will re-open next term with seven teachers instead of six, all of whom have been engaged as follows:

CAPTAIN S. E. MESSENGER

Captain Samuel E. Messenger, another of Yarmouth's old time master mariners, passed away at his home in that town, at an early hour Thursday morning, after about a six weeks' illness, during which he suffered much from an ailment of the heart. Deceased was a son of the late Samuel Messenger, formerly of Annapolis Royal, and who many years ago removed to Yarmouth where Captain Messenger was born and has always made his home. When a very young boy he was an apprentice in the Yarmouth Tribune Office, but not taking kindly to a printer's or journalistic career, he resigned and commenced a seafaring life in which he met with a splendid success. He sailed in, and owned stock in, some of Yarmouth's best ships, and in them navigated practically all of the waters of the known world. He retired from the sea and returned home about ten years ago. After the return of the Conservative government in 1911, he succeeded the late Norman L. Tretry as shipping officer for the port of Yarmouth. One of the oldest and most highly esteemed residents of Port Wade, passed away on Sunday morning. We refer to the death of Capt John McWhinnie which sad event took place at his residence there. From early life the deceased followed the sea and commanded a number of vessels on the domestic and foreign trades. He was an active industrious man of integrity and was considered a very capable and successful captain. Advancing years led him to retire to his farm. In religion he was a Methodist and politically a firm supporter of the liberal party. He is survived by a widow one son and two daughters who have the deep sympathy of a large circle of friends.
