Inhabitants Receive Expert Evidence on Prospects of Further

Blairmore, N.W.T., May 12.-Frank was re-occupied to-day by order of Premier Haultain of the Northwest government, and the town, which has been completely deserted for nine days, awaiting momentary demolition, which did not come, is to-night a scene of

life and activity. Premier Haultain arrived at Frank yesterday morning to receive the report of the Commission which has been making observations for the governnent,upon which to base decision as to whether the town could be with safety opened again to occupancy. The Premier also consulted with the W.T. mem bers of the geological survey party here for the Dominion government, and as a result of the joint report the town is

Not Afraid of Slides.

The conclusion reached by experts was that slides will continue for some time, but to what extent is a matter of judgment. They might come down frequently, or there might be a big slide that would wipe out a part of the town, but it was uncertain. Premier Haultain caused a number of citizens to be stress to see the continuous c but it was uncertain. Premier Haultain caused a number of citizens to be assembled and stated that while a cerassembled and stated that while a certain danger existed of further slides occurring, there was a possibility that none of a serious character might occur. He did not feel like permanently closing the town, and if the people chose to return at their own hazard the movement would be started. Therefore he declared the town open.

Merchants Get Busy.

Merchants immediately opened their stores and prepared to entertain, and a few residents returned to their homes. It is likely more of the residents of the town will resume, but a number of the people will doubtless make their home at Blairmore for the summer. R. McConnell and R. W. Brock of the geological survey, who are here for the Dominion government, to establish Dominion government, to establish the cause of the great slide, expressed the opinion to day that whatever the cause may have been it no more than accelerated the occurrence, as in their ion the mountain would have falle in time from the great extent to which disintegration had progressed.

COURT OF GENERAL SESSIONS,

Congratulatory addresses marked the opening of the Court of the General Sessions yesterday. When Judge Winchester took his place on the bench, Crown Attorney Dewart, on behalf of the bar, took the opportunity of saying some nice things about His Honer's merited elevation, which Judge Winchester fittingly acknowledged. In addressing the Grand Jury, His Honor instructed the jurymen at length as to the duties that devolved upon them, and explained in detail the nature of the cases on the list. The Grand Jury the cases on the list. The Grand Jury is composed of William G. Blyth, agent, 634 Ontario-street, Toronto, foreman; Robert Canning, farmer, East Markham; Thomas H.
