**L'EXTINCTEUR**  
**PATENT PORTABLE SELF-ACTING**  
**FIRE ENGINE,**  
FROM \$18 AND UPWARDS.

**THIS** invaluable invention of Messrs  
**CARRIER & VIGNON** possesses the  
following advantages:—It is inexpensive, simple in  
construction, and may be used by the most inexpe-  
rienced person, perfectly harmless to life and property  
always ready for use—so portable that one man can  
carry it without hindrance to active exertion—entirely  
self-acting and self-propelling, so that all the power  
has to do is to direct the jet by means of a Force-  
pump, and contains a chemical liquid (perpetually  
renewed) every drop of which has, as is described by  
the official report, a MAGICAL EFFECT. Less than  
one half the contents of L'Extincteur suffices to  
extinguish a very large and fierce fire at an experi-  
ment tried, so that though NO SUPPLY OF WATER  
be immediately available, one of the greatest dan-  
gers to which individuals or communities are sub-  
ject, may now be AVERTED by the use of this grand  
and simple invention. The public are referred for  
results of numerous experiments to the pamphlet on  
this subject, which may be procured of the under-  
signed agents gratis.

The Subscriber has in his possession a large number  
of testimonials from reliable sources, all testifying to  
the efficacy of L'Extincteur. In view of the possible  
continuance of a short supply of water, this little  
apparatus becomes a necessity to every householder,  
manufacturer, and commercial house.

For villages where no fire engine is kept, L'Extinc-  
teur is indispensable.

To farmers and persons living in isolated places,  
L'Extincteur is invaluable.

It will project the fluid to a height of forty feet. It  
is a machine with little care.

It is a fact well known that water will not extin-  
guish burning coal oil. The fluid projected from  
L'Extincteur extinguishes burning petroleum with per-  
fect ease.

The undersigned having been appointed Sole Agent  
for Canada by the Patentee is prepared to treat libe-  
rally with persons desirous of acting as Agents for the  
sale of this useful invention, as well as to supply all  
demands. Intending purchasers and the public  
generally are invited to call and obtain price lists  
and descriptive pamphlets.
