Delivered at any express office in Ontario or Quebec, charges paid, for \$3.00. See what the "Canada Presbyterian" says about it: "The Model Washer and Bleacher which Mr. C. W. Dennis offers to the public has many and valuable advantages. It is a time and labor-saving machine, is substantial and enduring, and is very cheap. From trial in the household we can testify to its excellence. Send for circulars. AGENTS WANTED. C. W. DENNIS, 113 Yonge Street Toronto, Ont.

Ontario Electrotype Foundry.

A Long-Felt Want Supplied. It being a universal remark that Electrotyping cannot be done in Canada as well as in the United States or England, on account of insufficient experience in the art of moulding, which is the key-branch of the profession, I take great pleasure in notifying Printers, Publishers, and others, that I have at last overcome the above difficulty, by securing the services of MR. WM. GREAY, of Boston, Mass., a well-known American Electrotype Moulder of 19 years' experience in the United States. I would also inform you that I have added the latest American Improved Electro Moulding Press, also a steam Lifting Press for Electrotyping purposes, doing away with the slow and laborious process of drying by coal fire, which has been the means of destroying so much valuable type. The services of a most efficient staff of competent assistants have been secured, which will enable me to carry out orders promptly, and at every satisfaction. In soliciting your patronage, I remain, Respectfully yours, ROBT. SMITH
