PLAYS, PICTURES AND MUSIC

"THE GINGER GIRLS."

One of the fastest and merriest shows ever presented in burlesque appears for a week's engagement at the Star Theatre, beginning Monday matinee, featuring Ben Small, the well-known comic, who is said to be better than ever this season, in the two-act and five-scene comedy, "The day Modiste and in Alaska," written and staged by himself and George Wagner, Al Dupont, John D. Bohlman, Marion Chase, Gertrude Raiston, the prima donna soprano, and Niblo and Spencer, the extraordinary singers, dancers, and last, but not least, Mabel Lyrest, positively the liveliest Mabel Lynest, positively the liveliest soubret in her line.

"ON TRIAL" HUGE SUCCESS.

"On Trial," the gripping inclodrama that is being presented at the Alexandra Theatre this week, is meeting with enormous success. It has received the endorsation of press and public; the critics lauding it thru their papers and the public turning out to the point of capacity houses. As is well known of capacity houses. As is well known by this time, the story concerns the trial of a man charged with murder. The excellent company includes Rowland G. Edwards, W. B. Clarke, Frances McGrath, Luella Morey, Florence Moore, Russel Parker and others. Seats are now on sale for all perform-

ALBERT BROWN IN "THE BLACK FEATHER."

What promises to be a gala event of the local theatrical season is the appearance at the Grand Opera House next week of the celebrated Alber Brown in a new play especially written for him by the Canadian dramatist, W. A. Tremayne and entitled "The Black Feather." It may be safely said that no American actor who has appeared in Canada for many seasons has achieved the wide popularity which Mr. Brown won in "The White Feather." Its name was a success, legitimately earned, for the present-day stage boasts few men equally gifted in the matter of magnetism and skill. The manner which he places himself immediately en rapport with his audience recalis the triumphs of the older generation of comedians. In "The Black Feather," as in its predecessor, he plays the role of a secret agent of the British intelligence staff, who by posing as a dandy and idler circumvents the enemies of Great Britain.

AT THE GAYETY.

"The Roseland Girls," with Solly Ward, will be the attraction at the Gayety. This elaborate musical exravaganza is known to all burlesque overs as one of the leading organiations of the season. Heading the cast is that popular comedian, Solly Ward, who, as usual, will offer a new routine of mirth-creating material, with Miss Frankie Rice in a repertoire of songs, eccentric dances and impersonations of well-known stars, Jce Perry, Stella Wood, the Big Four, Minerva Emmett nn Cantor, with a large and varied scaection of premier vaudeville

"THE MASKED RIDER."

An entirely new program will be given today at the Regent, showing the feature, "The Masked Rider," with the supreme stars, Harold Lock, wood and May Allison, in the leads. The Regent Graphic, depicting latest interesting events that have happened in the old land. A splendid educational picture and incidental music by the Regent Symphony Orchestra. Today will be the only opchestra. Today will be the only opportunity of seeing this program, as owing to popular demand the Mary Pickford feature, "Hulda From Holland" will be given the first transferred to the Toronto staff and will in future be connected with the and," will be given the first showing C.M.R. depot staff at 89 West King tomorrow, Thursday, Sept. 7.

HIGH SCHOOL OF COMMERCE OPEN

MINISTER URGED CARE

Spoke of Neglect in Teaching Primary Instruction Given Pupils Duty to the Empire.

Toronto's magnificent new High School of Commerce and Finance, situated on Roxton road, was formally opened last night in the presence of a large audience by Hon. G. Howard Ferguson, acting minister of education. Many prominent citizens were on the platform, including Arthur Hewitt, president of the board of trade; F. G. Morley, secretary of the board, and Trustees Houston, Hodgson, Shaw, Huntor, Hopkins and Steele of the board of education. At the conclusion of the ceremony an inspection of the

board of education. At the conclusion of the ceremony an inspection of the building took place.

Congratulating the board of education on its latest educational institution Mr. Ferguson pointed out that a school where young people could be trained for business careers had long been a necessity in Toronto. He was certain that it would receive the support of all classes of citizens and become a great success. Speaking of educational work generally, the minister was of the opinion that there had been some neglect in teaching pupils their duty as members of the British Empire, and he urged that more care be given in fu-

members of the British Empire, and he urged that more care be given in future to instilling in the minds of boys and girls a greater sense of patriotism.

Minister Forgetful.

Apparently the minister was so engaged with his address that he forgot all about the ceremony which he was to perform and he resumed his seat without declaring the school open. He was reminded of this fact later on, and near the conclusion of the proceedings was reminded of this fact later on, and near the conclusion of the proceedings officially declared the school open.

Chairman W. Houston made a brief speech, in which he referred to the work of the education board during the past two or three years. He was certain the new school would be as successful as the technical school, and he forecasted the establishment of similar institutions all over the continent.

President Hewitt of the board of trade declared that it was high time that a school for the instruction of that a school for the instruction of pupils for commercial careers was established. He pointed out that for years opportunities had been provided to fit men for lawyers and other professions, but none for the boy who wished to become a commercial man. He urged the support of the school by all classes and pointed out that provision for scholarships had already been made.

CITY TO SELL COAL AT COST TO PEOPLE

Mayor Awaits Report of Investigation by Commissioners.

PRICE GOES UPWARD

Milkmen, Bakers and Coal Men Criticized at Board Meeting.

If Commissioners Harris and Chisholm report favorably the city is going to go into the coal business for the benefit of the public. At yesterday morning's board of control meet-ing, Mayor Church declared the trusts and combines were flourishing like "green bay trees," and made the proposal that Toronto buy 200,000 tons of coal, and retail it to the citizens at cost price. Not only at the coal dealers did the mayor direct criticism, but at the milkmen and bakers.

As off-hand information on the As off-hand information on the subject, Property Commissioner Chisholm said he was now getting the city's coal at a cost of \$6.05 per ton f.o.b. Cartage from any rail point f.o.b. Cartage from any rail point within the city must be added. He explained that the rates were regulated in Toronto. In April coal dropped 50 cents a ton, then the price jumped ten cents per month, until September, when it went up half a dollar. In May, he said, he had secured coal at as low a price of \$50. cured coal at as low a price as \$5.68. It was at his own request that Commissioner Harris was assigned work with him on the task. He be-lieved there were a number of cor-poration coal yards that might be used, and Controller Cameron said that his suggestion was the best he had heard on the subject. The mayor believed freight rates could be cui by bringing the coal over in barges, but the commissioner says dockage "Hurry along the report," concluded the mayor. "If these coal companies don't do something we'll have civic coal markets in Toronto."
