## QUEEN'S COLLEGE, KINGSTON-CLOSE OF SESSION.

The proceedings in connection with the close of the late session of Queen's College took place on Tuesday and Wednesday, April 25 and 26. A meeting of the University Council—for Queen's a College with University powers—was held on Tuesday afternoon. This body consists of a Chancellor, the trustees, the members of Senate, and 33 graduates elected by the whole body of graduates. At this meeting the chair was filled by principal Grant, and there were present, besides him Hon. A. Morris, Rev. Dr. Wardrope, Guelph; Rev. Dr. Bell, Walkerton; Rev. Dr. Jardine, Brockville; Rev. Dr. Smith, Kingston; Dr. McCammon, Dr. Saunders, Geo. M. McDonnell, M.A., John A. Moodie, B.A., Rev. Mr. Rogers, B.A., A. S. Drummond, B.A., LL.D., Dr. Fenwick, Rev. Mr. Carmichael, of King; Dr. Dupuis, and others.

After routine proceedings the following new members were introduced. John M. Machar, M.A.; A. T. Drummond, LL.B.; W. B. Curran, M. A., and A. B. McCallum, B.A.

It was agreed that the time of matriculation should be changed from October to June, and a committee was appointed to formulate a plan for working out the change one object being to have the

examinations conducted at several local centres.

When the finances of the College came up for consideration Principal Grant stated that there had been for some years a deficit of \$100 per annum, that serious losses had been sustained which caused a diminution of income, and that additional equipment was absolutely necessary, at least two more professors being required. In all \$6,000 were needed in addition to the present revenue, and if the college was to be equipped as it should be, it would be necessary to raise that sum. There were four ways of getting out of the difficulty :- First, by eating into the capital; second, to raise \$120,-000; third to be content with imperfect equipment; and fourth, to raise \$7000 per year for five years, which would give them a breathing spell. Ultimately a committee was appointed to consider the matter and bring it before the trustces.
A. P. Knight, M.A., was unaminously re-elected Registrar, and

to fill the vacancies in the Council the following gentlemen were chosen: -A. McKillop, M. A., of Pembroke High School, James Bergir, M.A., of Sydenham High School, and Rev. J. B. Mullan,

B. A., of Fergus.

## PRINCIPAL GRANT'S LECTURE.

On Tucsday evening the Rev. Dr. Grant delivered a stirring public lecture, taking for his subject, "Our Political Duties." He took the ground that every man in order to be a good citizen must be a "politician," that is must endeavour to make the laws, the institutions, and the practice of the nation better. He may vote if he thinks it worth while, but he must do a great deal more if he is to do his whole duty. He should teach men what to vote for, he should set before them aims worthy of attainment, he should keep an ideal before his own eyes and the eyes of others. The first duty of the before his own eyes and the eyes of others. citizen to the state is to be loyal to the state, and true loyalty ill be a safe regulating principle Dr. Grant went on to describe Parliament as a kind of incarnation of the people's will and to put on record the very favourable opinion of the present Dominion Parliament he had formed during his intercourse with its members in connection with the Presbyterian Church Temporalities Bill.
