

9. *Commission Recommendations.* The Parties shall take into account, as soon as available, the recommendations of the International Joint Commission made pursuant to its study of pollution from agricultural, forestry and other land use activities, in order to develop and implement appropriate programs for control of inputs of phosphorus from these sources.

10. *Monitoring.* The Parties, in cooperation with the State and Provincial Governments and with the International Joint Commission, shall continue to monitor the extent of eutrophication in the Great Lakes System and the progress being made in reducing or preventing it. They shall consult periodically to exchange the results of research and to pursue proposals for additional programs to control eutrophication.

11. *Submission of Information.* The International Joint Commission shall be given information at least annually, in accordance with procedures established by the Commission in consultation with the Parties and with the State and Provincial Governments, concerning:

- (a) Total reductions in gross inputs of phosphorus achieved as a result of the programs implemented pursuant to this Annex;
- (b) Anticipated reductions in gross inputs of phosphorus for the succeeding twelve months.

12. *Review and Modification.* In connection with the first comprehensive joint review of the operation and effectiveness of the Agreement conducted in accordance with paragraph 3 of Article IX thereof, the effects of phosphorus control programs on the Great Lakes System shall be reviewed and further modifications in the programs undertaken pursuant to this Annex shall be considered.
