western Provincial Governments, the winnipeg board of trade and other public bodies against the judgment. The judgment is modified, however, by the provision that the new rates instead of being permanent shall cease to be effective one year after the declaration of peace, following the present is sent war.

March 15.—The judgment the new rates instead of being permanent shall cease to be effective one year after the declaration of peace, following the present its objection an order-in-council has been passed, providing for taxation of the pudgment. When the appeal was taken against the judgment a hearing was held at the increased rates would not go into effect until March 1, on the understanding that the increased rates would not go into

When the appear was taken against the judgment a hearing was held at Ottawa. This was adjourned until March 1, on the understanding that the increased rates would not go into effect until March 15, and that the matter would meanwhile be considered. This time limit has now expired. BRITAIN HONORS MELBA. LONDON, March 14.—Madame Melba the opera singer, is made a Dame Com-mander of the Order of the British Em-

SNIDER SPENT FIVE HUNDRED DOLLARS WITHOUT RESULTS

Then Takes Tanlae and Health Is Restored-Gains Twelve Pounds.

"I have gained back twelve pounds of my lost weight, and I don't hesitate to say I believe Tanlac has saved my life," said Frank Snider, of 106 Duchess street, Toronto, recently, in one of the most remarkable statements yet published in connection with the Premier Preparation in Canada. Mr Snider is a valued employee of the Chisholm Milling Company, and has lived in Toronto for sixteen years. He is also well known in London, his for-

"I don't reckon anyone ever had orse case of stomach trouble than I d," continued Mr. Snider. "During he past five years I went down in health and lost weight, until I hardly looked like myself. During the past three years I have spent at least \$500 for treatment and medicines, but kept getting worse instead of better. Several specialists told me they could do me no good, and I was given to understand there was no hope for me. I couldn't digest anything properly, and I suffered so after meals that I could hardly stand it. I finally got so I couldn't retain anything I would eat, and for fifteen months I lived on a diet of such things as oatmeal and milk -the very lightest foods-but this also failed to help me. There was always a hurting in the pit of my stomach and pains in my sides and back around my kidneys. Sometimes I would get so dizzy while at my work that I would just pitch right over on the floor, Many a morning I have started off to work and before getting a block away would have to turn around, go back home and stay. I was off from my work the greater part of two years. Would work a few days and then be laid up for a week or two, and was so weak that I could hardly get around at all. Many night I have suffered so much pain from the gas and bloating that I had to get up out of bed and walk the floor

"Now, this is just the way I strug gled along for five years, and words cannot describe my suffering. I tried so many things without getting any relief that I became so downhearted and discouraged that I told my I guessed it was all up with me. Every-thing had failed to do me any good, and my hopes of getting any better had about all left me. One night while reading about Tanlac I told my wife to send and get a bottle, and it was the luckiest day of my life when I began taking it. The first few doses made me feet better, so I kept on taking it and improving, until now I'm feeling better than I have in ten years. My stomach don't bother me any more now, except that it is hard for me to eat enough to satisfy a big appetite. I am free from all pain now, and I haven't missed a day's work since a short time after I began taking Taniac, and I certainly do feel very grateful for what it has done for me. My wife and her sister, who lives in Kitchener, and my brother in London, are all taking Tan-ac on account of the good it has done me, and I will gladly tell anyone that I believe Tanlac is the greatest medicine n the world."

Tanlac is sold in London by Standard Drug, Limited, under the direction of a special representative, and by an established agency in every town.

Can't You Hear Them Calling-Boys?

The Soldiers of the Soil need 15,000 of you in Ontario to swell their ranks and produce food for your brother soldiers overseas. Starvation and defeat face the Allies unless more food is sent from Canada this year.

Boys, this is your grand opportunity to do your bit. You're too young to serve in the trenches, but you can do something big_ self-sacrificing—on the farm.

For 3 months' service on the farm, a Bronze Badge of Honour will be awarded. Make up your mind to win one.

Join Up! Your Country's Calling You!
