

□ THE COMMUNITY COORDINATOR PROGRAM 1988 / 89 □

EDUCATION

In February, a telegram was sent to all missions, asking interested employees to submit the names of children for pre-registration at the Lycée Claudel for the 1988-89 school year. This was to ensure that adequate space would be available for children of foreign service families.

The Lycée has informed the Centre that there are waiting lists for Nursery School and for Grade 6. If you wish to register your children at the Lycée for September 1988, please contact the education counsellor as soon as possible.

COMMUNITY COORDINATOR PROGRAM

Despite financial restrictions, the Centre has managed to maintain the Community Coordinator Program. To date, 41 missions have signed a contract to implement or continue with the program.

□ CIRCULAR DOCUMENT □

MISSION REPORT ON EDUCATIONAL RESOURCES Admin. No. 11/88 (ABB)

The purpose of this circular document is to provide guidelines for the preparation of the 1988 Mission Report on Educational Resources. This report will be available by posting season '89. This report is an essential tool for management and employees as it will provide

up-to-date and accurate information on schools at missions for both pre-posting planning purposes and long term education planning for children of Foreign Service employees.

At headquarters two organizations are responsible for education issues: the Posting Services Centre (ABB), and the Foreign Service Directive Policy Development and Implementation section (ABMA) □
