### A NEW PAPER

Will be issued in Pictou early in June next, entitled THE MECHANIC AND FARMER:

A WEEKLY JOURNAL, DEVOTED TO AGRICULTURE, MECHANICS, AND GENERAL LITERATURE.

IN publishing the prospectus of a periodical of this nature, we have not been influenced by premature conclusions. We have long witnessed the necessity of conclusions. We have long witnessed the nocessity of a Work in Nova Scotia, disentengled from party projudice, and devoted to the mental improvement of the pulses, and devoted to the mental improvement of the labouring classes. Though an unsuccessful attempt at a work of a similar nature has recently been made in another part of the Province, this circumstance has not diminished our sangume anticipations, that the present effort will be crowned with usefulness to the community and profit to ourselves.

Though it is unnecessary new to detail our inten-

tions respecting the character and appearance of the paper, it may be proper to give an analysis of what

will be its general contents:

MECHANICS' DEPARTMENT .- Under this head, the practical mechanic will find much useful informa-tion. Knowledge is power, and though we cannot erect mile or construct organes, we shall faithfully communicate to our readers, the discoveries in science and improvements in the arts, which, in this calight-ened ago, are becoming so numerous and so important. FARMERS' DEPARTMENT.—It is not necessary

that one industrious husbandmen should become other professional chemists or professional betanists; but, if they possessed a general knowledge of agricultural chemistry and ogricultural botany, the frame of their labour would be surer, and more abundant, than they are by the present uncertain mode of precedure. weekly journal can effect much in the agricultural improvement of any country; and we shall avaidably enduavour to make our weekly Miscellany useful, in this respect, to our native Colony and the neighbouring Provinces.

MOTHERS' DEPARTMENT - Mothers toad newspapers; and, by the assistance of popular Works on the moral and physical training of youth, it is lioped that this department of our paper will be made worthy of their attention.

LITERATURE - A considerable portion of the paper will be devoted to literary articles. While light reading, of an interesting moral nature, is sought by all classes, its tendency to familiarise us with the various relations of society and duties of life, is universally felt and approcrated.

THE GATHERER - Under this head, we shall collect a weekly budget of witticisms, anecdotes, and odditios, to gratify the lover of wit, and administer to

odditios, to gratify the lover of wit, and administer to the innocent delight of the mirthful.

Contiunications — We hope never to depart from our determination to avoid promulgating the prejudices of any party. When, however, public utility is the object, our columns shall be the ready vehicle of unbiased investigation. Well written Essays, Narrathree, and Interary Articles, will always meet that thankful reception which original productions deserve. Entropriat.—We are not so estentations as to pro-

mise any actonishing achievements in this department. Our youth and limited abilities are known to the public; and though undivided attention will be paid to the duties we have addertaken, doctrines will never be advanced or opinious promulgated, that cannot bear the test of reason. News and Politics will be confined to the editorial columns, where a summary of the latest and most important events will always be recorded.

The Mechanic and Former will be printed with new type, on good paper, toyal s.zo, in the folio form; and published every Friday inorning. Terms, 15s per an num, or 12s 6d in advance. Papers sent by mail are charged 2s 6d additional, for postage; but when 12s 6d is remitted to the Office ireo of expenso, previous to recoiving the third number, the postage will be paul by the Publisher. Societies or individuals ordering for Copies, to one address, are only required to sensit the price of nine papers.

AGENTS are now bong procured, and their names

will be published in the first number of the paper.
Letters, per mail, to come 'post paid.'
