The 7 per cent. 15 and 20 year bonds guarantee an income continuing throughout life, and in addition provide that the face value of the bonds will be payable at death.

The Compound Investment Policy possesses all the advantages of the Company's favorite semi-tontine plan, with the addition that after it has existed for ten years, the Company will loan to the holder, if he so desires, the premiums payable for the remainder of the term, to enable him to keep it in force until the completion of the investment period. Should death occur at any time after the tenth year, the full amount of the policy is payable and the loan cancelled.

The Company offers to intending insurers all the ordinary plans of insurance, as well as those specially mentioned.
