

sion took place on a motion to change the constitution so as to permit members to pay their fees at any time during the college term. Owing to a number of serious objections being raised, the motion was withdrawn by permission of the meeting.

The College intends giving their annual student function Friday evening, Jan. 22nd. It is to take the form of a dinner this year.

The four librarians returned to College some time before the opening of the term, in order to rearrange the books of the library. They have completed their arduous labors, so that now the students will find the library of very much more service to them in their studies.

Mr. Jones, who was a student of the College up to the close of last term, was married in Winnipeg, Dec. 24th. The men feel that their sympathies for him on leaving the College were largely wasted.

We are glad to announce the return to the College of

Mr. H. L. Haslam, who was forced to discontinue his studies a year ago because of ill-health.

The story goes that Mr. Vance was seen at chapel twice during the first week of the term. It is supposed that he is carrying out a New Year's resolution.

Mr. L. Davis received for a Christmas present a pair of spats. He asks that the fellows say nothing about it, especially that it not be mentioned in THE VARSITY.

The North Renfrew turnover is no longer a mystery. Mr. Briscoe spent his vacation in that constituency, stumping for the Grits.

Wycliffe students are taking quite an interest in skating this year. About thirty tickets have been secured by them for the excellent Varsity rink.

Mr. Burdie looks fresh and bright after his ten days' sojourn in Massachusetts' capital. It is to be hoped that no complications have arisen, as the photos which he brings back with him would lead us to suppose.

THIS CUT REPRESENTS THE EXACT SIZE OF THE PEN READY FOR USE

## OUR \$1.00 FOUNTAIN PEN IS A MARVEL.

IN durability, finish and appearance it is equal to the more expensive fountain pens in the market. It is made of hard vulcanized rubber. It has no shoulders and thus it is smooth and pleasant for the fingers to hold. The cap, fitting on the barrel instead of below the ink joint, does not in removal tend to loosen or tighten the ink joint, it also acts as a protection against breakages and always fits either end of the holder equally well.

It has a 14 karat gold nib—with a platinum tip and can be had in fine, medium or stub point. One of the most distinctive features of this pen is the feeder.

It is so constructed that it overcomes the trouble of overflowing or dropping ink, especially when the holder is nearly empty, and has a smooth uninterrupted flow.

We will guarantee this pen to be in perfect working order, as all pens are tested before leaving the house. Put up in a neat box with filler and directions.

Mailed to any address in Canada, post paid for
