

## In Memoriam.

Rose Ann, beloved wife of William Bourke, who died at her residence, The Russell House, Weston, on Sunday Feb. 4th, in her 60th year: May her soul rest in peace.

Dark sorrow deepens round our home to-day,  
The mother we so loved hath passed away.  
The tender guardian of our childhood years—  
Is dead and knoweth not our bitter tears,  
How patiently how calm amidst sickness sore—  
How silently her sufferings she bore!  
And smiled when God did call with sweet content—  
That spirit of a long life is spent.

Oh mother dear our happiness hath flown,  
For thou hast left us so lonely and alone.  
No more at morn we'll greet thy loving face,  
Nor see thee in thine old accustomed place,  
'Twill bring fresh grief to view thine empty chair,  
For mother thou wilt never more be there.  
Cold death hath filled our hearts with deepest gloom  
And all is dreary on this side the tomb.

Dear mother in thy home thy children mourn,  
But thou shalt ne'er again to earth return.  
Thy loved ones whom thou cradled from thy breast—  
Hath followed thee unto thy lowly rest,  
That voice that soothed our fears in grief and pain—  
On earth shall never more be heard again;  
But God one solace to our grief hath given,  
That we may see thy smiling face in heaven.

On earth obedient to God's holy will—  
In heaven thou wilt be a mother still.  
Then look upon thy children from above,  
Whom thou didst guard on earth with tender love;  
And when this life of weariness is o'er—  
Oh clasp us to thy bosom as of yore,  
For though the grave doth hide thee mother dear—  
Fresh shall we keep thy loving memory here.  
Weston, Feb. 6th, 1894. THOMAS M. ROYAL.

## Catholic News.

There was a small fire at St. Francis' Seminary, Milwaukee, week before last. Damage \$500.

The closing ceremonies of the Holy Father's Jubilee were attended by over 100,000 persons.

Canon Vaughan, brother of the Cardinal Archbishop of Westminster, preached in a Boston church on Sunday, Feb. 18.

A Catholic Congress was opened at Rome in the hall of the Academy of Arcadia, under the presidency of Prince Francis Massimo, on Thursday, Feb. 15th.

Father Kneipp, famous for his advocacy of the so-called water cure, had an audience with the Holy Father recently. After his examining on His Holiness, Father Kneipp expressed the opinion that the Pope will probably live beyond the end of the century.

On Wednesday the 14th ult., the Bishop of Plymouth, Cardinal Vaughan's uncle, celebrated his 50th birthday. The Right Rev. Dr. Vaughan was born on the 15th February, 1814, and was consecrated in September, 1855. Owing to his advanced age much of the dio-

cesan work is undertaken by his coadjutor, Bishop Graham.

Rev. Father Plessis, professor of Philosophy in the College of St. Hyacinthe, Que., is preaching in the French Catholic Church, New York, during the Lenten season. Father Plessis is not only eloquent but his gestures are graceful, his manner is impassioned and style fervid. He is a Dominican and wears the dress of that order.

Last Sunday, the fourth Sunday of Lent, is known as Letares Sunday, and it is the day on which the Holy Father blesses the golden rose, which is usually bestowed upon some meritorious Catholic ruler or else awarded to some famous church or sanctuary. The ceremony is a very ancient and imposing one, and the bestowal of the golden rose is a great honor for its recipient.

The Marquis of Butte has set himself to discover the character of the old monastic establishment at St. Andrews. It was partly for this purpose that his lordship some months ago bought the St. Andrew's house and ground known as The Priory. The Marquis does not enter into possession of The Priory until Whitsuntide, but by arrangement with the present tenant he has begun excavations, and will in time deal with the place as he has already dealt with Falkland Palace, where for some years he has been excavating in search of the old castle of Fife, among the ruins of which palace, now itself a ruin, was built by the early Stuart kings.

A singular appointment is that of Monsignor Zardetti, who was last week transferred from the diocese of St. Cloud, out in Michigan, to that of Bucharest, in Roumania. Dr. Zardetti is a Swiss by birth; but a good portion of his life has been spent in America, out in the Dakotas and Minnesota, and it is but four years ago last fall that he was consecrated for St. Cloud. His new appointment makes him an archbishop, and creates another vacancy in the ranks of the American hierarchy. Dr. Zardetti was consecrated in Switzerland, in which country he was visiting when the mitre came to him, by Archbishop Gross, who also chanced to be across the water then.

## A PRETTY FACE

is the result of a healthy physical condition. "Beauty is but skin deep" yet it greatly depends on a clear complexion, free from wrinkles and hollow cheeks.

Health always brings wealth of beauty. A healthy state of the system comes with Dr. Pierce's Favorite Prescription. It's a medicine prepared for woman's ailments—it cures those derangements and weaknesses which make woman's life miserable.

A woman who neglects to take proper exercise is particularly prone to excessive congestion, debility and a sluggish circulation. This is the time we advise the "Prescription." In all derangements and displacements of the special organs which result in "signs of inflammation," in catarrhal discharges from the lining membranes, and in distressing irregularities—this medicine is guaranteed to benefit or cure, or the money is returned.

## Saved Her Life.

Mrs. C. J. Woolbridge, of Wortham, Texas, saved the life of her child by the use of Ayer's Cherry Pectoral.

"One of my children had Croup. The case was attended by our physician, and was supposed to be well under control. One night I was startled by the child's hard breathing, and on going to it found it strangling. It had nearly ceased to breathe. Realizing that the child's alarming condition had become possible in spite of the medicines given, I reasoned that such remedies would be of no avail. Having part of a bottle of Ayer's Cherry Pectoral in the house, I gave the child three doses, at short intervals, and anxiously waited results. From the moment the Pectoral was given, the child's breathing grew easier, and, in a short time, she was sleeping quietly and breathing naturally. The child is alive and well to-day, and I do not hesitate to say that Ayer's Cherry Pectoral saved her life."
