COBALT---Camp is Endorsed by Engineer of World-Wide Experience---COBALT

Chief of Police of the Silver Town.

Cetalt, Dec. 19 .- A large number of the progrent citizens of Cobalt gathered together to-night at the Cobalt Hotel to partale of an oyster supper and to do honor to ere of the most popular and most described persons in the silver city, Mr. Geo. Calcheck, chief of police of Cobalt and the on the part of the officers and appeal District of Nipissing.

Brown, and after an address was read, practice, phenomenal improvement and Chief Caldbeck was presented with a purse a still higher standard of marksmanof gald containing \$100, and a silver shield ship.

World.

The popularity of the chief was made quite clear by the remarks of the speakers, tho thought the order in Cobalt was entirely due to the chief. The department that was responsible for his appointment was congratulated, on the discretion used when the appointment was made. Chief Caldbeck's charitable disposition, broadminded fairness used in dealing with the unfectuates that has won for him the respect of the whole community, was highly commended. An increase in the salary of the chief and his assistants was strongly recognized by all the speakers. The following address accompanied the presentation to Mr. Caldbeck:

The undersigned citizens of Cobalt in cotal and the chief and his assistants was strongly recognized by all the speakers. The following address accompanied the presentation to Mr. Caldbeck:

The undersigned citizens of Cobalt in cotal and the companies of the gun's crew that they cam handle their gun smartly. The officers are not permitted to assist or interfere in any way, the test differing in this respect from the similar one carried out in the American navy.

CLAIMED CANCER CURE.

A Doubted French Physician Claims Good Results. Paris, Dec. 22.-It may be remem

bered that two years ago quite a discussion was raised in medical circles in Paris over the claims of Dr. Doyen, the well-known surgeon, to have discovered /a serum which relieved and in many cases permanently cured cancer. The Societe de Chirurgie appointed a committee to examine fifty cases treated by Dr. Doyen. They selected twenty-four of these and proposed two others, making twenty-six in all The others, making twenty-six in all The two cases added by the committee were accepted by Dr. Doyen under protest, as they were in the last stages of the disease, and, in fact, died a few days afterwards. In July last year the committee handed in a report, stating that twenty out of the twenty-six cases had grown manifestly worse, six cases had grown manifestly worse three were eliminated, two other stationary, and one only had given no signs of relapse. Dr. Doyen protested against this report, and continued treating his patients. The day before yesterday they were examined anew after eighteen months by a committee composed of three members of the Academy of Medicine and about a dozen doctors of the Paris hospitals. Their report, according to one of them, Dr. Raoul Blondl, is in direct contradiction to the one made by the committee of surgeons last year. Of the twenty patients who had been declared manifestly worse eighteen months ago, sixteen are still living, eleven are in perfect health, two are still in a doubtful condition, and the other three seem to be improving. Two years ago every one of these patients was in a very serious state, and several were considered dying. This result has aroused new interest in Dr. Doyen's serum;

GOODBY AND WELCOME.

The pupils of Morse-street school esterday farewelled Miss Williams, for 21 years principal of the school and were introduced to Mr. Markle, who succeeds to the position. Miss Williams was presented with a gold

Cohalters Render Credit to the Average Points Per Man Have Risen From 68.2 to 80 This Year-Drake Tops All.

London, Dec. 21.-The result of the tests of gunlayers with heavy guns in the British fleet for 1906 has just been issued and shows as a result of admirto the men's vanity by the wide circu-The chair was occupied by R. H. C. lation thruout the fleet of the result of

whought out of silver taken from the mints of Cobalt, Inscribed are these words:
"Citef Geo. Caldbeck, greetings from Cobalt citia (iis.) Dec. 19th, '06."

The chief's manifestation of surprise was ferry marked and he admitted having been outwitted on this occasion, and inspunitive for being present was to present Host John Martin with an easy chain, instead of being the recipient of a surprise of this kind.

Short addresses were made by W. A. Mang, Col. White, Mr. O'Connor, R. D. Irwig, F. E. Calverley, P. McKaig, John Martin, Capt. Panley, F. Loring, Messrs, Young, Langton, Wallace, Lowery, Hunter, Hastings, McMillan and Brown.

A felegram was received from F. B. Mosure, stating his regret at not being able to the present, and three cheers and a tiger were given for F. B. Mosure and The World.

The admiralty in issuing the report notes its extreme satisfaction at the very marked improvement in the results as compared with former years, including even those of 1905, when the shooting showed so great an advance over previous results. It further notes that this improvement is due to a higher standard generally thruout the fleet.

The admiralty in issuing the report notes its extreme satisfaction at the very marked improvement in the results as compared with former years, including even those of 1905, when the shooting showed so great an advance over previous results. It further notes that this improvement is due to a higher standard generally thruout the fleet.

