conquer the advanced stage of Grippe. These drugs are offered the public in Grip Fix, a preparation for use in the home. It has been on the market for ten years and did wonderful work during the 'flu epidemic of last year. It comes in capsule form, convenient to take and giving quick action. It relieves a cold in a night and usually breaks up an attack of grippe in 48 hours. There is nothing in Grip Fix which works injury to the system. On the contrary, it has a general toning up effect. Grip Flx is for sale at all druggists.
Get a box today and have it in the house. Prompt treatment of colds is half the battle. When asking your druggist for it be sure to get Reid's Grip Flx as there is no preparation "just as good" for colds. It sells at 35 cents per box or three boxes for \$1.00.

WINNIPEG COUNCIL TO

TAKE CASE TO HIGHEST

Winnipeg, Nov. 6.—That the provincial government will take steps at its next session to make sure that the first marshal of France honored with his presence. There has been a long-restablished custom in Germany that whenever the emperor attended the operation of the symptoms are provided the marshal's good pleasure before manifesting their approval. Joffre did not applaud until the second act, and the artists' rendition of the repulsion of the repulsion of the provincial government will take steps at its next session to make sure that the first marshal of France honored with his presence. There has been a long-restablished custom in Germany that whenever the emperor attended the marshal's good pleasure before manifesting act, and the artists' ren pugnant to Parisian civilians, that the

challenged, is the forecast at the city hall. This will mean that the city cannot win its case against the Winnipeg Electric Railway Company on increased fares on the ground that the act is ultra vires or unconstitutional. The city, however, if local courts and parliament go against it, will go to the privy council, it was declared.

On the train returning to Paris, Joffre summoned the newspaper correspondents who had accompanied him on his tour, and one of them, a financial reporter, broached the subject of the exchange. The marshal listened gravely while the expert explained to him why the dollar was worth nine francs and the pound about thirty-six, and then said:

Imitations Are Dangerous.

AN OHIO druggist writes to "The Practical Druggist," a prominent New York Drug Journal, as follows: "Please furnish formula for Castoria. All the formulas I have worked with are either ineffective or disagreeable to administer."

To this "The Practical Druggist" replies: "We do not supply formulas for proprietary articles. We couldn't if we wanted to. Your experience with imitative formulas is not surprising, but just what is to be expected. When Castoria is wanted, why not supply the genuine? If you make a substitute, it is not fair or right to label it Castoria. We can give you all sorts of laxative preparations for children, but not Castoria, and we think a mother who asks for Castoria would not feel kindly toward you if you gave her your own product under such a name."

Someone some day may try what this druggist was advised not to try, so beware. Remember that Fletcher's Castoria is safe and not an experiment.

Children Cry For

Mothers Must Use Care.

Why do we so often call your attention to imitations of Fletcher's Castoria? Because it is a baby's medicine and imitations are always dangerous, particularly imitations of a remedy for infants.

Druggists generally, the great majority, are reliable and think only of the welfare of their customers. But there is the other kind, as seen above, whose only aim is the greater profit in handling spurious goods. Again we say: beware.

Your own judgment tells you that Fletcher's Castoria having for over thirty years at great expense held up its reputation, must jealously guard it. Then, it follows that this company must use the very best of material. Must employ experts in the selection of the herbs. Must retain skilled chemists in its manufacture.

Your same good judgment must tell you that these irresponsible imitators are trading on your credulity and the reputation built up by Mr. Fletcher, during all these years, for his Castoria.

Take Two Bionin Grippe Tablets When a Cold Is Coming

Don't take chances with the smallest cold. Influenza and Grippe are in the air. Colds weaken the system and make it an easy prey for these dreaded diseases.

Thousands of boxes of Bionin Grippe Tablets were used with great success during the influenza epidemic last year. Not one person who used Bionin Grippe Tablets as a preventative took influenza.

Don't risk your health or life. At the first sign of cold take two Bionin Grippe Tablets

Almost immediately pain and aching will be relieved. If necessary, follow with one tablet

every two hours. Fever will be quickly reduced, circulation equalized, watery discharge from the eyes and nose will cease, and after three or four doses the bowels will move freely.

You can continue at work while taking Bionin Grippe Tablets. They do not cause perspiration—there is no danger of catching a fresh cold while using them.

Keep Bionin Grippe Tablets in the house. Take two when a cold is coming.
