Portsmouth, Oct. 9:—The troopship "Assistance," which sails on Sunday; takes 50 tons of ammunition and 54 guns for the Mediterranean. There are rumors that the British Admiralty may possibly send detached squadron now fitting out, to the Mediterranean, instead of sending it on a general cruise as proposed.

The customs receipts at Montreal for the month just closed were \$612,061,62 as against \$390,789.61, the corresponding period last year—an increase of \$224,272,01. The Inland Revenue receipts for September were \$121,352,76 as against \$59,922,62 in the corresponding period last year-an increase of \$71-430,14. The increase in Inland Revenue receipts, it will be thus seen, was considerably over hundred per

Ottawa, Oct. 9.—A Downing Street circular is published, with an Imperial Order-in-Council, transferring to the Government of the Dominion all British territory and possessions in North America and the Islands adjacent to such territories and possessions, which are not already included in the Dominion of Canada, with the exception of the colony of Newfoundland and its dependencies; and such possessions to be annexed to and form part of the said Dominica after Sept. 1, 1880.

Queen Victoria narrowly escaped an accident during her recent journey to Balmoral. At a station called Sollhill, not far from Birmingham, a signalman was overtaken by violent hermoriage which so weakened him as to incapacitate him from attending to his duties. The poor fellow, however, had presence of mind enough to place his lamp on the line with the danger color facing the engine, and the driver was thus warned to reduce the speed of the train. The signalman was afterwards found lying exhausted near his post.

DRUNKEN STOFF.

How many children and women are slowly and surely dying, or rather been killed by excessive dectoring, or the use of some drug or drunken stuff called medicine, that none knows what it is made of, who can easily be cured and saved by Hop Bitters, made of liops Buchu, Mandrake Dandelion, oc. which is so pure, simple and harmless that the most frail wamen weakest invalid or small. most frail women, weakest invalid or small-est child can trust in them. SUBSTITUTES!

The public are cautioned against a custom which is growing quite common of late among a certain closs of medicine dealers, and which is this; When asked f r a bottle of Pain-Killer, they su'dealy discover that they are "sold out," "but have another article ju t as good, if not better," which they will sumply at the same price. The object of this deception is transparent. These substitutes are made up to sell on the great reputation of the Pain-Killer; and being compounded of the viest and cheapest drugs, are bought by the deal r at alout half what he news for the genuine Pain-Viller, which enables him therefore to r alice a few cents more profit per haftle upon the imitation article than be can on the gennine
