Muirhead's METAL WHITE

This article, as its name implies, is a White Metallic Paint, ground in Pure Linseed Oil.
IT DOES NOT injure the Linseed Oil as all grades of White Lead do.
IT WILL NOT crack or flake off.
IT WILL NOT blacken in an impure atmosphere.
IT HAS greater spreading capacity than White Lead.
IT IS a non-poisonous, being a perfect sanitary paint.
IT IS not so easily applied as White Lead.
IT IS unequalled for painting the inside and outside of house-furnishings, boats, greenhouses, or any thing requiring paint.
BY ACQUAINTANCE IT HAS worn six times as long as pure White Lead on a floor. It is equally good for doors, steps and racks of vessels.
IT MAY be used in any shade.
IT IS the most important article introduced for painting in recent years.
