MR. CLARKE WALLACE RETURNS.

old Land as Well as in

Canada. Hon. N. Clarke Wallace yesterday returned from the Old Country, where he had been as a delegate to the Triennial Council of the Grand Orange Lodge, which held its meetings in Glas-

One of the features of the meeting,

One of the features of the meeting,
Mr. Wallace said, was the increased desire by the delegates for Imperial Federation. The conference was one of the most enthusiastic ever held, and the result will be to bring about an even closer union among Orangemen all over the world.

The Orangemen in the Old Land are on the eve of being engaged in a problem similar to the Manitoba school question. Hon. Mr. Balfour proposes to establish a Catholic University in Ireland, notwithstanding the fact that Trinity College, Dublin, is open for adherents of all denominations. This is creating considerable excitement, and resolutions have been passed in many lodges in opposition to the scheme, and threatening the Government that if they persevere in the attempt the whole Orange body will oppose them.

Mr. Wallace says the order is very strong in the North of Ireland, and is growing in the South. In Scotland there are 500 lodges. The lodges in London, Liverpool, Lancashire and the West Riding of Yorkshire are numerous and in a very healthy state.

The executors, Robert Kilgour and Alex. Neillson, a brother, are requested to provide for Helen Neillson, sister of the deceased, as long as she lives. Two nieces, Agnes Neillson Kennedy and Jane Neillson Jackes, receive \$10,000 each, and the remainder of the estate is divided equally among three nephews, Alexed equally among three nephews, Alexander, John and James Neillson.

NEW CURE FOR INTEMPERANCE. Talk With Dr. McTaggart of Beverley-

street on the Dyke Remedy. The World yesterday had a talk with Dr. A. McTaggart, consulting physician of the Medical Institute, 78 Beverley-street, in this city, on the merits of his method of treatment for inebriety. He holds, with the leading medical authorities, that drunkenness is a disease, and as such he has successfully treated it. "Dyke's New Vegetable Cure for Intemperance," a liquid medicine, purely vegetable, almost tasteless, and odorless, is the only restorative the Doctor adthe only restorative the Doctor ad-

is the only restorative the Doctor administers.

Dr. McTaggart explained that in July last a scientific method, highly commended by prominent authorities in Great Britain and Ireland, known as the Dyke Cure for Intemperance, had been introduced by him into London, Ont., and Toronto. Up to the present time scores of applicants for the treatment through him have been restored to health and happiness, having lost all desire for liquor.

That it is a home treatment is much in its favor, as it saves the time and expense of going to an institute to be

expense of going to an institute to be cured. With the Dyke Cure, not even an hour need be lost from a patient's daily calling while taking the remedy.

daily calling while taking the remedy.

Another favorable feature is that it can be taken without any publicity, as it can be kept from the knowledge of the nearest neighbor.

The Dyke Cure consists of a purely vegetable compound, and its principal features are that no injections of any kind are used, nor is gold or other mineral introduced into the system of the patient.

patient.

The Dyke Cure removes all tendency to dropsy, diabetes and other diseases of the kidneys arising from alcoholism.

Dr. McTaggart showed The World a number of letters attesting the success of his method of treatment, which are only a few of the testimonials in favor of the Dyke Cure from all parts of Great Britain and Ireland, as well as from London, Toronto and other places in Orterio

Here is the Way. To cure all heart and nerve troubles and that weak, weary, tired feeling, sleeplessness, nervousness, etc., do as Mrs. Thomas Glover, Chatham, Ont., did. Says Mrs. Glover: "One box of Milburn's Heart and Nerve Pills cured me. I was so bad that I feared paralysis, but am now well and strong, thanks to these wonderful pills."
