(From the Montreal Herald.) A meeting of the congregation of St. Thomas's Church in St. Mary Street, of this city, was held in the vestry-room on the evening of the 7th instant, for the purpose of naming a Committee of Management to arrange the affairs of the Church for the current year...

To THOMAS MOLSON, Esquire, Proprietor of Saint Thomas's Church, Montreal. Sir, I am directed by the Committee of Management...

To your Christian philanthropy and unsparring liberality, this hitherto neglected portion of our city is indebted for the most estimable blessings they enjoy, under the evangelical preaching of the beloved Pastor, the Rev. William Thompson, whose sound doctrine, irreproachable life and strenuous exertions in the service of his Divine Master, eminently qualify him to carry out your plans...

Accept, Sir, our grateful thanks—the best, and only return we can make; unborn generations will continue to reverently cherish your memory as a distinguished instrument in promoting the cause of the Redeemer on earth...

With sentiments of sincere esteem, Your obedient and grateful servants, THOMAS MOLSON, Secretary.

Montreal, 9th Feb., 1844. To which Mr. Molson was pleased to reply: To the Gentlemen of the Committee of Saint Thomas's Church.

Gentlemen.—I experience some difficulty in finding terms to express to you the pleasure I feel in receiving the address, you have just been good enough to send me, fully sensible, that you have greatly overrated my services.

I trust my whole desire is the advancement of true religion among us, and if this, my aim, is in the least furthered by anything I have been permitted to do, I shall consider myself more than fully compensated.

I sincerely hope, that the exertions you are now making for the benefit of St. Thomas's Church, and for the continuance of our esteemed Pastor among us, (for which I beg to express my warmest thanks,) may be effectual in establishing it on such a foundation as may indeed render a blessing to this vicinity.

I cannot conclude without thanking you for the good wishes you have expressed in behalf of myself and family, and beg to assure you, that in promoting the good of the Church, you are adding to our felicity in no small degree. Earnestly praying that all blessings may be showered plentifully on you and yours.

Believe me, with much esteem, Your obedient servant, THOMAS MOLSON. Montreal, 9th Feb., 1844.

MISSION OF COMPTON, &c. The Rev. C. P. Reid, Missionary. Notice for the year 1843.

From a comparison of the above returns, it appears that, under the Divine blessing, this Mission is in progress, and is also taken into consideration, that any additions which may be made to the Church in this mission, are either from the ranks of dissent, or from among those who have previously been members of other Churches...

The Bishop of Montreal returned to town on Tuesday last. During his visitation in the Counties of Beauport and Megantic, His Lordship held eight Conferences and consecrated two Churches. His Lordship also presided at the formation of the District Association of the Church Society at Leeds. The meeting went off in a gratifying manner, the people upon the spot gave practical evidence of their attachment to the Church...

My Lord.—At the 7th Monthly Meetings of the Central Board, I expressed my intention of resigning, at an early opportunity, of the office of Secretary of the Church Society of the Diocese of Toronto. The near approach of my probable return to England renders it necessary that I should carry this intention into effect.

I therefore beg to place my resignation in your Lordship's hands, and at the same time to say, that with feelings of grateful remembrance, I have been most worthy of it, and that, during my tenure of it, I have been treated with kindness and confidence by your Lordship, and the members of the Central Board, and the members of the Society at large. In whatever part of the world, or under whatever circumstances, I may, hereafter, be placed, I shall always feel the warmest interest in the welfare of the Society, and bear a humble part in its first proceedings and operations. I am not aware of any business, besides the current accounts, which Mr. Champion will lay before the Board, and the passing of a resolution to sanction the appropriation of £120 sterling, by the Managing Committee, towards keeping up the stock of the Depository.

I have the honor to be, My Lord, Your Lordship's most obedt. humble servt. JOHN KENT. To the Lord Bishop of Toronto, and the President of the Church Society of the Diocese of Toronto.

The consumption of cotton during the first six months of the present year has been 688,000 bales, a larger amount than was ever before known in this country. In the year 1837, the quantity of cotton imported into this country was 1,837,000 bales, and in the first six months of 1838 the number of bales of cotton was 451,000; in 1836, 474,000; in 1837, 497,000; while in the first six months of the present year they were 688,000. This comparison is between the present year and the previous years.

These facts surely demonstrate, that at least some considerable advantage has already resulted from the Corn Law and the Tariff of last year; they surely show some indication of returning prosperity; they surely encourage some hope that, by a steady perseverance in the same enlightened policy of policy, the trade and the commerce of this empire will succeed so far, that the Government need not distress themselves as to the safety of the ship or the lives of the crew.

THE COMMERCIAL POLICY OF THE PEEL GOVERNMENT. (From the Nottingham Journal.) Feeling confident, in the integrity of their purposes and the honor of their country, Mr. Peel and his colleagues set themselves seriously to work, with a determination to grapple with the difficulties by which they were surrounded.

THE DUES OF BUCCHERUCCI AND THE CORN LAWS.—We extract with pleasure from the Nottingham Journal the following delicate negative given to the assertion that the Duke of Buccleuch had become a convert to the abolition of the Corn Laws. At a meeting of the Agricultural Interest, held at Northampton...

THE MUSIC OF THE HEBREWS. (From the John Bull.) On Wednesday evening Mr. Henry Phillips gave, in the Music Hall, in Store-street, an interesting and well attended lecture on the music of the Hebrews, illustrated by specimens of its various styles.

We were somewhat curious to learn what Mr. Phillips had to say on the subject of the Jewish music, and we were not disappointed. He said that he had been struck by the fact, that the music of the Hebrews was not only a relic of the past, but that it was still in existence in the minds of those who have descended without alteration, from the days of Solomon. On this assertion, however, he did not bring forward the slightest proof; nor could he, for every person who has studied the subject knows that any such proof is absolutely impossible.

Mr. Phillips affirmed that the chants used in the Jewish Synagogues are identical to those in the Hebrew Bible, and that the Jews were not only a nation, but a people, who were distinguished by their religious rites, their public solemnities, and their festivities of social life. We know that they had great choral bands, and a variety of musical instruments. But this is the whole amount of our knowledge.

Colonial. SEAS OF GOVERNMENT.—Preparations are rapidly going on for the reception of the Government in this city. Tenders have already been received for the necessary alterations in the old Government House. The plans for the alterations in St. Ann's Market are completed, and also for putting Monklands in order for the residence of the Governor.

POSTSCRIPT. By the American papers just received, we have the account of a dreadful explosion on board the United States Steam Frigate Princeton, which was on her way to the Gulf of Mexico, taken from the Washington Mediterranean Extra, Feb. 28.