The average points per man have risen from 68.2 last year to 80 this year, and it must be remembered that this test is a test of the ability of the gun captains to hit the target, and of the rest of the gun's crew that they can wrought out of silver taken from the The admiralty in issuing the report

Signed on behalf of committee, W. A. Marsh, M. J. O'Connor, J. C. Stevenson.

Cobalt Action.

William McIntyre of Cobalt has issued a writ against Francis X. Bellerose and the City of Cobalt Mining Company for a declaration as to the ownership of certain mixing shares and the dissolution or winding-up of the mining partnership existing between the plaintiff and defendant, Bellerose.

The Bulwark, the flagship of Lord Charles Beresford, came next and missed that out of 118 rounds fired. Several other flagships in the rear admiral of the rear admiral of the Channel fleet; the Victorious, flagship of the rear admiral of the Albemarle flagship of the rear admiral of the Channel fleet; the Victorious, flagship of the rear admiral of the Channel fleet, and the Hermes, flagship of the vice-admiral on the East Indies station, which made a lamentable showing altogether. Courts of enquiry are to be ordered in all the worst ships.

In order of merit of the squadrons top place is taken by the second cruiser squadron, the Drake being the first ship in the squadron. The squadron of the squa

Crown Attorney Field briefly reviewing the squadron, the Drake being the first ship in the squadron. The score for this squadron averaged 98.7 points per man. The Mediterranean fleet came second, with the Formidable as the best ship, the average points per man being 93.5. The third cruiser squadron is third in order of merit, the Carnarvon being the best ship, and the points per man 90.8. The Atlantic fleet stands fourth, with the King Edward VII. leading, and the squadron score at 88.5 points per man.

KING OSCAR IMPROVES.

Crown Attorney Field briefly reviewed the evidence, contending that the whole of the circumstances taken to gether pointed to the guilt of the accused.

After the adjournment for luncheon Chief Justice Mulock summed up very strongly in favor of the prisoner. He particularly impressed upon the jury that there were two points they had to consider, the first being was there a murder at all, did that child who was found in the Presbyterian Church shed die there from the effects of exshed

BECAUSE IT IS THE BEST THAT CAN BE MADE.

Which Excels Anything of the Kind Ever Before Offered to the Readers of The World.

BEGAUSE

It is not dependent upon the long drawn out out work necessary in some kinds of mining before It gives the investor the promoters' profits and therefore assures a quick return of the money. profits will accrue. It is in the hands of most competent mining and business men, men who are not only responsible,

but possess the ability to put thru quick deals and make rapid returns on the investment. It is operating in the most wonderful district in the world from the standpoint of assurances of making quick fortunes It is capitalized low and the shares are offered to you at a very low price and on easy terms.

OUR POSITION

The COBALT-AMERICAN DEVELOPMENT CO., LIMITED, is an organization of substantial business and professional men of Ontario. It was organized because of a realization of the tremendous profits which may be yielded with the judicious use of capital in mining transactions NOW—an opportunity which seldom presents itself more than once in a lifetime. The organizers have themselves invested money in the undertaking to the limit of their ability. They

have offered the privilege to outside capital to come in for a limited block of the stock under very ad-In soliciting the consideration of capital, they do so from an appreciation of the fact that the limit of the company's ability to make money is only defined by the amount of capital in hand.

It is a case where money talks. It is the quick turn that counts. The man who is "mine-poor"

will relinquish a veritable bonanza for spot cash—and the "COBALT-AMERICAN" proposes to have its engineers find these bonanzas, and to have the cash to make the quick, profitable turns The "COBALT-AMERICAN" appreciates the fact that the man who displays his coundence by helping to furnish the capital for these undertakings is entitled to his full share of the profits and further the "COBALT-AMERICAN" proposes that he shall have it—and have it quick.

The "COBALT-AMERICAN" is already active and has secured some of the very best of the good things in the entire Cobalt region. The "COBALT-AMERICAN" has a very low capitalization—\$600,000, par value of the shares \$1 each,

fully paid and non-assessable-no personal liability. EVERY SHARE OF THIS STOCK IS TREASURY STOCK. There is no promotion stock—no

rake-off, but a fair deal in every respect.

This is the first offering of "COBALT-AMERICAN" at the ground-floor price of 65 cents a share. We control the small block which is offered to the public at this price. As a special inducement to readers of The World we are quoting you very low terms, 20 per cent. cash and 20 per cent. each month for four consecutive months. All we ask is that you investigate "COBALT-AMERICAN" in every detail, and you will agree, when you know fully what is behind it, that it is the cheapest stock, value considered, that it is your

privilege to purchase to-day. Send order at once, subject to investigation, and remit by Express Order or Bank Draft. Orders for send order at once, subject to investigation, and reinit by Express order of Bank Bratt. Orders for less than 100 shares not accepted.
